

NORTH-CAROLINIAN.

FAYETTEVILLE, N. C.

Saturday, March 17, 1855.

We expect to attend Robeson Superior Court week after next. Our friends in that county will please be prepared to settle their indebtedness to this office.

DEMOCRATIC MEETING.—We publish to-day the proceedings of a democratic meeting held at Summerville, Harnett county. We did not have an opportunity of being present at the meeting, but understand that the best feeling prevailed, and that the party in that section is prepared to rally to the support of the democratic candidate for Congress in this District. It will be seen that the meeting recommended Clinton as the place and Tuesday of Sampson May Superior Court as the time for holding the Convention. In this we concur.

We hope our friends in Robeson will make arrangements for holding a meeting during Court week, and appoint delegates.

RAINS.—Within the past day or two we had good rains in this section, which were very much needed. The different streams throughout the country have been nearly dried up for some time past, and rains will prove an advantage to all interests.

KNOW-NOTHING NOMINATIONS.—By the Petersburg Express we learn that the know-nothing State Convention of Virginia has nominated Thos S Flournoy for Governor, Jas M H Beale for Lt. Governor, and John M Patton for Attorney General. Mr Flournoy is a whig. Messrs Beale and Patton have heretofore acted with the democratic party.

COTTON.—On Thursday we noticed an unusually large amount of Cotton in market. Ten or twelve wagon loads, or about 140 bales, were from Johnston county.

BIBLE SOCIETY.—In Summerville, on Monday evening last, a society to aid in distributing the Holy Bible, was organized in the Presbyterian church. Saml E Johnson, Esq, was elected President. The society was addressed by Wm B Wright, Jas Banks, C G Wright, Jno A Spears, Neill McKay, Esqs, and others.

The citizens of Richmond county propose to give a public dinner to the representatives in the Legislature from that section, and have appointed a committee of 16 to solicit subscriptions to defray the expense.

Public meetings have been held in Lincoln and Rutherford counties, and resolutions passed urging the necessity of building the Wilmington and Charlotte Railroad.

How is it?—The new postage law requires that all letters shall be pre-paid after the first of April next. Suppose letters are placed in the Post Office letter box without pre-payment, what will be done with them? Are they to be withheld from the mail? or will they be forwarded to their destination? Who can give us the information.

NAVAL STORES AND TIMBER.—According to the returns of the Inspectors of naval stores, lumber and timber, it appears that there was inspected at Wilmington, N. C., during the past year, 112,242 bbls. Turpentine, 34,643 bbls. Tar, 59,101 casks Spirits Turpentine, 1,613 casks Rice, 2,572 bales Cotton, 66 hds. Sugar, 34,301,569 feet Timber, 9,703,865 feet Lumber.

A writer in the Raleigh Standard recommends Gen. Chas. R. Jones, of Iredell (formerly of this place) as a democratic candidate for Congress in the 6th District. This is the District represented by Hon. Mr Puryear. A democratic Convention is proposed to be held at Winston during Forsythe's Superior Court week.

There has been a riot with the hands employed on the North-eastern Railroad. The workmen, it seems, complained that the contractors had not complied with their engagements, and a "strike" was the result. The Sheriff was resisted, when the military companies of Charleston were ordered out and captured about 40 of the rioters and confined them in jail.

C. F. & D. R. NAV. CO.—A meeting of the stockholders of the Cape Fear and Deep River Nav Company was held in Wilmington last week. In consequence of sufficient notice not having been given, Mr Rencher, who held the proxy of the State, gave notice that its acts would not be binding on the company. In order to pay off the debts of the company, a committee was appointed to obtain \$100,000 of new preferred stock, to bear 7 per cent. interest.

We learn that citizens of Wilmington took a respectable amount of the stock so authorized to be raised. The Wilmington Journal says that throughout a harmonious spirit seemed to prevail, and a renewed interest was manifested in the work, and a confidence expressed in its ultimate and speedy completion, which had not existed in that place for a length of time.

RAILROAD CONVENTION.—A meeting of the citizens of Rowan county recommended that a Convention of the friends of the Western extension of the N. C. Railroad, be held at Newton, Catawba county, on the 21st inst., for the purpose of furthering the work.

