EMBRACING EVERY THING OF PUBLIC INTEREST,

I shall, with unfaltering energy, devote myself to the interests of my native State, (North Carolina,) whose dormant resources, if developed, would render her in point of wealth, the "Empire State" of the South.

The Southern Confederacy; and Cape Fear and Deep River Advertiser, will be emphatically, in tone, what the former clause of the title denotes, and as indicated by the latter clause be a general advertising medium; and, devoted to the interest of North-Carolina, it will unceasingly and earnestly urge the improvement and development of that portion of the State which is watered by Cape Fear and Deep Rivers.

THE NORTH-CAROLINA
STATIST
AND MAGAZINE OF USEFUL INFORMATION.

The undersigned proposes to publish in the City of Raleigh, a *semi-annual* JOURNAL, of the above title, devoted exclusively to the dissemination of statisticall information.

The want of such a Journal is felt by every intelligent citizen, who desires to become at all acquainted with the resources of the State, our present condition, future prospects, &c., and by none so much as by our Legislators.

That we have no regular system of statistics, cannot be attributed to any want of material. There are large amounts of valuable and interesting information scattered through our Legislative and Executive Documents and Records, which, in their present situation, for all practical purposes, might as well be in the Chinese language. Besides what our Legislative archives contain, our newspapers often publish valuable statistical information, which is either lost, or if preserved by a very few, is so inconvenient to find when wanted, that the facts are soon forgotten. The same may be said of the Reports and Statements from time to time made by our incorporated companies and others engaged in Manufactures, Mines, Commerce, &c. To collect these various items of information, and give them to the public in a shape easy of reference and for perpetual preservation, as well as to gather from all available resources, everything bearing directly or indirectly on our wealth, prosperity and industry, is the design of the Journal now offered for public patronage.

So far as the plan for conducting the same has been matured, the pages of the STATIST will be devoted to the arrangement of such tables relating to our Population, Agriculture, Commerce, Education, Public Improvements, Manufactures, Fisheries, Mines, and Social Statistics generally, as will present their condition and our progress in each.

It is also designed to contain the Reports (condensed) of the Public Treasurer, Commissioners of the Sinking Fund, Superintendent of Common Schools, and all other State Officers and Boards; as also, Statements and Reports of the condition and progress of the various Railroad and Navigation Companies.

The STATIST will be put to press as soon as a sufficient number of responsible names are obtained to pay the expenses of publication. The numbers will contain each, not less than 150 pages closely printed matter, making a book of 300 pages, or more, to which will be added a full and complete index.

TERMS:—THREE DOLLARS PER ANNUM—ONE DOLLAR AND FIFTY CENTS, for six MONTHS; payable when the first number is ready for publication, which fact will be duly announced in the public Newspapers.

☞Those persons intending to patronize the Journal, will send their names to the undersigned without delay, as it is desirable to issue the first number as soon as possible.

Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, and often Enormous Appetite, with Dyspeptic Symptoms Hot Hands, Flushing of the body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, frequedtly Black Spots Flying before the Eyes, With Temporary Suffusion and Loss of Sight, Want of Attention, GIeat Mobility, Restlessness, with Horror of Society

Nothing is more desirable to such Patients than Solitude, and nothing they more Dread for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a Hurried Transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity and Epileptic Fits—in one of which the patient may expire. Who can say that these exercises are not frequently followed by these direful diseases—Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Sonsumption, bear ample witness to the truth of these assertions In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures wan despair
Low sullen sounds his grief beguiled."

Debility is most terrible! and has brought thousands upon thousands to untimely graves, thus blasting the ambition of many noble youths. It can be cured by the use of this INFALLIBLE REMEDY.

If you are suffering with any of the above distressing ailments, the Fluid Extract Buchu will cure you. Try it and be convinced of its efficiency. **Beware of Quack Nostrum, and Quack Doctors,** who falsely boast of abilities and references. Citizens know and avoid them, and save Long Suffering, Money, and Exposure, by sending for or calling for a bottle of this Popular and Specific Remedy.

It allays all pain and inflamation, is perfectly pleasant in its taste and odor, but immediate in its action.

SCIRRHUS BREAST CAN BE CURED!!
LET THE PUBLIC READ.

In mercy to the afflicted, and the gratitude and high opinion I entertain of Dr Moseley, as a Surgeon and Physician, I deem it my duty to mention the case of my wife, hoping at the same time that all persons similarly afflicted may be benefitted by it. In the former part of this year, my wife had several small lumps to make their appearance in her breast; they continued to increase in size, until the whole breast became a diseased mass and very painful. I procured the best medical aid in the city of Rome, and notwithstanding the earnest and faithful attention of the most skilful physicians, she continued to grow worse and worse until they gave the case up as incurable, and advised amputation. I was advised by many of my friends, to visit Dr. W. R. Moseley, of Griffin, Ga., which I did, and, astonishing as it may seem, he had her entirely cured within one month! and she is now in good health!! I would advise all who are afflicted with Scirrhus and Cancerous affections, to visit the Doctor without delay, as I am satisfied by experience and observation, that he is the most skilful physician in the Southern States, in the treatment of that horrible disease—Cancer WM. PROSPCETUS
OF THE
SOUTHERN LITERARY MESSENGER
For the Year 1856. July to December.
TWENTY-THIRD VOLUME.

