GOLDSBORO, N. C., APRIL 15 1897

FATAL TRAIN WRECK

THREE PERSONS KILLED AND SIX BADLY HURT

In a Collision Thirteen Miles From Charlotte—One of the Unfortunate Victims Scalded For an Hour and a Half.

Charlotte, N. C., April 12.—The north-bound Florida special on the Southern Railway No. 36 and local south-bound passenger train No. 11 collided at 11:15 o'clock yesterday morning at Harrisburg, a small town about thirteen miles north of this city, killing three persons and wounding six.

The dead are:
T. Clingman Benton, of Charlotte, aged 35, postal clerk on No. 11, Titus Eudy, of Forest Hill, Concord; Will Donaldson, fireman on No. 36.

The following are the seriously injured:

W. Tunstall, of Danville, engineer of No. 36, badly scalded about the head, arms and face; J. C. Kinney, of Thomasville, engineer of No. 11, scalded about chest, back, arms and neck; will die; James Lovell, conductor of No. 11, cut on the face; Fitzhugh Lee, colored porter on No. 11, legs hurt; William S. Clemens, of East Durham, N. C., slightly hurt; E. E. Gallagher, express messenger, hurt about the head and arm, also badly bruised.

The north-bound special was late in leaving Charlotte, but was given the right of way, its orders being to pass the local train at Harrisburg, where there is a siding. No. 11 had slowed up preparatory to taking the siding and was but a hundred yards from the north end of the switch when the express, running at forty-five miles an hour, rushed into it. The two engines came together with a terrific crash, which resembled a sharp crack of thunder. Just previous to the collision Engineer Tunstall applied the air brake and jumped. Many of the passengers on No. 36 were thrown from the seats, but none of them were hurt. The two express cars on the north-bound train were shattered into thousands of pieces, and soon after the accident the postal car of the local caught fire, but by the use of chemicals the flames were extinguished.

Postal Clerk Benton suffered a horrible death. His legs were pinned so close to the boiler of one of the engines that he was being burned by the heat and steam. He begged piteously to his rescuers to cut off his legs and extricate him. Although every effort was made to release the sufferer, it was an hour and a half before he was taken out. He lived but fifteen minutes longer. Fireman Donaldson and Titus Eudy were found in the wreck alive, but so badly scalded that he is not expected to live. The wounded are being cared for in this city.

The spring remedy that is better than all others is

Paine's Celery Compound

Thousands have been cured by it. Physicians use—recommend it. It

Will Make You Well!

Try a bottle.

J. H. HILL & SON,

Dunn Union: We learn that the recent cold snap did not kill all the fruit. It damaged truck and gardens to some extent. The amount of guano which will be sold here this Spring will exceed that of last season by a good many tons. The farmers still continue to haul it away in large quantities.—Deputy Marshal J. H. Ballance captured a mule and wagon and two barrels and two legs without stamps on them this morning about 4 o'clock. A Mr. Register was driving and he arrested him.

FIFTY DOLLARS a week easily made. Agents wanted in every locality for Hon. W. Bryan's great and only book "The First Battle of the West" which is now being sold in many of our stores. Agents are taking as many as 500 orders per week. Beware of fraudulent imitations. Send for your copy at once. W. B. CONKEY COMPANY, Publishers, 541 Dearborn Street, Chicago.

PROFESSOR J. M. MUNYON.

Munyon's Medical Institution, 1505 Arch St. Philadelphia, Pa., is the best one of its kind in the world. It employs a large staff of skilled specialists to diagnose the cases not only of people applying personally for treatment, but those of all parts of the country who send in personal letters asking the best methods of being cured of various diseases. Thousands of these letters are received every week, and a staff of from ten to fifteen doctors are daily employed in dictating replies through the medium of as many stenographers. These letters are received in the strictest confidence and promptly answered with the best medical advice obtainable. No effort will be spared to see that each case is thoroughly diagnosed and the proper remedies to effect a cure are prescribed.

For these services no fee is expected. Prof. Munyon puts up a separate cure for each disease. At all druggists, mostly 25 cents a vial.