NEW HAMPSHIRE.—An Election was held in this State, on the 13th inst., for State officers and three congressmen. So far as the returns have been received, they indicate a general sweep by the Know Nothing party.

Returns have been received from 105 towns, two-thirds of the State, which show Metcalf, the know-nothing candidate for Governor, 2,817 over all others. Three (all) anti-administration members of Congress are elected. To the Legislature the know-nothings have elected 123 members, democrats 29, whigs 3.

Organization of Harnett County.

On Monday last we were present at the organization of the new County of Harnett, which took place at Summerville. There was a large number of persons present, and everything was done in a business-like and harmonious manner.

At 12 o'clock, the Justices of the Peace residing in the new county met in the Academy building and proceeded to organize. The following are the names of the Justices present: Geo. W. Pegram, Saml E. Johnson, R. C. Belden, A. J. Cameron, D. B. Cameron, Duncan McCormick, John McDonald, Jas. S. Harrington, Alex. Clark, J. L. Atkins, M. C. McKay, J. M. Senter, Nathan Douglas, J. W. McKay, Arch'd Cameron, Silas Douglas, Stephen Pierson, M. Wilder, K. Jones, Dan'l Cutts, Jos. Reardon, Henry Avera, Norman Matthews, Nathan Tart, E. Stewart, Saml Ellis, Wm. Willis, John Green, John McNeill, John Darroch, and Alex. Morrison.

The following officers were elected by the Justices: Chairman of the Court—Geo. W. Pegram. Clerk—Benjamin F. Shaw. Sheriff—James A. Johnson. Solicitor—Neill McKay, Jr. Trustee—J. L. Bethea. Register—Duncan B. McLean. Enroler—Jonathan Hawley. Coroner—Hector M. McLean. Standard Keeper—Jos. T. Reardon. Auctioneer—Arch'd McLean. Committee of Finance—John Green, A. S. McNeill, Dan'l McCormick.

Without intending the least disparagement to the unsuccessful candidates, we congratulate the citizens of Harnett on their selection of officers—all being worthy and competent gentlemen.

The Commissioners appointed to locate the Court House have selected Summerville as the place, and we understand that the name of the village is to be changed to that of Toomer. This is a handsome and deserved compliment to the venerable Judge Toomer.

The necessary steps were taken, we believe, for erecting a Court House. The act establishing the County provides that prisoners shall be confined in the Jail of Cumberland until one is appointed to Harnett.

At the first part of the week, we visited Summerville, the county seat of Harnett, and had the satisfaction of shaking hands with many old friends, and also extending our acquaintance with the citizens of that section of country. We found them a clever set of people, intelligent, enterprising and industrious. Summerville is not a large village, but contains some handsome dwellings. The Presbyterian denomination have a very neat Church edifice, known as "Tersey Church." It is handsomely painted both inside and out. The pulpit is situated between the two entrance doors, and as persons are entering the house their backs are to the pulpit, and in going out they face it. We like this plan for one reason, viz: It will prevent persons from leaving the church during service, unless they have a good cause; but if they do leave they must "face the music."

The Grave Yard is near the Church, and contains many old graves—some of the first settlers. Over one of the graves we noticed this inscription: "The grave of the stranger." Who he was and his name we did not learn—he may have been a father who died far away from his wife and little children—or he may have been an only son, whose fond mother pressed this hand for the last time when he set out for the banks of the Cape Fear—or else he was an only brother—an only relative. Whoever he was, he did not die unwept for, for we understood that the slab which marks his grave was placed there by that kind-hearted and generous man, Col. Alex. Marchison.

There are two public houses in the village—one kept by Mrs Bailey, the other by Malcom McKay, Esq, who we found an obliging landlord and clever gentleman. There are two flourishing schools in Summerville—one taught by J. C. McNair, Esq, and the other by Gen. A. D. McLean.

