Inhalation in Consumption. BRONCHITIS. LARYNGITIS, and other District fully tested, and found upon trial to be the Chest and Throat, successfully treat. ease of the Chest and Throat, successfully treated by the Inhalation of Medicated Vapors and Powders, by absorption and constitutional treatment of practised at the Stuyesant Medical Institute, New International treatment of the goods they may want, can depend upon the goods they may want the goods they may want.

The unprecedented success which has attended this method of treating diseases of the Lungs and Throat has induced us to depart from our usual course, and ourselves of the columns of the press, in order to want, and as we should purchase from First bring it to the knowledge of such as may be laboring under or predisposed to such affections. The dawn of a brighter day has at length arrived for the Consumptive: the doctrine of the incurability of coasump tion having at length passed away. We have indut table proofs in our possession that Consumption is all its stages can be cured! in the first, by tubercular assorption; in the second, by the treasformations of the tubercule into chalky and calcarcous concretions. in the third by cicatrices, or scars. Those weeded to the opinions of the past may assert, that even now, consumption is incurable, such are behind the age. To all, this great truth must be apparent, viz. that the medicines inhaled in the form of vapor or Powter atrectly into the Lungs, must be much more effective than that taken into the Stomach, where the disease does not exist. The advantage of Inhalation in Consumption and Throat diseases is, that med cine in the form of Vapor is applied directly to the Lungs, where the disease exists; the stomach is thus left free to aid in restoring health, by administering to it a healthy, lifegiving food .- There is no case so hop less that Inhazation will not reach! The means, too, are brought within the reach of all, the manner of administering the Vapors being so simple that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's dressing J.
