N E corner Chestnut and Fifth Streets. Philadelphia This Essence is warranted to possess, in a concentrated form, all the valuable properties of Jamaica Ginger, and will be found, on trial, an excellent Family Medicine. It is particularly recommended as a tonic, to persons recovering from fever or other diseases, a few drops imparting to the stomach a glow and vigor equal to a wine-glassful of bandy or other stimulant, without any of the debilitating effects which are sure to follow the use of liquor of any kind; and it is therefore especially serviceable to children and females To the aged it will prove a great comfort; to the dyspeptic, and those who are pre-disposed to gout r rhoumatic affections, it gives great relief; and to the instricte who wishes to reform, but whose stomach is con-stantly craving the nexious liquor, it is invaluable—giving tone to the digestive organs, and strength to resist tempta-tion; and is consequently a great agent in the cause of Asthma.

Blood Purifier. Which has gained such great Popularity wherever intro-duced, as the only specific known for the effectual cure of this painful disease. This remedy has already cured thousands of cases, comprising every seeming form of this

complaint from the inflammatory (acute) form attended with swellings and entargement of the joints, to all sports cases of from ten to twenty and thirry years' standing. Those who had for years resorted to the various celebrated springs, had tried all the liminents and external applica-tions, and been under treatment of some of the ablest physicians both in this country and Europe, and were pronounced incurable; still, after all these efforts had failed, this compound has cured them. Many who have been cripples, either hobbling upon crutches or confined to their beds for years, certify to a complete and permaneat cure by the use of this remedy.

We have not space in a newspaper advertisement to in-sert but a small portion of the accumulated evidence in its behalf. This evidence comes from sources which must inspire confidence in every mind. The conductors of high-toned public journals have published to the world its wonderful and beneficial effects upon themselves and those around them, and in some instances speak of hundreds of cures. Physicians have resorted to it, and certify that, even in extreme cases, where consultations had been held, and they had decided that there were no hopes of (Signed) HENRY COE, North St. Lynn.
