

NORTH-CAROLINIAN.

FAYETTEVILLE, N. C.

Saturday, August 19, 1854.

NORTH-CAROLINIAN OFFICE FOR SALE.

One of the proprietors of this establishment having determined to retire from the business, he offers for sale the entire concern, including types, furniture, two very good printing presses, and all the materials on hand. The stock is valued at about twelve thousand dollars only.

The circulation of the paper is about 1,100, and is constantly increasing. The advertising patronage is worth about \$1,500 per annum, and the office enjoys a considerable job patronage. The price of it is \$3,000, and with ordinary good management it will pay for itself in two years. A rare opportunity is offered to a man of moderate capital and suitable acquirements to obtain a very handsome living.

To any person wishing to purchase, we will take pleasure in exhibiting the contents of the office, as well as the books and accounts, in order that some idea may be formed of its receipts and disbursements necessary to carry on its operations.

Of course the establishment will not be sold to any one but a democrat, who must be every way qualified to conduct it.

If sold, possession will be given on the 1st of October next.

R. B. BRYAN, W. L. YATES, Proprietors.

The Result.

In another column will be found the vote of the different counties for Governor. As the returns are not official, many of them being collected no doubt by report, it is impossible to say at present what Mr. Bragg's majority will be. It is put down at 2,500—we think the official vote will show it to be over two thousand at least.

The Legislature will contain a democratic majority on joint ballot of 20 or 22.

All good enough.

Hon. James C. Dobbin, Secretary of the Navy, arrived at this place on Monday evening last, on a short visit to his home. He is in good health. Several of our citizens have paid their respects to him at his residence.

A public dinner has been tendered him by the citizens of Fayetteville, which he declines. Correspondence in our next.

Accident to Mr. Bragg.

The Asheville News of the 10th says: "We are pained to state that Mr. Bragg, on his return from the canvass of the western counties, when within a few miles of a village, met with an accident by which his life was placed in imminent peril. His horse became frightened and ran away, and in his efforts to stop him Mr. Bragg was thrown upon the ground and ran over by the buggy. He received some severe bruises, but was able to go on his way home."

The Raleigh Standard of the 16th, says: "Mr. Bragg, the Governor elect, passed through Hillsborough on Saturday last, 12th inst., on his way to his home in Northampton county. He was in good health."

New Goods.—We call the attention of our readers, and of country merchants particularly, to the advertisements in to-day's paper of new goods. Large stocks have been laid in by our merchants for the Fall trade, wholesale and retail, and purchasers no doubt can buy to an advantage in this market.

Steam Saw-Mill Explosion.

We regret to hear that the steam-boiler attached to the saw mill of Mr. William Verdin, at Stone Lick, Randolph county, exploded on Saturday evening last. The mill had just been stopped for the purpose of filling the saw when the explosion took place. Mr. Verdin had his arm broken, was scalded in the face, and received a severe cut on the neck; the fireman (colored man) was dangerously scalded, and a white man, laborer, received severe injuries on the head and thigh. There were six persons in the mill at the time, three escaped without injury except being knocked down by the concussion. The mill-house was torn to pieces, and portions of the boiler were thrown a distance of nearly half a mile. It seems marvellous that every one present were not instantly killed.

We understand that the loss is supposed to be about five or six thousand dollars. The mill was entirely new, and had been in operation only a few weeks.

Mission Election.—It appears that all whigs have been elected to Congress, except one, (Johnson, anti-Benton democrat). Mr. Kennet, whig, beats Hon. Thomas H. Benton by over one thousand majority. The Legislature will probably be whig, thus securing the election of a whig U. S. Senator. This result is caused by the contest between the Benton and anti-Benton parties.

In Iowa, the returns seem to indicate the election of Grimes, the whig candidate for Governor, and a whig majority in the Legislature. The result is yet doubtful.

The Washington Union speaking of the result of the elections in North Carolina, says: "Too much credit cannot be given to the democracy of this good old State, as standing up for truth and principle against such odds in the field. The democrats of North Carolina offer an example to their southern brethren by standing up to the principles of an administration that in the hour of danger and trial has stood up to them."

The "Lincoln Express" is the name of a new paper, published at Lincoln, N. C., the first number of which we have received. J. G. Schorb, Esq., is the editor and proprietor. Its politics it is democratic. Terms, \$1 per annum in advance.

We regret to learn that the Cholera has made its appearance in Elizabeth City, N. C. Five deaths have occurred in one family, and eight deaths in all. No new cases since Friday. —Norfolk Beacon, Aug. 16th.

The late Election and Free Suffrage.

The result of the recent election in this State for Governor and members of the Legislature is undoubtedly to be understood as a decision of the people in favor of Free Suffrage by legislative enactment.