There is not a store or a shop of any description in the place. Not a drop of liquor for sale on the ground. There is a provision in the charter of Cumberland Academy (located at Summerville) which prohibits the sale of intoxicating liquors in the village or near it. The question was mooted in private circles whether the location of the county seat at the place would not render this restriction void. We think not, and this appeared to be the opinion of the citizens generally. Before any of the "fire water" can be sold at the county seat of Harnett, the Legislature must act on the subject.

Upwards of one hundred acres of land, mostly lying in the centre of the village, have been donated to the county of Harnett, on which a Court House and Jail are to be built, and the balance to be laid off in lots and sold, the proceeds to be applied for the benefit of the county.

During a stay of two days in Summerville, we did not see an intoxicated person on the ground, notwithstanding the gathering was large. This is a gratifying evidence of morality in that section.

"The contest between the Know Nothings and the Locofocos" [in New Hampshire] has been a warm one, and the Concord Reporter confidently predicts a Democratic defeat. We think the Observer is slightly mistaken when it says the "locofocos" (we suppose it means democrats) did elect Cameron U. S. Senator. If our recollection is not at fault, Cameron has not enjoyed the confidence of the democratic party of the State of Pennsylvania for a number of years. In 1844, with a real or supposed majority in the Legislature against him, he managed to secure his election by duping the "Natives." In the Legislature of that year the "Native American" delegates from the county of Philadelphia held the balance of power, and in order to secure their support and his election, Cameron promised to introduce a bill into the Senate to extend the naturalization laws to 21 years—a promise he never complied with, because he found that "Native American" party had declined so much that it could not be of further service to him. Simon Cameron has never been popular with the Buchanan democrats in Pennsylvania. So the Observer will see that in this instance what is "Sauce for the goose" is not "padding for the gander."

The Whigs of Gaston County recommended James A. Caldwell, Esq, as a candidate for the next Congress in that District, in opposition to Hon. B. Craige.

Great Destruction of Property.

Last week we mentioned the amount of damage done in this vicinity by fires in the woods. Since then we have received information from different sections of this and the adjoining counties, and regret to learn that the destruction of property has been great.

Between this place and Summerville, the woods were on fire the whole way, and many fences and out-houses, together with timber and turpentine boxes have been consumed. The country on the other side of Summerville has also sustained considerable damage. Farmers informed us that they had to fight fire day and night, and it was with the utmost difficulty that their dwellings were saved. On Friday, the fire swept directly through the village of Summerville, and had it not been for the fact that on that day there was a public gathering at the place, many valuable dwellings might have been consumed. The wind was very high and many trees were thrown across the different roads. On the Raleigh road the telegraph wire was thrown down and broken for miles.

In Robeson county, we understand that the loss is very great. Mr Absalom Davis' dwelling and all his out-houses were consumed, nothing was saved, not even the clothing of the family or provisions. It was with difficulty that Mrs Davis, who was sick, was rescued from the burning house. At the time the fire reached Mr Davis' premises, he was away from home assisting his neighbors, and did not reach home in time to save anything.

In Moore county several dwellings are reported to have been destroyed. As to the extent of the damage further west we have no information.

In the eastern part of the State the damage is equally as great. In Sampson and Duplin counties serious losses are reported. The Wilmington Journal says:

"A destructive fire, we regret to learn, has broken out in the woods in the upper part of this village is to be changed to that of Toomer. This is a handsome and deserved compliment to the venerable Judge Toomer. The necessary steps were taken, we believe, for erecting a Court House. The act establishing the County provides that prisoners shall be confined in the Jail of Cumberland until one is appointed to Harnett."

WATER FROM EUROPE.

The Atlantic Pacific arrived at New York on the 13th inst. from Liverpool on the 28th ult. Cotton was sold at 10 1/2, and declined one eighth. Breadstuffs advanced.

The Peace Conference will be opened in a few days. All parties profess great anxiety for peace. It is generally announced by the Allied Armies, that on the 5th of February, General Liprandi at the head of 40,000 Russians, and with seventy-four guns, attacked the Turks at Eupatoria. Omar Pasha commanded the latter. The battle lasted four hours, and the Russians were forced to retire with a loss of 500 men. Ragusa, it is reported, will resign. Lucan, has been recalled.

