THE FLOATING BALLS OR KNUCKLE WASHING MACHINE.

The subscriber having purchased the Right of the above Machine for the Counties of Cumberland and Harnett, is now ready to furnish such as may be desirous of obtaining a Right. The machine is simple. both in its structure and operations, and should any portion of it fail, can be easily and speedily repaired any person having the use of tools. I do not claim for this machine more than what it is able to perform and charges, (\$35.) with that description of labor which almost every family is able to supply, without at all interfering with the ordinary duties. In the first place a child 12 or 15 years of age can perform all the labor, after work will be much better done. Below will be found use for them. a certificate from those who have purchased and now have in use one of these machines
