A NORTHERN OUTRAGE.

The scenes which have been enacted in Urbana, O., within the past three days but prove that the crime which occurred in the South provokes even worse results in the North. There are fewer assaults made by negroes upon white women in the North because the negro population is smaller than in the South and consequently the number of lynchings resulting is necessarily less. If the Urbana affair furnishes a true instance of the indignation and rage felt by Northern white men because of a fiendish crime by a negro brute, it is safe to assert that did the North contain as large a black population as the South the proportion of negro lynchings and the lawlessness attendant upon them would be much greater in that section than in this. It is a well-known fact that the Northern man who poses as the friend of the negro in the North likes him much less, as a rule, than any one else in the world after he comes South and acquaints himself with the characteristics of the African race. It is equally true that the best friend of the colored man is the Southern white man.

As to the Urbana affair, it is far worse than anything of the kind that has ever occurred in the South, and writers in Northern papers who delight in pointing out "Southern outrages" in connection with mob law should hang their heads in shame and forever hereafter remain silent. The object of the Urbana mob's wrath had been convicted and given the full limit of punishment prescribed by law. His trial had been speedy, and no delay whatever had occurred to threaten to thwart the ends of justice. So on that score there was no excuse for the lynching. Yet the mob was so bent upon taking the law into their own hands that after many of their number had been shot down they over-ran the military, entered the jail, and dragging out the covering criminal, hanged him in the public streets. The lynchers were unmasked and women and children looked on as the lawlessness proceeded. As a fitting finale to the mob spirit abroad the Sheriff and military commander, who had resisted the attack, but failing in their efforts to protect the prisoner, were forced to flee from town to avoid being dynamited for doing their duty.

The attention of the editor of the Chicago Tribune and Inter-Ocean and those of the New York Mail and Express and other South-hating papers is directed to this affair. What excuse have they to offer?

Something To Depend On.
Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with LaGrippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty consumption. Having Dr. King's New Discovery in store, and seeing lots of it, he took a bottle home, and to the surprise of all, she began to get better from the first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do Sold by J. H. Hill, & Son, Druggists.

Trouble at Honolulu.

San Francisco, June 7.—The steamer Coptic arrived this evening from Honolulu bringing advices up to May 31. According to the latest information procurable, the difficulty between Japan and Hawaii, growing out of the immigration question has been increased rather than diminished by the diplomatic proceedings. Officers on board the Japanese cruiser Naniwai now at Honolulu state that a second Japanese man-of-war is now en route to Honolulu, and that a third vessel is about to depart from Yokohama for the islands.

Mrs. Shimamura, wife of the Japanese Minister here, had arranged to leave for Japan on June 5. The intended departure caused a rumor in Honolulu to the effect that the Minister would soon follow her. He admitted that he was not satisfied with the answer of the Hawaiian Government in regard to the immigrant controversy and he gave close friends to understand that unless a reply satisfactory to him was made, he would depart for Tokio, thereby severing diplomatic relations between Japan and Hawaii.

THE EMERGENCY HOSPITAL.

A meeting of the Association for the support and welfare of this institution was held yesterday afternoon, the following being present: the Reverend Messrs. F. W. Farries, R. B. John and Stewart McQueen, Mrs. H. L. Grant and Mrs. Sol. Weil, Messrs. M. E. Cox, J. W. Gulick, W. H. Ham, G. H. Hill, J. E. Peterson and A. S. Stevens.

A report was made showing that during the past year the hospital had, from time to time, cared for about sixty patients, at a cost of \$350, of which a small balance is still on hand.

A board of directors was elected consisting of Messrs. M. E. Cox, (Chairman), W. H. Ham and A. E. Stevens, (the three County Commissioners), together with Messrs. J. H. Hill and J. E. Peterson.

An executive committee of six persons charged with the direct control and management of the hospital, was also elected, viz: the Reverend Messrs. F. W. Farries, (Chairman), R. B. John and Stewart McQueen, (Secretary and Treasurer), Mrs. E. B. Borden, Mrs. H. L. Grant and Mrs. Sol. Weil.

A vote of sincere thanks was unanimously passed expressing most grateful appreciation to the County Commissioners, Board of Aldermen, the returning executive committee and also to those gentlemen of the medical profession who have so kindly and cheerfully given their services to the Hospital without charge.

Chinese Monuments in Mexico
Hermosillo, Mex., June 7.—The rock recently discovered in the mountains of the Magdalen district, State of Sonora, which is covered with Chinese inscriptions, has just been visited by Sen Yuep, a well-educated Chinese of Guaymas. He says that the inscriptions are Chinese, but are somewhat indistinct. He made a copy of them and has translated enough of the lines to show that the writing was probably inscribed on the rock at least 2,000 years ago.

There are ten lines of characters on the part of the rock in view, and some of the lines may be still buried under the earth. There are ancient Chinese tombs and monuments north of Magdalena, near the mining camp of Jacobs. These have never been explored. Sen Yuep asserts that in the history of China there is a tradition that an exploring expedition divided into eighteen parties landed on the western coast of what is now Mexico over twenty centuries ago.

Farewell to West Point Cadets.

West Point, N. Y., June 7.—The chapel of the West Point Military Academy was completely filled this morning by the corps of cadets, the Board of Visitors, the officers, and ladies and families of the cadets at the customary hour for religious worship, to listen to the farewell discourse of Rev. Herbert Shipman to the graduating class.

Rev. C. G. O'Keefe, of Highland Falls, preached for the Catholic cadets in the soldiers' chapel under the hill. Boats from New York landed a large party of excursionists to-day, and West Point presented an animated appearance for a few hours.

Is a broader gauge by which to judge than the flattering advertisements on the grocer's part. Our advertisements are simply meant to call your attention to the different things we have to offer. But even that we cannot do as our stock is so full and complete it is impossible in the small space at our command to mention even half of what we have to offer. Quaker Crimped Crust Bread.

It's all in the baking pan. Sweetest bread you ever saw. Not a breath of aroma lost. No run-overs, no air-holes, no burnt edges, no raw places. Can't burn, no matter how careless the cook. And such crust! Beautiful brown, dainty crisp, charming in every way. The bread is steamed as well as baked, steamed into delicate creaminess and rich moisture inside, baked to just the right point outside. The Quaker Pan saves work, worry and money. It requires no skill to use it, the pans pack in the oven as so many sticks of wood might, and even if left long over-time the bread cannot burn. This is the simplest, surest and best of all modern baking pans. Just as good for cake and pudding as for bread. The boy stood on the burning deck, The flames roared o'er his head, "Father," he cried, "why don't the cook Save that last loaf of bread?" "Be calm, my child," the sire replied "Let those escape who can. Why don't you learn, the cake won't burn. It's in a Quaker Pan!"

BEFORE YOU BUY A Bicycle

Ask Yourself these Questions:
1. Do you know the difference between crucible and iron heart steel?
2. Do you know the difference between a steel forging and a casting?
3. Do you understand how a part of a bicycle made of forged steel is better than a part bent up out of sheet metal?

If you know these things it will be easier for us to sell you an EAGLE.
The more people know about Bicycles the more they come our way. This doesn't follow with some Bicycles, but it does with the EAGLE. Study up, and then get our prices.