The whig method, by a Convention, for extending equal rights to all free white men at the ballot box—again has the candidate of the whig party for Governor been defeated while advocating the calling of a Convention—and we now ask, does that party intend longer to oppose the adoption of this 'just measure in the only way that it ever can or will be done, viz: by legislative enactment? Will they again defeat it by manœuvring in the Legislature, and then try, as they did during the late campaign, to throw the blame upon the democratic party? Let it be remembered that the whig leaders professed great friendship for the measure before the recent election, claiming to be better free suffrage men than the democrats; now we shall see how far their actions will conform with their professions. They will have an opportunity afforded them, or at least those who have been elected to the next Legislature, of showing whether or not they were in earnest when contending that they and Gen. Dockery were the peculiar friends of free suffrage. We think the cloven foot will again show itself, as it did at the last session, and prove that they have acted hypocritically in the whole matter. We hope this may not be the case, but we have good reason to fear that it will be so.

This is the third time the voters of the Old North State have pronounced against the whig party, its leader, and its doctrines, and we cannot see how they can consistently again set themselves up in opposition to their will so emphatically expressed as it was on the third day of August.

Since it has been ascertained that the Legislature of this State will be democratic, it is amusing, if not disgusting, to hear the groans and sighs of certain whig papers at the prospect of leaving Mr. Badger at home. They have praised and glorified him so profusely that one unacquainted with their manner might suppose there was no other man in North Carolina capable of representing the State in the U. S. Senate. But we think there are several gentlemen yet within our borders who possess the ability necessary to qualify them for a seat in our national councils; but while advocating their claims, we do not intend to be guilty of endeavoring to detract from the reputation of gentlemen in the opposition ranks; and whenever whig papers assert that Mr. Badger is the only man that has ever done North Carolina any good in the Senate, we think they are paying a very poor compliment to such men as William A. Graham and others of their own party, whom they, in times past, thought proper to send to Washington. We certainly are willing to give Mr. Badger the credit of being a good representative and a high-toned gentleman, but to say that the interests of North Carolina will suffer by taking him out of the U. S. Senate, is saying too much, entirely too much. Mr. Badger has done nothing more than his duty—this he was bound to do, or forfeit all claim to respect and confidence.

Don't be uneasy, gentlemen—the democracy have been in the ascendancy nearly two years in North Carolina, and the credit and standing of the State have not depreciated in the least, but on the contrary she never was more prosperous, and it is not likely that her interests will be allowed to suffer for the want of capable and faithful men in the Senate of the United States.

ROCKFISH PRECINCT.—The democrats of Rockfish district, done their duty nobly at the late election, and they are deserving of especial praise. In 1852, Mr. Kerr the whig candidate, had a majority of 15 at that precinct; now Mr. Bragg has a majority there of 18—showing a clear democratic gain of 33. Mr. Bragg's speech at Rockfish on the 19th of May appears to have had a good effect, although our whig friends affected to believe that he was a used up man on that occasion.

By the by, we would suggest that the "cake" performance which occurred on the occasion above alluded to, be re-performed at every precinct in the county before the next election. We apprehend no harm, at least, from such occurrences.

Frank I. Wilson, Esq., late editor of the Salisbury Banner, has disposed of his interest in that establishment to Mr. John C. Cannon, who will continue the publication of the paper. Mr. Wilson done good service for the democracy during the last campaign, and we wish him much success in his retirement.

Cuba.—The N. Y. Mirror, whig paper, thus expresses its opinion about Cuba: "In this emergency we think the time has come to negotiate for Cuba. The 'pear is now ripe,' and ready to fall into somebody's lap. France and England have their hands full in the East. All the available resources of both nations will be required to nurse the 'sick man,' whose cause has become their own. The readers of the Mirror well know how strongly we have resisted the lawless attempts of the filibusters to ravage the 'Queen of the Antilles,' and to rob the crown of Spain of its richest jewel; but a successful revolution at home absolves the island from its allegiance to the mother country."

"Cuba, with all its sweet treasures, is floating pilotless and rudderless past our doors. Now is the time for the United States to stretch forth her hand and catch the priceless pearl—not by robbery, but by diplomacy. Commercially, the island will be worth to us twenty millions annually; and as the recent reciprocity treaty is the first practical step towards the annexation of Canada, it really looks as if the day were not distant when the stars and stripes shall float over and protect one grand continental Union, from Behring's Straits to the southern Isthmus."

We regret to learn that the Cholera has made its appearance in Elizabeth City, N. C. Five deaths have occurred in one family, and eight deaths in all. No new cases since Friday. —Norfolk Beacon, Aug. 16th.

NORTH CAROLINA ELECTION.

VOTE FOR GOVERNOR. We give below the official vote of the State for Bragg and Dockery, and the counties of Alamance, Catawba, Forsythe, Guilford, Yadkin, which heretofore voted with the counties from which they were respectively formed, will vote now and for the future separately.

Table with columns: 1852, 1854, Candidate Name (Alexander, Anson, Alamance, etc.), and Vote counts for 1852 and 1854.