In issuing the Prospectus of the Twenty-Third Volume of the SOUTHERN LITERARY MESSENGER, commencing with the July No., the Proprietors rely solely on the encouraging letters and promises of the friends of the Messenger to aid them in extending its circulation, and they beg to assure the public that no exertions will be remitted on their part to maintain the high character of the work, and to challenge the patronage of all who value sterling literary merit. For Twenty-One Years, the Messenger has endeavored to reflect faithfully the Southern mind, while disdaining all narrow and sectional views, and has been alone among the monthly periodicals of America, in defence of the PECULIAR INSTITUTIONS OF THE SOUTHERN STATES.

To this office it will be devoted, and will be prompt to repel assaults upon the South, whether they come under the specious garb of fiction, or in the direct form of anti-slavery pamphlets. At this critical juncture, while our enemies are employing literature as their most potent weapons of attack, the Southern people will surely not withhold their encouragement from a work whose aim it shall be to strike blows in their defence.

The Messenger will, as heretofe, present its readers *with Reviews, Historical and Biographical Sketches, Novels, Tales, Travels, Essays, Poems, Critiques, and Papers on the Army, Navy and other National Subjects.*

With a view to ensure a larger circulation of the MESSENGER, the Proprietors though they intend greatly increasing the size of the work, have reduced the price of Subscription, which is now only

Three Dollars per annum, in Advance,

OR FOUR DOLLARS IF NOT PAID BEFORE THE FIRST OF JULY IN ANY YEAR.

CLUBS—Remitting us Fifteen Dollars in one letter, will be entitled to Six Copies.

The Editorial and Critical department of the Messenger will continue under the charge of

JOHN R. THOMPSON, Esq.,

And will embrace copious notes on current literature and reviews of all new American or Foreign works of general interest and value. The Editor's opinions will be always fearlessly and honestly avowed.

The Business Department is conducted by the undersigned, to whom all communications of a business nature must be addressed.

Inhalation in Consumption, Bronchitis, Laryngitis, Diseases of the Chest and Throat, etc.

BRONCHITIS, LARYNGITIS, Diseases of the Chest and Throat, etc. cured by the Inhalation of Medicated Vapors, or by absorption and constitutional action, as practised at the Stuyvesant Medical Institute, New York City.

The unprecedented success which has attended the application of treating diseases of the Lungs and Throat by Inhalation, has induced us to depart from our usual custom and ourselves of the columns of the press, to bring it to the knowledge of such as may be laboring under or predisposed to such affections, that a remedy of a brighter day has at length arrived for the consumptive; the doctrine of the incurability of consumption having at length passed away. We have ample proofs in our possession that Consumption in all its stages can be cured in the first, by inducing absorption; in the second, by the transformation of the tubercule into chalky and calcareous concretions; and in the third by cicatrices, or scars. Those wedded to the opinions of the past may assert, that even now consumption is incurable, such are behind the age. To all, this great truth must be apparent, viz that the medicines inhaled in the form of vapor or reduced directly into the Lungs, must be much more effective than that taken into the Stomach, where the disease does not exist. The advantage of Inhalation in Consumption and Throat diseases is, that medicine in the form of Vapor is applied directly to the Lungs, where the disease exists; the stomach is thus left free to aid in restoring health, by administering to it a healthy digesting food.—There is no case so hopeless that Inhalation will not reach! The means, too, are brought within the reach of all, the manner of administering the Vapors being so simple that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's efforts.

The Inhalation method is soothing, safe and ready and consists in the administration of medicine in such manner, that they are conveyed into the Lungs in the form of vapor and produce their action at the seat of the disease. Its practical success is destined to revolutionize the opinions of the medical world and establish the entire curability of Consumption.

I earnestly appeal to the common sense of all afflicted with Lung diseases, to embrace at once the advantage of Inhalation, and no longer apply medicine to the unoffending stomach. I claim for Inhalation a place amongst the priceless gifts that nature and art hath given us, that "our day may be long in the land," and as the only ark of safety for the consumptive; a method not only rational, but simple and efficacious. Such of the profession that have adopted Inhalation have found it efficacious in the highest degree, arresting the progress of the disease and working wonders in many desperate cases, in verdity, a signal triumph of our art over this fell destroyer of our species.

NOTE.—Physicians wishing to make themselves acquainted with our practice, are informed that, our time being valuable, we can only reply, as to ingredients used, to such letters as contain the fee.

The fee in all cases of Pulmonary affections will be $10, on receipt of which the necessary medicines and instruments will be forwarded.

Applicants will state age, sex, married or single, how long affected, if any hereditary disease exists in the family, and the symptoms generally. Let the name, town and State be plainly written. Postage for return answer must be enclosed. Letters, when registered will be at our risk. All letters must be addressed to. WALLACE MITCHUN, M. D.
