Th Democracy of Ohio.

PLATFORM.

The Democracy of Ohio, by the!; delegates in Convention assembled, hereby affirm the platform of princratic party, at Cincinnati, on the 4th of June, 1856. RESOLVED, That the organized Territories of the United States, although not endowed with all the attributes of sovereignty, are only held in the territorial condition until they attain a sufficient number of Union as States; and therefore, are justly entitled to ulation of their domestic or local affairs, subject to attempt by Congress, or any of the States, to establish or maintain, prohibit or abolish, the relation of master and slave in a Territory, would be a departure from the original doctrine of our American institutions; and that we adhere immovably to the principle of " Noa-intervention, by Congress, with Slavery in the States and Territories," as declared in the Kansas-Nebraska bill, and openly disclaim fellowship with those, whether at the South, or the North, or the West, who counsel the abandonment, limitation or avoidance of that principle.

RESOLVED, That the suppression of the African and foreign slave trade, by the Federal Government, after the year 1807, is one of the compromises on the faith of which the Constitution was adopted, and our Union of slaveholding and non-slaveholding States were firmly established; that a revival of that trade would not only renew those cruelties which once provoked tha indignation of the civilized world, but would expose the slaveholding States to a constant terror of servile insurrection, and the non-slaveholding States of the border, like Ohio, to all the mischief and annoyance

RESOLVED. That the readiness of fugitive slaves. upon demand of the persons entitled to their service or labor, is a duty imposed on every State of the Union by the terms of the Federal compact; that the 'laws passed by Congress to secure such rendition, in 1793 and 1850, ought to be promptly and faithfully excuted; and that the leaders of the self-styled Republican party in Ohio, by a persistent disregard of the Constitution of the United States in this particular. have shown themselves unworthy the confidence of well-disposed, patriotic and peaceable citizens.

RESOLVED, That the opposition of the Republican party in Congress to the admission of Oregon, expresses fully the utter hypocrisy of their pretensions to be the peculiar friends of the free States. RESOLVED. That we affirm the absolute sovereignty ously together under the provisions of our Federal

RESOLVED, That the acquisition of the island of Cuba, is, in our opinion, eminently desirable for the safety and prosperity of our Republic, and we should that would accomplish this object. We can neve, I called on Mr. Fulton of the "Journal" this morn- consent to its appropriation by any of the powerful RESOLVED, That the Democracy of Ohio disapp ove

the lavish grants of the public domain, heretofore made by Congress to Railroad companies, and other pertions of the public lands to actual settlers on condition of a bone fide occupation and cultivation. Resolved. That the Republican party have in Massachusetts, by allowing a rightly slave from the South, the right of suffrage and office in one year, and

requiring for the same purpose of naturalized citizens a residence of two years after naturalization to seven years, attemped to degrade the foreign white man below the level of the negro and mulatio. RESOLVED, That the vigor and efficiency of the Administration, manifested in the adjustment of our difficulties with Great Britain, in regard to the right of search; in the prompt and successful redress of wrongs inflicted upon us by the government of Paraguay; the decisive suppression of the rebellion in Utah; in the enforcement of the neutrality laws; in the impartial execution of the acts of Congress for the suppression of the African slave trade, and for the rendit on of

RESOLVED. That we are opposed to conferring upon ture of African blood, the right of suffrage, or any other political right, desiring that the laws of Obio shall be made, and her destinies controlled by white men exclusively, and for the paramount interests of

RESOLVED. That we approve of the principles of the RESOLVED. That we, the delegates in this Conven-

tion, representing the Democratic party of Ohio, and State ; a conflict of the most sor owful character, disastrous and perhaps fatal to us, but certainly calculated, at all events, to bring the name of American liberty into contempt abroad.
