

POETICAL.

Ever speak in tones of kindness. Ever speak in tones of kindness. To the sad and weary heart, Never let an unkind answer Cause the bitter tears to start; For how many spirits broken,— Crushed beneath a world of care, Have been cheer'd by kind words spoken, Cheer'd their weary load to bear.

None the human soul can fathom, None its mysteries explore; 'Tis a wonderful creation Launched on Time's eventful shore; And while earth its wings shall trammel, Few the pages we may read, But in glory we may view it, When from mortal vesture freed.

Like an instrument of music, It is delicately string'd; Then ne'er let a note of sorrow From its tender chords be wrung; But may joy words awaken Sounds of joy, and peace, and love, Such as angel choirs are breathing In the courts of light above.

Then e'er speak in tones of kindness To the sorrow-stricken heart, And ne'er let a word or action Cause the bitter tear to start; For how many spirits broken,— Bound beneath a load of care, Have been cheer'd by kind words spoken,— Cheer'd their daily cross to bear.

THROW PHENIX TO THE DOGS. Pulemcher's Hypnotic Electric Falcine Chains, Producing instant relief from the most acute pain, and permanently curing all Neuralgic diseases, Rheumatism, painful and swollen Joints, Neuralgia of the Face, Deafness, Blisters, St. Vitus Dance, Palpitation of the Heart, periodic Headache, Pain in the Stomach, Indigestion, Dyspepsia, Uterine Pains, Paralysis, &c. &c. These chains were first introduced in the city of New York, and have since that time been the subject of a thorough trial in every hospital in the city, and applied by Drs. Valentine, Mott, Carnochan, Van Brunt and others. It was discovered that they possess strange and wonderful powers in the relief and cure of the above class of diseases, and their sale, and the success that has attended their use is unparalleled. Previous to their introduction into this country, they were used in the relief and cure of the same, and secured by patents in France, Germany, Austria, Prussia, and England; and also in the United States. —THINK CLOSE AND PONDER WELL!— The principles upon which it is claimed that the Chains produce their marvelous cures are, first—that all Nervous Diseases are attended and produced by a deficient supply of nervous fluid, and an agent that resembles closely electricity, or electro magnetism; and second—that the electric magnetic chains, by being worn over and upon the part and organ diseased, furnish to the exhausted nervous fluid which is required to produce a healthy action through the entire system. Nourishing nutrition is allowed to be taken while using the chains, and a rich and copious supply of the laws of health are required. Risk friction upon the part diseased adds much to the effects of the chains, by increasing their magnetic power.

ONE THOUSAND DOLLARS. I will give to any person who will produce me many well authenticated certificates of Cures, both from intelligent patients and scientific physicians, as have been effected by the use of Pulemcher's Electric Chains. They never fail to perform what they are advertised to do, and no person has ever been dissatisfied who has given them a trial. IN FEMALE CASES. more than one hundred permanent cures of Prolapsus Uteri have been effected within the last year by the use of these chains. By applying one end of the chain over the region of the abdomen, and the other upon the spine just above the hip, the usual severe symptoms incident to that disease are at once removed. MODE OF USE. The chain should be moistened before use with common vinegar, and then one end of the chain should be applied directly to the seat of the pain or disease, and the other end applied to the spine. BE NOT DECEIVED! The Electric Chains are not to be used in cases of Nervous Diseases if it is claimed that No Medical Agent in the world has produced so many cures in the last year as the Electric Chain. INSTANT RELIEF from the most acute pain, is produced at the moment of application much more effectively than can be produced by opium, in any of its forms. Call and obtain a pamphlet gratis. J. STEINERT, Sole Agent. S. J. Hinsdale agent at Fayetteville, N. C. November 4, 1854.