MATERIAL FOR PAPER.—We notice in the N. Y. Tribune long accounts of printing paper being manufactured from straw, grass, wood, and willow-bark. It is said that paper made from the above materials can be furnished at a low price, caused by a scarcity of cotton-wool. We presume, however, that something should be done to cheapen the article. Everything in the newspaper line has advanced in price—materials and journeymen's wages are one-third higher at least than they were two years ago; but there is no corresponding increase in the rates of subscription and advertising. Other things advance with the times, and no fault is found, but publishers of newspapers are not expected to raise their prices one cent; if any change is made, it is expected that present prices will be reduced. This is unfair—nevertheless, it cannot be remedied. We think that any invention whereby the price of paper can be reduced will confer an advantage on newspaper publishers.

TERRIBLE FIRE IN NEW ORLEANS.—On the 5th instant a destructive conflagration occurred in the city of New Orleans. The loss is estimated at one million dollars, about two-thirds of which is insured.

The Greensboro Patriot says that a tornado swept over portions of the northern part of Guilford county a few days since, ruining the growing corn and tobacco. A barn was unroofed.

TEMPERANCE QUESTION IN ORANGE.—At the recent election the people of Orange county voted on the temperance question—those in favor of an alteration in the present liquor law voted "Reform," while those opposed to it voted "No Reform." The vote stood for Reform 413, and Reform 1162. We believe the candidates for the Legislature in that county agreed, at the beginning of the campaign, to conform their acts, if elected, to the will of the majority, that will be expressed at the ballot box. The Hillsborough Recorder, speaking of this vote, says: "The large majority given against reform has surprised us, though we have for some time been of the opinion that any measure proposing a radical reform in regard to the making and selling of spirits would receive, comparatively, but a small vote in the county. A large number of those who voted 'no reform' doubtless did so because they thought that a vote for 'reform' would be considered an approval of a prohibitory law, notwithstanding the declaration distinctly made by all the candidates that they would oppose a prohibitory law, but would go for some improvement of existing laws, if instructed by a vote of the people so to do."

The question in some other counties we believe has been decided in a different way. In Robeson we understand the majority in favor of Reform is about 100.

GOONS NEWS.—We are greatly rejoiced to learn that the untiring exertions of the President and other warm friends of the Fayetteville and Centre Plank Road have at last been crowned with success, and the route from Blue's Bridge to Little's Mills in Richmond County, 2 1/2 miles, has been put under contract. The contractor, Mr. D. A. Boyd of Richmond, will commence the work at once and push it forward rapidly to completion.

From Little's Mills to Albemarle the road will be constructed without difficulty, the work on that part of the route having been delayed to this time only on account of the want of means to fill up the gap from Blue's to Little's Mills.

We may hope then soon to be united with our good friends in Richmond, Montgomery, Stanley, and Rowan, to our mutual profit and pleasure.

NOTICE. I hereby notify all persons from harboring, employing, or trading with my wife, LOUISA GOUGE, as she has left my bed and board without any provocation whatever, as I am restrained not to be accountable for any of her debts, contracts or behavior in any way whatever. She left the 24th of June last.

Commodore John Downes died at the Charleston Navy Yard on the 11th inst. He entered the U. S. Navy about 50 years ago, and stood third on the list of post captains.

The Yellow Fever and Cholera has made its appearance in New Orleans.

DIED.

In this town, on Monday evening last, the 14th inst., Mrs. Martha D. Houston, wife of Mr. James T. Houston, aged 22 years, leaving an infant and many relatives and friends to mourn her early death. She was a worthy member of the Baptist Church, and although called upon to exchange time for eternity in the morning, she made it a happy one for herself and all that being who has promised never to forsake those who put their trust in Him.

In Robeson county, on the 15th ult., Mrs. Margaret Campbell, she was a native of Scotland, and at the time of her death was supposed to be about 90 years of age. Also, on the 2d inst., John Henry, son of Mr. John McKinnon, aged 16 years.

DEEP RIVER LAND FOR SALE. The undersigned wishes to sell one of his plantations, lying on Deep River in the county of Moore, ten miles northwest from Carthage, on the Island Ford Road. One tract containing eleven hundred acres on the south side of the River, and the other four hundred and thirty acres on the north side of the River. The subject being to dispose of one or the other of said tracts on account of the great inconvenience and danger of crossing the river daily to and from work. The lands are productive, locations healthy, water good, range excellent for any kind of stock; timber, both oak and pine, abundant. Both places have good Dwellings and necessary out houses. Either of the above named places can be bought for a fair price, and on terms as easy as could be desired. Persons wishing to secure a good farm would do well to call and examine the premises.

A RARE CHANCE. LAURINBURGH, RICHMOND CO. The undersigned desiring to change their business, offer for sale or rent the Store and stand for business they now occupy. A healthy location, an agreeable neighborhood, the Laurinburg High School, a community thickly settled by persons generally in good circumstances, the absence of competition—(Springfield being 5 miles west, and Floral College 9 miles east), the certainty of selling a large quantity of goods to the right sort of customers, are inducements hardly seldom offered. Altogether, it is one of the best stands to sell goods in this whole region of country. We will sell our stand to a responsible person on very liberal terms, and give possession at any time. Any further information can be had by addressing the undersigned as above.
