than a careless person who has no inherited weakness. Carelessness is the real evil eye. Carelessness will develop a tendency to consumption in any body.

The lungs are composed of very delicate, sensitive tissue, even in the healthiest person; that is why they yield so quickly to the attack of tainted blood. If the blood is allowed to get impure and impoverished, and bile-poisoned, the seeds of consumption will spring up in the best kind of a constitution. The real consumption-taint is in the blood.

Hundreds of cases of so-called "hereditary" consumption have been completely and permanently rooted out of the syst a by Dr. Pierce's Golden Medical Discovery, simply because it gives the blood-making glands power to pour a fresh abundant supply of rich, red, healthy, blood into the circulation. This drives out all poisonous and unhealthy germs. It stops the waste of tissue and the formation of morbid deposits; builds up fresh, normal, healthy lung tissue and solid, muscular strength.

In all the weakened debilitated conditions hich are the forerunners of consumption, Dr. Pierce's Discovery is the most perfect nutritive and strength-builder. It is assimilated by the weakest stomachs.
