### A Necessity.

It is to be feared that some interest has not been felt by the Democrats in the coming election and through this a very light vote will be polled. This would weaken the party, and strengthen our enemies. It gives courage and zeal to the opposition, and disheartens the democracy. There is a high and weighty responsibility resting upon every Democrat to present himself on the day of election at the polls and do his duty as a citizen and a freeman.

In the present time, in one of our districts, which is decidedly Democratic, the opposition have been secretly advocating the election of one of their own men, and by their secret operations will run a candidate and thus carry the district under the Democratic banner, and thus carry the district under the Democratic banner, and thus carry the district under the Democratic banner.

If this is the case where the only one Democrat running, how much more necessary is it for us of the third Congressional District to be on our guard where there are two candidates! The few votes Mr. McDuffie may get will be enough to elect an opposition member, a result which no Democrat under the circumstances would or could countenance. Upon the Democrats, then as a body, it is a solemn duty to see that the Democratic ticket runs to the end and to the end, and let there be no dissension on the day of election, and let them have found out that Democrats are not divided, that they are united, one and inseparable! Let them add organization and a crush organization. Show to the world that they will not prove unworthy of the faith of their fathers! Let them show their strength by polling the largest vote ever given in the district; let them strike terror to enemies and fear to the hearts of our citizens! Let them show themselves worthy of the name of Democrats by destroying those men who seek self-aggrandizement, and who are attempting to use the misapprehension of being a Democratic candidate for the purpose of gulling the people. Let them destroy the hopes of men who would use the party as a tool to elevate themselves to a position which they think so themselves—who never have acted with the party when their own individual claims were forgotten.

### Hypocritical Blamey

We find in the *Montgomery Mail* a recent date a letter purporting to have been written by a Democrat, which denounces a passing note at our friends. In his communication this note is a man says:

"The South has gained nothing since the admission of Texas, and nothing Mr. Buchanan's Administration has done for the French King, at the battle of Puebla, and the Mexican war."

This is a base fabrication as was entered. As to the South's maintaining her honor, we are inclined to believe that it is all in her hands, and she will have little, if indeed any, honor to maintain. Such men as the author of the article are either disgraced, disappointed office seekers, or they are misled to abuse the party, which they imagine they belong to, but which is actually ashamed to acknowledge them as such.

The Pittsburgh (Pa.) Post comes out in favor of James Buchanan for the Presidency in 1860 in a long article, from which we make the following extracts:

But there is a common ground, embracing a new doctrine or doctrine, and a great and good one, which record is before the country for the last half a century, and which, when the National Democracy shall gloriously triumph over their opponents, let James Buchanan be first named by the Charleston Convention and placed upon the platform where he has ever stood—THE UNION AND THE CONSTITUTION. We have a platform and a candidate which have met all the exigencies of the past and will meet all the exigencies of the future.

The Convention re-nominates our present Chief Magistrate, and re-affirms and re-asserts the Glorious platform upon the grounds of which, with him as our candidate, we achieved our glorious victory in 1856, and in 1860 we shall achieve our glorious victory in 1860.

### The Record Continued.

We presume our readers all know, Col. M. J. McDuffie, the same identical man who is now running for Congress, was elected to serve the county of Cumberland in the Legislature of 1851 and '52. He was elected by the Democratic party, and was by that party, regarded one of the exponents of its political views in and out of the Legislature. It has been charged upon Mr. McDuffie, and the assertion has never been contradicted that whilst in Raleigh the sworn representative of his constituents will, he joined the Know Nothing party, and returned to them advocating political doctrine, altogether different from those he maintained when he was elected by them. This was bad enough; the veil of secrecy, at the time would appear to have extenuated the crime somewhat. The Col., however, seems to have forgotten himself upon one occasion.