The British Government, owing to the severe winter, has been very great. Riots had occurred at London and Liverpool.

Messrs Gladstone, Herbert and Graham, of the British Cabinet, have resigned, and the Cabinet has been reconstructed.

Russia has declared war on Sardinia. It is so stated, but not confirmed.

Tasman is said, has joined the Western powers, but has not yet sailed.

Affairs at Sebastopol are still unchanged.

Late from Havana. American Steamer fired into by a Spanish vessel. NEW ORLEANS, March 14.—The Crescent City has arrived with Havana dates to the 8th inst. She reports that the El Dorado, from Aspinwall, had been fired at twice by the Spanish frigate Ferrolona, and compelled to stop and exhibit her papers. One shot struck in the water about twenty yards from the El Dorado's bow, and the other passed immediately over her wheelhouse.

For the Carolinian. Democratic Meeting in Harnett County. According to previous notice, a portion of the Democracy of Harnett assembled at the Court House in Summerville on Tuesday the 13th inst. On motion, J. L. Bethea, Esq., was called to the Chair, and J. A. Spears appointed Secretary.

The chairman explained the object of the meeting to be for the purpose of taking steps for the selection of a suitable democratic candidate to represent this District in the next Congress of the United States.

On motion the chairman appointed G. W. Pegram, C. H. Coffield, Stephen Pearson, Silas Douglas and Samuel E. Johnson, Esqs, a committee to draft resolutions for the occasion.

As the committee retired, Col. M. J. McNeill being called for, rose and entertained the meeting at considerable length, ably advocating the principles of the democratic party. After reviewing his course and that of his party in the last State Legislature he advocated the importance of making Wilmington the Northern terminus of Ocean Mail transportation between San Francisco and New York, clearly showing that it might and probably would be effected so soon as Wilmington shall be made a Depot for Deep River Coal. On the return of the committee, the Colonel closed amid loud and general cheering.

The committee through their chairman reported the following resolutions which were unanimously adopted:

Resolved, That we recommend a District Convention to be held at Clinton in Sampson County, on Tuesday of May Superior Court, for the selection of a suitable democratic candidate to represent this District in the next Congress of the United States.

Resolved, That we have full confidence in the great democratic party and the principles by which they have heretofore been governed, and that no candidate should be selected whose aims and policy do not strictly conform to that creed.

Resolved, That in the present Chief Magistrate of this Republic we have the embodiment of our long cherished principles, and that we congratulate the country on the very able and efficient manner in which he has executed the laws and protected the interests of the whole Union.

Resolved, That we heartily approve the policy pursued by our former representative Wm. S. Ayle who has so ably and faithfully guarded our interests in Congress.

Resolved, That the chairman of this meeting appoint two delegates from each Captain's District in the county to attend the said Convention.

In compliance with the 5th resolution of the chair appointed the following gentlemen as delegates: C. H. Coffield, G. W. Pegram, John Green, J. A. Spears, E. Stewart, B. F. Shaw, Angus Parker, Jas Turnage, Saml E Johnson, Duncan McCormick, Jr, James S Harrington, Neill McKay.

On motion, the Chairman was added to the delegation.

On motion, it was ordered that the Secretary forward a copy of these proceedings to the editors of the North Carolinian and Wilmington Journal for publication.

After a vote of thanks to the officers, the meeting adjourned. J. L. BETHEA, Ch'n. J. A. SPEARS, Sec'y.

Later from California. The steamer Illinois arrived at New York on the 12th inst., with San Francisco dates of the 16th ult., \$1,160,000 in specie on freight, and 300 passengers. She reports the safety of the ship of war Decatur, which was at Valparaiso on the 8th February.

The Illinois reports experiencing very heavy weather on her voyage, causing her to run short of coal.

No news of striking importance from California. Business generally was rather better, but there had been but little rain.

The Legislature was still balloting for a Senator. On the 50th ballot was taken on the 15th, and resulted as follows: Gwin 41; Edwards 36; Roman 15; Broderick 12; scattering 5.

The dates from Honolulu are to the 27th of Jan. Annexation negotiations had ceased by order of the King.