Personal letters to Prof. Munyon, 1505 Arch street, Philadelphia, Pa., answered with free medical advice for any disease.

THE SNOW HILL RAILROAD.
There was quite an imposing attendance at the Citizens' meeting Tuesday night to discuss the proposed Snow Hill Railroad.

Hon. C. B. Aycock presided and Capt. T. H. Bain acted as secretary.

The delegation from Snow Hill consisted of Messrs. J. D. Grimsley, Geo. W. Sugg and W. James Jordan, and C. D. Sauls and J. H. Harper, two representative and influential colored men of that town.

Messrs. Sugg and Grimsley presented their claims in earnest and stirring words, and encouraging talks were made in advocacy of the road coming to Goldsboro by a number of our citizens.

A committee of twelve was appointed to canvass the city and report to an adjourned meeting next Tuesday night.

Cotton.

With careful rotation of crops and liberal fertilizations, cotton lands will improve. The application of a proper fertilizer containing sufficient Potash often makes the difference between a profitable crop and failure. Use fertilizers containing not less than 3 to 4% Actual Potash.

Kainit is a complete specific against "Rust."

All about Potash—the results of its use by actual experiment on the best farms in the United States—sold in a little book which we publish and will gladly mail free to any farmer in America who will write for it.

GERMAN KALI WORKS, at Nassau St., New York.

Scotland Neck Community: The Patron and Gleace recently said: "Isham Jenkins, colored, died at his home in Rich Square on March 19, aged 106 years. His age is vouched for by reliable persons who have a record of him many years. He could converse intelligently about the war of 1812, he being a grown man at the breaking out of the war."

—One day last week, while Miss Eliza Heptinstall, who lives near Crowells, was in the field looking after her hands, some persons entered her house and stole a watch, \$10 in gold and some other money. They also robbed the safe of all the cooked victuals. Two tramps were seen passing not long afterwards, but the money and other things were not missed until night.

Itch on human, mangle on horses, dogs and all stock, cured in 30 minutes by Woolford's Scalying Lotion. This never fails. Sold by M. E. Robinson & Co. druggists, Goldsboro, N. C.

A CLEAR HEAD;

WILL HE CONVERT WATSON. The Georgian's Political Manager Turns Gold Bug and Will See Tom.

Brunswick, Ga., April 12.—Capt. H. W. Reed, of Georgia, who was Tom Watson's right-hand man during the late Presidential campaign, is now an advocate of gold, and has gone extensively into the mining of that metal in Mexico. Mr. Reed was President of a national bank in Brunswick, in this State, and surprised his banking friends by adopting Populism. He was a delegate to the St. Louis Convention, where he was placed upon the National Committee. Then he was chosen as a member of the Standing Committee of Three, headed by Mr. Washburn, to direct the canvass and bring about an understanding between Watson and Bryan. Reed thus became Watson's mouthpiece, and resisted all efforts at fusion upon the electoral tickets.

The election being over, Mr. Reed went on a business trip to Mexico, and he has just returned. "I have gone into gold mining," said he. "It is now the money metal of the world, and as a business man I refuse to shut my eyes to facts. I have found in Mexico ore which runs to the fabulous value of forty-five ounces to the ton, or \$900. Labor there is only 62 cents a day in Mexican money. This gives a saving of \$2.50 a day on that score over mining in the United States. Timber is cheap and water is abundant. I intend to return to Mexico next month and develop my business there."

The new attitude of Mr. Reed causes great comment among his political friends here. He will visit Tom Watson next week to talk over the situation.

Spring

Is the season for new life in nature, new vigor in our physical systems. As the fresh sap carries life into the trees, so our blood should give us renewed strength and vigor. In its impure state it cannot do this, and the aid of Hood's Sarsaparilla is imperatively needed. It will purify, vitalize and enrich the blood, and with this solid, correct foundation, it will build up good health, create a good appetite, tone your stomach and digestive organs, strengthen your nerves and overcome or prevent that tired feeling. This has been the experience of thousands. It will be yours if you take

Hood's Sarsaparilla

The Best Blood Purifier. Sold by all druggists. Hood's Pills cure nausea, indigestion, biliousness, 25 cents.