Mr. Dabham submitted the following resolution: "Whereas, it is believed that an order commonly called 'Know Nothings' exists in the State of N. Carolina, secret in its organization, and political in its designs; be it therefore,

Resolved, That the secrecy which said order clothes its proceedings and purposes, is anti-republican and dangerous in its tendencies." The bill was read and Mr. Outlaw moved to lay it on the table. The motion was carried, Mr. McDuffie voting in the affirmative. (Ibid. House Journal, 1854 and '55, p. 281.) This is only one of the many deceptions, which this self-styled democrat has practiced upon the people. Elected to the Legislature by the Democratic party, and voting for a Know Nothing political question. Shame upon him! If he would practice such deception in the Legislature, what, upon the same principle we ask, would he do in Congress, in the event of his election. But this is preposterous to think of. We dismiss the subject, leaving it to the reader to determine whether or not Mr. McDuffie is entitled to the support of any party in existence. His own acts alone condemn him. Like many others with a Col. prefixed to his name, he too has fallen a martyr to ambition. *Requiescat in pace.*

### The Campaign

From the information which we derive from our exchanges and private reliable sources, it would appear that the contest for Congressional honors in the first, fifth, sixth and eighth districts in this State is a very warm and earnest one. In the other districts, every thing is comparatively calm and quiet, save in our own where a little wrangling and squabbling, which amounts to nothing, occasionally dispels the monotony of the times. In the first district, the gallant Henry M. Shaw, is wantonly assailed upon all hands. Treachery and artifice of all kinds is being brought to bear by his opponents in order to defeat him, but from present indications, we are inclined to believe he will come off victorious on Thursday next. At all events, we sincerely hope such may be the case. Williams in the fifth district is fairly making the foundation of Know-Nothingism quack and the grand moguls and charypters thereof tremble like an aspen leaf. The indomitable Maurice Q., is traversing the district with zeal and courage, traits of his which we really commend. The exposition of Mr. Gilmer's course in Congress by his opponents will we think ensure his defeat at the election of Stephen E. Williams. So note it, be.

In the sixth district, Hon. A. M. Seales will be beyond doubt defeat his competitor, the *laqueus* Leach. The people of that district know and appreciate his talents too well not to return him to Congress. His election we regard as certain, newspaper quibbling to the contrary notwithstanding.

We cannot say much for the Mountain District. The result, is we fear uncertain; Coleman has made a good impression wherever he has been. Vance, his opponent, is personally popular (he is so on politics we can't tell whether his political views are popular or not) and his friends are awful tricksters. Some gross misrepresentations have been circulated in this district about Mr. Coleman's political and private character.

Whatever may be the opinion of others we feel assured that North Carolina will send as many Democratic representatives to Congress as she did last year, and it is not at all improbable the whole delegation will be Democratic. Would that facts would establish our belief!

### Tell The People

That McDuffie opposes the whole North Carolina delegation in Congress!

That he has never spoken a word for Democracy in his whole campaign!

That he opposed one of North Carolina's greatest sons—Jas. C. Dobson!

That he now opposes the best representative this District has ever had!

That he brings charges against Mr Winslow that he had to swallow in Wilmington when Mr Winslow met him!

That he has abused the Democratic party and reviled the K. N.'s whilst one of them!

That his sole aim is to elect *Mulom James McDuffie, Esq.*, to Congress, regardless of all other parties!

That he told a friend in Fayetteville that "he was with him in opposing a Convention," because it would give him an opportunity which a Convention never would—an opportunity to run for Congress!

That he has never been anything but a disorganizer, and has always worked against the best interests of his own side, with no view to the interests of the people!

TELL THE PEOPLE—That if they do not vote for Winslow, there is danger, great danger of a division, one that can not be healed—one from which the party is not likely to recover for years!

ANOTHER MISTAKE!—If the reader will peruse the communication of Mr. Wm. A. Allen, a sterling democrat of the right stripe, which we publish in another column of to-day's issue, and not conclude that Col. McDuffie is the most liable man to fall into error he has ever seen, we will be greatly deceived. We need only call attention to the communication; the author shows Mr. McDuffie in his true light.

It is only for us to proffer a bit of advice in a spirit of kindness and sincerity, with all due deference to the wisdom of the gentleman to whom we seek to give it. Do not make a statement until you are convinced of its truthfulness and above all, never make an assertion which can be proven to be incorrect.

### FAYETTEVILLE GAS COMPANY.

By reference to our advertising columns, it will be seen that the contractors, Messrs. Jones, W. C. Jones, will commence laying the pipes on the 15th of August next. The mass of the pipes have been received; the balance have been shipped and will arrive soon.

Hon. Warren Winslow, will address his fellow citizens at Elizabethtown on Monday evening next, at 3 o'clock.
