JOS. E. ROBINSON.

EDITOR AND PROPRIETOR. the day and hour.

GOLDSBORO, N. C., APRIL 25, 1894. FOR FARMERS TO PONDER.

some census figures that are infarmers everywhere.

These figures appear in one of vestige of cotton values.' Mr. Porter's monographs, free for partisan purposes, and can be reasonably accepted as fairly ac-Press cannot allow the occasion to pass by without wailing over the fate of the farmer and without claiming that the Wilson bill has reduced farm values a third and a half what they were when the census was taken.

There was no Wilson bill in 1884 when wheat commanded

poor by substituting a 40 per to strike cent, scale. The Easton Free right, but when it assures the Northampton farmers that wheat and woolens cannot be too heavily protected it has given the subject no thoughtful consideration.

Wheat has never topped the \$1.25 market in ten years and no industry suffers more than the woolen goods industry to-day for is a tax on the farmer and the workingman. The manufacturer farmer knows that much by does not.

copper is one and one-quarter cents a pound and the Wilson bill puts copper on the free list. There was a vigorous copper trust wail when this was done, but marked developments lately proved this course to have been justifiable. The Lake Superor copper producers, protected by the heavy tax against the foreign article, are now selling copper in the home market at nine and onehalf cents a pound and in the foreign market at a cut figure which gives an advantage of seven per cent. The benefit of for the lifting of the duty.

## AN EXPLODED FALLACY.

The press has frequently ex posed the fallacy of the assertion that the price of farm values in this country has varied directly with the price of silver.

The relative prices of silver and farm products is traced over a long series of years, and the figures, taken from the records, show how utterly absurd is the State have little faith in a strike statement that the price of farm products and stock is regulated by the price of silver.

fact that from 1864, when cotton and could shut down for a time treated as vagrants. was selling in New York for 80 without serious detriment to cents in gold a pound, it fell their business. They would cease divisions now in the field in the bing is done at night clean sand steadily from this high war level operation rather than listen to a West are: until 1878, when the quantity produced first exceeded the antebellum maximum, and the price again reached the level of 1860, just as we learn from this examination that in 1873the price of cotation that in 1873

The Argus. of cotton between 1879 and 1890 often moved in the direction op. Commissioners of the District of posite to that taken by silver and was affected only by supply and demand. Then he continues:

issues wherein the people's rights are at stake. Progressive, abreast of the great crop was immediately following proclamation: age, we shall always endeavor to keep lowed by one of 9,000,000 bales, our editorial and local columns up to or 25 per cent in excess of the crop of 1889. The crops of 1890 1890 there was 4,564,641 farms clined more than 25 per cent, marked down on the records, an then the subsequent fall of 30