Damage to Cotton Crops.

St. Louis, Mo., April 12.—St. Louis factors say a tremendous damage has been done to cotton planting interests in the South as a result of the flood in Arkansas, Mississippi, Louisiana and a portion of Southeastern Missouri. It is estimated on a conservative basis that the inundated territory along the Mississippi river produces an annual average of 1,500,000 bales of the highest grade cotton. From present indications the average output will be materially reduced by the ravages of waters, in fact, in many localities, it is doubtful if any crop at all will be raised, while in others there will be a sickly yield.

A million and a half bales of cotton, even at the ordinary price, aggregates probably \$50,000,000, and conservative estimates place the damage to cotton alone at about this figure, not to take into consideration other losses incident to the flood.

Who can fail to take advantage of this offer. Send 10 cents to us for a generous trial size or ask your druggist. Ask for Ely's Cream Balm, the most positive catarrh cure. Full size 50 cents.

ELY BROS., 56 Warren St., N. Y. City.

I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Ostrum, 45 Warren Ave., Chicago, Ill.

FUN MAKING

and health making are included in the making of HIRE'S Rootbeer. The preparation of this great temperance drink is an event of importance in a million well regulated homes.

HIRE'S Rootbeer

is full of good health. Invigorating, appetizing, satisfying. Put some up today and have it ready to put down whenever you're thirsty.

Made only by The Charles E. Hires Co., Philadelphia. A pack of 12 makes 12 glasses. Sold everywhere.

When bilious or constive, eat a casele candy cathartic, cure guaranteed July 25.

Here is a diamond, here a piece of charcoal. Both carbon; yet between them stands the mightiest of magicians—Nature. The food on your table, and your own body; elementally the same; yet between the two stands the digestion, the arbiter of growth or decline, life or death.

We cannot make a diamond; we cannot make flesh, blood or bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes and assists nature to nourish. A trial bottle—enough to show its merit—10 cents.

LAXOL is the best medicine for medicine for children. Doctor's recommendation in places of Castor Oil.

The bucket of the Court House well has been lying at the bottom of the well since Saturday last, and no arrangement has been substituted whereby water can be obtained therefrom. This is a great inconvenience to many who have recourse to this well for water. Some one is at fault for allowing this state of affairs to exist. The matter should have been remedied at once. That it has been permitted to go unattended to for all these days is greatly to be reprehended.

W. L. DOUGLAS \$3 SHOE in the World.

For 14 years this shoe, by merit alone, has distinguished all competitors. W. L. Douglas \$3.00, \$2.00 and \$1.00 shoes are the production of skilled workmen, from the best material, possible. \$3.00, \$2.00 and \$1.00 shoes for men, \$2.50, \$2.00 and \$1.50 for women.

REJOICING IN ATHENS. Great Jubilation Over the Incursion into Turkish Territory.

London, April 12.—The Times correspondent at Athens will say to-morrow: "The news of the incursion into Turkish territory has been received here with great jubilation. The general belief is that nothing now can restrain the army, which is bound to follow across the frontier in a few days. The Athens newspapers reflect the popular enthusiasm and contain highly optimistic forecasts of the progress of the band in Macedonia, where its presence is expected to exert a magical influence on the Christian population and to be a signal for a general uprising. The former exploits of the famous insurgent leaders accompanying the expedition afford, it is believed, a guaranty of splendid success in the future."

"One newspaper says that the die is now cast; that a successful beginning has been made; that it is all over with diplomacy, negotiations and identical notes or blockades and that the eloquent voice of the rifle has spoken at last. A telegram from Arta to night (Sardis) says that the Greek bands are crossing the frontier at various points and that war seems inevitable."

\$100 REWARD \$100.

The readers of THE ARGUS will be pleased to learn that there is at least one divided disease that science has been able to cure in all its stages and that its catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by toning up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars Reward for any case of deafness, (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Props., Toledo, O. Sold by druggists 75c.
