THE ABOLITIONISTS WORTH AND TURNER. We learn from a friend that the abolitionist Daniel Worth, whose arrest we noticed in our last, was trie tin Greensborough before Justices Haitt; Lindsay, and Adams. The clearest and most abundant proof was produced, showing that he had wilfully and knowingly propagated abolition and incendiary sentiments. He failed to give the amount of bail required, and was committed to Greensborough jail, where he now is.

Worth is a native of Guilford, and had resided for some thirty since, in Indiana. He professes to be a Minister of the Wesleyan persuasion of Methodists. He is about sixty-five years of age, six feet four inches in height, and weighs 275 pounds. He is aid to be a "man of sense and shrewdness, and

calculated to do great mischief," The jail is said to be well guarded at night. This is proper, and indeed necessary, for he has followers, who might, if the jail were not guarded, at-

tempt to rescue him. We learn that another abolitionist of the name of Turner-and old man-was arrested and tried in Greensborough on Tuesday last. It was proved that he had sold and circulated Helper's book. He gave bond in \$5,000 to appear and answer at the next term of the Saperior Court of Guilford County. Raleigh Standard.

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1855.

Dr. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Bilious Disorders and Liver Complaints.

Department of the Interior, Washington, D. C., 7 Feb., 1856.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the lest cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldem found a case of bilious disease so obstinate that if did not readily yield to them.

Dr. Aver: Your Fills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for mouths. Went all to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cared her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it last, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and hourst, will be prized here. GEO. J. GRIFFIN, P. stmaster.

and for the relief of consumptive patients in advanced stages of the disease.

We need not epeak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wenderful are of pulmonary complaints have made it already known.

The work without some personal experience of its effects; and fower yet the communities any where which have effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curevels, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful stabilty of tung digreters, and as sleey know too the virtues of this remedy, we need not do more than assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

CIRCULAR TO THE SICK. The first hospital surgeons and medical publicists of Europe admit the unparalleled anti-inflamatory and healing properties of this Ointment; governments sanction its use in their naval and military services ; and the masses in this country and throughout the world repose the atmost confinence in its curative proprieties. It penetrates the sources of inflamation and corruption which underlie external evidences of

diseases, and neutralize the fiery elements which feed and exasperate the metady. RHEUMATISM, SCROFULA, ERYSIPELAS These are among the most terrible and agonizing
