THE FLOATING BALLS OR KNUCKLE
WASHING MACHINE.

The subscriber having purchased the Right of the above Machine for the Counties of Cumberland and Harnett, is now ready to furnish such as may be desirous of obtaining a Right. The machine is simple, both in its structure and operations, and should any portion of it fail, can be easily and speedily repaired by any person having the use of tools. I do not claim for this machine more than what it is able to perform with that description of labor which almost every family is able to supply, without at all interfering with the ordinary duties. In the first place a child 12 or 15 years of age can perform all the labor, after having seen it operate a few times, and if the directions are adhered to, will do as much work in one day as three or four women in the ordinary way, and the work will be much better done. Below will be found a certificate from those who have purchased and now have in use one of these machines

ISHAM BLAKE.
April 12, 1856. 93-tf

FAYETTEVILLE, N. C., April 9, 1856.

We, the undersigned, having purchased of Mr Isham Blake one of the above machines, cordially recommend it to the favor of the Public. It washes very rapidly, and the work is much better done than is usually done in the old way, and with less wear to the Clothing. It far exceeds our expectations, and has only to be seen in operation to satisfy the most skeptical of its utility and economy. We have no doubt of its being generally used wherever introduced.

We in company with several other gentlemen, saw a four dollar bill which was very dirty and much defaced, put in and washed out by this machine, removing all the dirty appearance of the bill, and leaving it perfectly legible, which shows there is little or no rubbing produced in washing fine articles.

PROSPECTUS
OF THE
SOUTHERN LITERARY MESSENGER
For the Year 1856. July to December.
TWENTY-THIRD VOLUME.

In issuing the Prospectus of the Twenty-Third Volume of the SOUTHERN LITERARY MESSENGER, commencing with the July No., the Proprietors rely solely on the encouraging letters and promises of the friends of the Messenger to aid them in extending its circulation, and they beg to assure the public that no exertions will be remitted on their part to maintain the high character of the work, and to challenge the patronage of all who value sterling literary merit. For Twenty-One Years, the Messenger has endeavored to reflect faithfully the Southern mind, while disdaining all narrow and sectional views, and has been alone among the monthly periodicals of America, in defence of the PECULIAR INSTITUTIONS OF THE SOUTHERN STATES.

To this office it will be devoted, and will be prompt to repel assaults upon the South, whether they come under the specious garb of fiction, or in the direct form of anti-slavery pamphlets. At this critical juncture, while our enemies are employing literature as their most potent weapons of attack, the Southern people will surely not withhold their encouragement from a work whose aim it shall be to strike blows in their defence.

The Messenger will, as heretofore, present its readers *with Reviews, Historical and Biographical Sketches, Novels, Tales, Travels, Essays, Poems, Critiques, and Papers on the Army, Navy and other National Subjects.*

With a view to ensure a larger circulation of the MESSENGER, the Proprietors though they intend greatly increasing the size of the work, have reduced the price of Subscription, which is now only

Three Dollars per annum, in Advance,

OR FOUR DOLLARS IF NOT PAID BEFORE THE FIRST OF JULY IN ANY YEAR.

CLUBS—Remitting us Fifteen Dollars in one letter, will be entitled to Six Copies.

The Editorial and Critical department of the Messenger will continue under the charge of

JOHN R. THOMPSON, Esq.,

And will embrace copious notes on current literature and reviews of all new American or Foreign works of general interest and value. The Editor's opinions will be always fearlessly and honestly avowed.

The Business Department is conducted by the undersigned, to whom all communications of a business nature must be addressed.

Attachment Levy on Land.

Judgment nisi for nine dollars and twenty cents and interest since the 3d January 1855, and costs.

It appearing to the satisfaction of the Court, upon affidavit filed by the plaintiffs, that the defendant Malcom Barter is not an inhabitant of this State, or so absconds or conceals himself that the ordinary process of law cannot be served on him—and William J. Brown, Constable, returned into Court at this term an attachment against the said Malcom Barter with the following endorsement to wit: "Levied on a tract of Land, containing Ninety-seven acres more or less as the property of Malcom Baxter, lying on the waters of Richland Swamp about one mile from Philadelphus Church, and joins the lands of Daniel McMillan, Mary Graham and others, on the east side of said Swamp in Robeson County October 10th day 1856. It is therefore on motion, ordered by the Court, that publication be made in the North Carolinian, a newspaper printed in the town of Fayetteville, for six weeks successively, notifying the said defendant to be and appear before the Justices of the next Court of Pleas and Quarter Sessions, to be held for the County of Robeson at the Court House in Lumberton, on the fourth Monday of February next, then and there to show cause if any he can, why judgment final shall not be entered against him and the land levied on condemned to be sold to satisfy the plaintiffs demand and costs.

NORTH CAROLINIAN
FAYETTEVILLE, N. C.

Statistics of the Year 1856.

We gather the following facts from a number of tables published in the New York Herald:

During the year just closed, 116 persons were killed and 539 wounded by 142 railroad accidents in the United States. Among the killed were 25 engineers and 28 firemen. During 1855 there were 195 killed and 629 wounded by 153 similar accidents.

There were 89 fires in the United States in 1856, which involved the loss of 183 lives. In 1855 there were only 62 fires where loss of life occurred, and the number of persons lost was but 119.

The number of fires in the United States in 1856 (where the loss of property was over $20,000 at each,) was 227, and the aggregate loss $21,158,000, against a loss of $13,049,000 at 123 fires in 1855. Add to the above the amount of property destroyed by fires, where, in each instance, the loss was less than $20,000, and the aggregate would be increased to probably $27,000,000 in 1856, and to $18,000,000 in 1855.

The number of steamboat accidents in 1856 was 29— persons killed 358, wounded 127 The number of accidents in 1855 was 27—killed 176, wounded 107.

Thirty Revolutionary soldiers died in the United States in 1856.

The Island of Cuba.

Ever since the Ostend manifesto made its appearance, the Spanish forces on the island have gradually increased, and large squadrons watch around her coasts. Cuba contains from thirty-two to thirty-five thousand square miles of the richest soil, and its products are immensely valuable The population at the close of 1855 was estimated at 1,415,462, divided according to Mr Thrasher —whose misfortunes became so much a subject of interest with his American friends—as follows:
