Entered at the Post Office at Goldsboro, N. C., as Second-Class Matter.

GOLDSBORO, N. C., DEC. 1895.

THE NEW STATE.

The President of the United States will soon issue a proclamation announcing the result of the election in Utah. The date of the proclamation will be the birthday of the new State, which will then be declared admitted by Congress into the Union. The Utah commission has yet to certify to the President an official report of the balloting, and before declaring the result the President must ascertain that all the provisions of the act for the admission of States have been complied with. An additional star to the flag for the new State of Utah will be placed in "Old Glory" on July 4, 1896. The law provides that such additions shall take effect on the 4th day of July next succeeding the admission of a State. Orders have been issued by the Secretary of War to the contractors who make flags for the army to put forty-five stars in all bunting hereafter. They are not to be used, however, until the celebration of the anniversary of American Independence. According to the general understanding, Utah will send a Gentile and a Mormon to the United States Senate as Republican representatives. This would have been the case had the result been favorable to the Democrats. The leaders of both parties determined upon the sectarian division before the election.

THE first day's session of the new House of Representatives was chiefly devoted to organization and the drawing of the seats. The nominees of the Republican caucus were elected by the large party majority, and with Thos. B. Reed for Speaker and the Reed rules of the Fifty-first Congress to govern the House it will be the fault of the Republicans themselves if they do not run things as they please. Speaker Reed's speech upon assuming the chair had the merit of brevity, but outlined in advance no policy for himself or his party. Beyond the usual promise of an impartial discharge of his duties, and the usual request for the cordial co-operation of the members of the House, it contained no sentence or word at which political opponents could take offense or over which partisan friends could grow enthusiastic. The organization of yesterday included only the principal officers of the House. A State committee will parcel out the Assistant Doorkeepers, pasters and folders, pages and other subordinate officers, and it may be taken for granted that until the army of applicants know their fate Congressmen will get little sleep or rest of any kind. The President's message was delivered Tuesday.

THE annual report of General Flagler, the Chief Ordnance Officer of the army, recommends that better arms be provided for the militia of the States. He points out that many of the States are supplied with obsolete and worthless arms, which would be of very little practical use in case of trouble. The existing appropriations are totally inadequate for providing proper arms and equipments for the State troops; hence General Flagler recommends that the War Department be authorized to receive the obsolete arms from the States, and issue in return serviceable Springfield rifles of 45 caliber.

MINT Director Preston's report proves one thing at least, and that is the falsity of the statement so often made by cheap silver orators and newspapers to the effect that one half of the money has been destroyed by the establishment of the gold standard in the leading nations of the world. Mr. Preston's figures place the stock of silver coin in the world at \$4,070,500,000, and the stock of gold at \$4,860,800,000. There is less than one half of one per cent more gold than silver in circulation.

The division of the clock dial into 60 minutes is said to have originated in the ancient city of Babylon.

Fatal Foot Ball.
Eureka, Kan., Nov. 29.—In a foot ball game here yesterday afternoon between the Young Men's Christian Association 11 of Springfield and the local team, William McGerron, of the visitors, is likely to die. His home is in Chicago and he is private secretary to the State Treasurer. He went down in a scrimmage and the two elevens fell upon him. When they arose McGerron was unconscious. The attending physician fears he is suffering from concussion of the brain.

The British steamer Cromwell yesterday sailed from Galveston for New Orleans, after having remained there sixteen days in a vain hope of securing a cargo. Owing to the extreme shortness of the cotton crop she was forced to go light to New Orleans.

Protection for Christians.
New York, Dec. 2.—The Duke of Westminster, according to a letter just received by the Armenian Relief Association, says: "No settlement of the Armenian question which does not forever place beyond the reach of their oppressors the remnants of the persecuted Christians in Turkey. This can be best done by adequate and effective European control."

The Duke has written to the Russian, French, Austrian, German and Italian Ambassadors in London, begging them to ask their respective governments to co-operate with England. The Duke of Westminster expresses the hope that the Armenian Association will not fail to represent to President Cleveland the ardent desire of all who are working for the Armenians, that the United States Government will not only seek to protect its own subjects, but also those who have been educated and trained for useful occupations in the schools and colleges of American missions in Turkey.

Cramps Want the Contract.

Henry W. Cramp, of the great ship building firm, returned from New York last night and confirmed the statement from Washington that the William Cramp and Sons Company had submitted a bid to the Navy Department agreeing to furnish three battleships of the type of the Indiana for the sum of \$8,000,000. Mr. Cramp said that the battleships were to be constructed according to plans and specifications, and the Philadelphia firm agrees to furnish the armor for two of the war vessels giving the third without armor to the government.

"Yes," he continued, "the bids were opened at the Navy Department at noon Saturday. The other bidders were the Newport News Company and the Union Iron Works of San Francisco. We propose that the boats shall be of 10,000 tons displacement, which is materially larger than the battleship Indiana. In fact, the published reports of our bids submitted to the Navy Department are true."

When Mr. Cramp was asked why his firm had made the liberal proposition to build three battleships for the United States Government at the maximum cost fixed by Congress for two battleships he replied with a smile: "We simply make it interesting for the Navy Department, and besides we want Philadelphia to get the contract. If we have any further reasons we will present the same to the Navy Department."

Mr. Cramp said the bids are now in the hands of Engineer-in-Chief Melville and Naval Constructor Hitchborn. When the contracts will be awarded he could not say.

Persons calling for above letters will please say so and give their name. The regulations require that must be paid on all advertised letters.

GLEANNINGS.

Items of Interest Clipped From our State Exchanges.

Scotland Neck Democrat: Mrs. Simpson, wife of Rev. Jas. P. Simpson, of Enfield, died at her home there Wednesday night Nov. 27th.

A. S. Archer, one of the oldest and best known citizens of Petersburg, Va., died at his residence last night. He was born January 10th, 1812, and had been a merchant in Petersburg for more than twenty years.

Greenville Reflector: The December term of Pitt Superior Court convened this morning with his Honor, Judge J. D. McIver presiding. Being a term for the trial of civil cases only, the calendar as published was taken up.

Wilmington Messenger: It is a sad duty to chronicle the death of Mrs. Kate Woolvin, the beloved wife of our esteemed citizen, Mr. James W. Woolvin. After an illness of several weeks, she passed away Sunday afternoon at 5 o'clock at her husband's residence.

Louisburg Times: Mr. A. T. Gee, of this township, died at his home last Sunday morning at 5 o'clock, aged 45 years. His death was unexpected although he had not been very well for several days. Mr. Gee had but recently returned to this county from Louisiana where he lived for many years.

Chatham Record: From all reports Chatham will have an abundance of pork this winter, and nearly every farmer will have enough to do him, and many will sell a good deal. As a general thing the hogs in this county are larger and fatter than they used to be on account of the improved breed.

Salisbury World: The World contained an account yesterday of the shooting of a man named Steelman, at Lenoir, by S. E. Newland, a former conductor on the Western, who is well-known here. The wound proved fatal to Steelman and Newland immediately left town. He has not yet been apprehended.

Wilmington Star: Col. M. K. Murchison arrived here Sunday night on his way to the Orton plantation. He is accompanied by Mr. Samuel Hopkins, of the well known firm of Hopkins, Dwight & Co., of New York city. Game is said to be very abundant this season at Orton, and the Colonel and his friend will doubtless find fine sport during their stay, hunting and fishing.

Morehead City Evangelist: Capt. Walter Guthrie and Walter Willis caught \$600 worth of fine trout fish at one haul of the net, one day last week. These fish were sold to one of our enterprising firms, Watson, Daniels and Wallace. Mr. Wallace of the firm, reports that he bought and shipped about 1,200 gallons of oysters last week and expects to ship 2,000 gallons this week.

Newbern Journal: The applications of Jos. L. Hahn, R. P. Williams and other tax payers for an injunction against the Commissioners of Craven county to prevent their collecting the special tax for keeping up the free ferries known as Streets and Nelson's was argued on both sides and the Judge took the papers but has not rendered his decision.

Raleigh News and Observer: There were twelve accessions to the Central Methodist Church at Sunday morning's services, making in all forty during the quiet week. In the afternoon, there was a meeting of the Quarterly Conference, at which resolutions were unanimously passed asking the Presiding Elder to use his influence toward having the present incumbent, Rev. Dr. Tuttle, returned next year.

Washington Progress: There is no probability of the civil issue docket being reached at this term of the court from all indications now. The criminal docket has not been disposed of, and the grand jury will not be discharged in a few days. They have the Bonner murder case before them, and there are a number of other bills before them to be acted upon. The criminal docket has been the largest for years.

THE famous Gorton's Minstrels—the finest that travel and prime favorites in Goldsboro, are dated for the Messenger Opera House for the 13th of this month.

\$500 REWARD! The W. & W. Railroad company will pay five hundred dollars reward for information which will lead to the arrest and conviction of the party or parties who attempted to wreck train No. 40 on the night of Nov. 29th, near Neuse river, by tampering with the track.

\$50.00 Reward! The Board of County Commissioners of Wayne county will pay fifty dollars reward for information that will lead to the arrest and conviction of the party or parties who attempted to wreck train No. 40 on the night of Nov. 29th, near Neuse river, by tampering with the track.

Highest of all in Leavening Power—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paragon, Beaman's Drops, Godfrey's Cordial, many so-called soothing syrups and most remedies for children are composed of opium or morphia?

Do You Know that opium and morphia are stupefying narcotic poisons?

Do You Know that in most countries—beggars are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Castoria* is on every wrapper.

Children Cry for Pitcher's Castoria.

An Opportunity Never Offered Before!

We have a few fine suits of clothes that we are now offering for about one-half of their real value. Don't miss this chance, for you will never have another like it. Come and see what we have, it will cost you nothing to look. We have a few

DRESS PATTERNS

Left worth \$1 per yard, we are now selling at 50 cents per yard. Come quick and get a dress at half price. We have a very large and complete line of

GOOD SHOES

Which we bought before the advance and we are going to sell them at the very lowest possible margin. Come and see our shoes and prices and you WILL NOT REGRET IT.

BIZELL BROS. & CO.

Stone front corner store; opposite Hotel Kennon.

Dress Goods. Marked Down

New Stamped Linens and Embroidery Silks. Wash Silks 3 skeins 10c.

M. E. Castex & Co.

Giving Away Money.

Yes; Giving Away Money

Is just what a good many people in Goldsboro are doing. Suppose you go on the street and give a man a dollar. For this dollar you get absolutely nothing in return. On the other hand, suppose you go into a store, pay five dollars for goods, when you can go to another store and purchase for four dollars identical the same quantity of goods, and goods of the best quality, too, are you not giving a dollar to the man in the store, just as you gave a dollar to the man on the street?

We cordially invite you to come to our store, try our goods, compare prices with the prices you have been paying, and find out if you have been giving away money. The great grocery houses of New York, Philadelphia, Baltimore and other cities are constantly soliciting our trade, and stand ready to fill our orders for all that is good to eat. These immense store-houses are filled to overflowing with the best from every land and climate, and from them we are daily replenishing our stock.

We have just received an abundant supply of raisins, citron, currants, figs, apples, oranges, minced meat, pumpkin-pudding, buckwheat, flap-jack flour, and many other delicacies and nick-nacks.

For the table our "Vermont Country" Butter and "Flag Marsh" will please your palate and your purse, goods costing but at 20 cents.

One of the attractions at the Atlantic Exposition is the exhibit of the New Orleans Coffee Company. If you go to the exposition, call and try a cup of the celebrated coffee. We are the agents at Goldsboro and invite a trial.

Our aim is to do a large business, and make a small profit on each article. Our customers get the benefit. We keep a complete grocery store, and back up with our guarantee what we sell.

Bizzell Bros & Co

LEADING GROCERS

How do you like them?

We mean our Holiday Goods. If you haven't seen them, you should not rest until you have made your way to our store and taken a look. Then you will know where to buy. Come at once to the

Will They Knock At Your Door?

Did you ever think how many changes are taking place around you every day? The world is making history to-day just as it has done for six thousand years. Each man lives in a little world of his own. Matters of trifling appearance to others are of great importance to him. The 4th of March, 1893 is a memorable day to Grover Cleveland, because he was inaugurated President of the United States on that day. But the 4th of March is just as memorable to the poor widow who that day received from the Home Life Insurance Company of New York, two thousand dollars which cleared away the debts on the little home for which the husband and father had toiled so long, and left besides more than a thousand dollars for protection of wife and children.

It makes no difference what your financial condition is today, the future will bring many changes. No man knows at whose door they will knock. Some of the most successful business men say that life insurance is the best investment for the day of emergency. The Home Life is one of the strongest and best companies and offers all that is good in life insurance.

Full information will be cheerfully furnished on application to A. C. Davis, General Agent for North Carolina, Goldsboro, N. C.

WATCHEs
