apoind remoly, in which we have labored to produce the most off stual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other sub-timers of still great a alterative power as to a ford an effective antidate for the discuss Sacaparilla is reput d to cure. It is b li well that such a remaly is wanted by those who sufer from Strumous complaines, and that one which will accomplish their cure must prove of mummas service to this large class of our of the their fallow-citizens. How completely this compound will do it has been proven by exper-

of the following complaints: -SCRUFULA AND SCROFULOUS COMPLAINTS, LEUPTIONS AND ERUPTIVE DISEASES, ULCERS, PINELES, BLOTCHES, TOMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-PLCTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGEA OR THE DOUBOUREUX, DEBILITY, DYSon St. Anthony's Fire, and indeed the whole class of exaplaints arising from Lapurity or

This compound will be found a great promoter of hearth, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes ean, by the aid of this remedy, spare themselves from the endurance of fool eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities Larsting through the skin in pimples, cruptions, or sores; change it when you find it is obstructed and sluggish in the voins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is feit, people enjoy better health, and live longer, for cleansing the blood. Keep the blog ! healthy, and all is well; but with this pubulum of life disordered, there can be no lasting houlth. Soon r or later something must go wrong, and the great machinery of life is the all red or overthrown.

Sar apacilla has, and deserves much, the reputation of accomplishing these ends. But the would have been egregiously deceived by preparations of it, partly because the drug done has not all the virtue that is claimed for it, but more because many preparations, protein larg to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or may than; else.

Daing and years the public have been misled by large bordes, pretending to give a quart of Latract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become rynonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the manne from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the disenses it is intended to cury. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
