A being 8,567 Postmasters appointed during the Turkish sabre and a long Turkish musket are At the close of the fiscal year, ending on the ers across his breast, The skill which the Cir-30th June last, there were in operation within cassians use their weapons is really beyond bethe United States 6,692 mail routes. Their lief. I have seen them repeatedly fire at a piece aggregate length was 217,743 miles, and 2,583 of card lying on the ground, at full speed, without ever missing. They will pick up a piece of The annual transportation of the mails on money from the ground while executing a charge, those routes was 61,892,542 miles, and the by bending themselves round below the horse's annual cost thereof, \$4,495,968, being about belly, and after seizing the piece, suddenly throw seven cents two mills per mile. Of these, 61,- themselves back into the saddle. They form 892,542 miles of annual transportation, 12,986,- the choicest body of cavalry in the Turkish ser-705 miles are required to be performed on rail- vice, and I have watched them when charging, roads, at a cost of \$1,601,321, being about attack their opponents with a sabre in each twelve cents three mills per mile; 6,685,065 hand, managing the reins with their mouth; miles in steamboats, at a cost of \$632,368, be- they will spring out of their saddles, take aim ing about nine cents four mills per mile; 21,330,- and fire from behind their horses, then jump into 326 miles in coaches, at a cost of \$1,206,958, their saddles again, wheel round and reload being about five cents six mills per mile; and their gun as they retreat in full career. They 20,890,446 in modes not specified, at a cost of are perfect madmen in the attack, and few \$1,055,313, being about five cents per mile. | troops could withstand the utter recklessness of

************* INCIDENT OF THE METHODIST CHURCH PROPER-TY QUESTION .- One of the most interesting circumstances connected with the proceedings of the Missionary Anniversary at Wesley Chapel last night, was the address of Rev. E. W. Schon, the balance on the Auditor's books on July 1, corresponding Secretary to the Missionary Society of the Church South who announced the receipt of intelligence from the compromise Adjustment Committee in New York, presided over by Hon, Judge McLean, that when the for the service of the year ending June 30, 1853. final decision was announced, the Honorable Chairman overcome with emotion while tears This pea, which is the finest (it is now be- which was united in by every heart. Every eye lieved) ever discovered, grows on a plant from there glistened with joy, hands clenched hands, four to six feet high, and in pods three or four and pledges and protestations were then given, inches long, in clusters from four to ten in a that friendship and union of hearts in the same bunch. The pea is very small, a little under divine mission for the salvation of man and the the size of the lady or sugar pea, of a light glory of God should ever characterise both green colour when ripe. The following recom-

Meetings have been held, and proposed, in than corn, and faster. They bear very full, the town of Lynchburg, Va., and the counties and keep bearing till frost. Although so small of Franklin, Campbell, Pittsylvania and Bedthere are so many in a bunch they can be ford preparatory to a convention at Henry gathered as fast as other peas. We have seen courthouse, on Dec. 12th, to take into considerthem grow last year, dry as it was, on old land, ation the subject of building a railway from among corn, head high, and two in a hill as Lynchburg to the North Carolina line near large round as a hogshead. Their great utility Leaksville. The object is to secure the tobacco is the hay for stock, which we think will yield trade of the region above named to Lynchburg, as much again as any thing else in the shape of and probably a view to the Leaksville coal is hay. They grow finely among corn, but yield not lost sight of in a calculation of the benefits much more by themselves. They are proved to of the contemplated improvement .- Greensborg

We learn that Mr F. B. Carpenter, of New feed on them all the time. The hav is the best | York, has been commissioned by some gentlemen ever used by us for horses, cattle, sheep, or of N. Hampshire to execute a full-length porany thing else that eats hay. The leaves do trait of President Pierce, who has consented to

will remain on the stalks till frost. Last year Mr Carpenter visited our city about a year there were a very few grown in the United since, when he executed a portrait of ex-Presi-States. We heartily recommend them to the dent Fillmore, which is pronounced to be a planters every where, especially in those coun- piece of peculiar merit. - Washington Union.

A letter writer, who sends jottings forth grow on any soil we have, and made a good from Cincinnati, tells the following story as one

" A very amusing incident occurred on Walnut street the other day, illustrative of the natural instinct of one sheep to follow another, A small drove was coming up the street, and Mr Zachariah Fulmore and Mr John McCol- when they arrived opposite the Gibson House lum of Robeson county, inform us that they the foremost one made a rush to go into an have cultivated the above pea, and find it every- alley but a man suddenly coming out, somewhat frigutened the sheep and it deviating slightly from the true course, darted into a fancy lamp store, followed by the whole flock. The crowd eager to witness the sport, instantly blockaded the door, so that there was no mode of egress JENNY LIND,-A lady formerly of Charles- for the unceremonious visitors, and as said lamp store was too contracted to suit their peculiar notions, and wishing to regain their liberty as "Jenny Lind, whom I believe I have already speedily as possible, they saw no other means mentioned as living opposite to us, has a little of escape but through the window. One of son; she nurses him herself. On the doctor's re- them made a break, and leaped clear through monstrating with her, and by way of persuasion, the show-window upon the pavement, demolish assuring her that her voice would suffer-nay, Ing in its progress, glass ware, china, &c., with that she ran the risk of losing it if she persisted an ale crity truly praiseworthy. The crowd in fulfilling this maternal duty, she said-'Pent | immediately fell back from the door, and allown'importe je remplirai les devoirs d'une mere a mon ed a fee passage, but every sheep jumped through

Bosrov, Dec. 15 .- The election to fill tha vacancies in the Board of Aldermen has resulted in the selection of nearly all the democrats. This is the first time in the history of Boston that a democratic board of aldermen has been

NORTH CAROLINA RICE CROP.—The Wilmington Herald, in alluding to the rice crop, says ; We rejoice that our planters have reason to be bundantly grateful for the rich returns of their 11 200,000 laushels.

A Custous Fact .- Mr Youatt, in his book alled the "Horse," says that this noble animal will never drink hard water if he has access to of ; he will leave the most transparent water of a well for a river, although the water may be arbid, and even for the unddiest pool,

A MERMAID. - An extraordinary fish has been recently captured in the upper part of Canada, houlders and waist resemble a woman; the ower part that of a salmon. The eyes are cautiful, and its arms when touched become tiff, and the whole body appeared sensitive to mermaid.
