

NEW MILLS IN THE SOUTH.

In announcing that eighty-seven new cotton mills were founded during the first half of this year, the American Wool and Cotton Reporter says:

"Of the eighty-seven mills, the Southern States may claim to over 50 per cent, as fifty-one will be operated south of the Mason and Dixon line. Of the remainder, the Eastern States include thirty while the remaining half dozen are scattered through various parts of the Middle West. Twenty-seven mills are located in the Carolinas, fifteen in North and twelve in South Carolina, ranging in size from the large Louise mill at Charlotte, the centre of Southern textile manufacturing, to minor plants, representing but a comparatively small investment. From this it may be seen that the experiment entered upon during the last decade is proving a success, and that the North has now a rival in the field worthy of serious attention. While it is probable that in the manufacture of fine goods the North has as yet experienced little competition, still in the production of the coarser grades a large share of patronage has been transferred from the North to the South."

This but further demonstrates that the South is to-day making more rapid headway in industrial development than any other section of the country. What is true as regards the cotton mill industry is equally true with reference to iron and steel interests, railroad building and general construction work. In cotton mill building, as in industrial developments along other lines, North Carolina is taking a very prominent part, several immense mills having been located in this State since January last.

Cook's Cotton Root Compound.
A recent discovery by an old physician. Successfully used for the treatment of all cases of catarrh, gonorrhea, and all other urinary diseases. It is the only perfectly safe and reliable medicine discovered. Beware of imitations. Cook's Cotton Root Compound, take no substitute. It will cure you in a few days. Full particulars in plain envelope, to which only 2 stamps. Address: Pearl Lilly & Co., Boston, Mass.

BOSTON, MASS.

DOUBLE TRAIN ROBBERY.

Passengers in Sleepers on Two Trains Left With Little Cash or Clothing.

Atlanta, Ga., July 18.—Train No. 7 on the Southern Railway, left here last night at a late hour for Chattanooga with the usual sleeper, well filled with well-known persons, attached to the rear. It arrived in Rome about 2 o'clock, and waited eight minutes for the down train to Atlanta.

One of the passengers, just as the train was about to depart, discovered that his trousseau, containing all his cash for travelling expenses, was missing. It did not take him long to communicate his discovery to the rest.

Every traveller found he had lost something of value; some of them clothes and watches, all of them money. A wild search through the train was organized, but the bird had flown.

If there was excitement on the northward flying vestibule train, there was hysteria on the Atlanta bound train very shortly afterwards, for the conductor, a few miles from Atlanta, woke up to make the heart-breaking discovery that the only raiment left him in which to parambulate the aisles was a pair of scanty unmentionables. But he had fellow sufferers. Every peacefully snoring tourist awoke to the mortification of finding not only his money and valuables missing, but even the vestments, which custom decrees as necessary to respectability.

When the train rolled into this city this morning the passengers not only lacked proper clothing, but the cash to secure it. Various expedients were resorted to, and finally the passengers of both sexes left the sleeper clad in varied and strangely contrasted garments which provoked the mirth of the unsympathizing.

WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made, Simmons Liver Regulator. Anything called Simmons Liver Regulator, but J. H. Ziehl & Co., or no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible for other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been misled. We have been and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Biliousness, Constipation, Headache, Dyspepsia, and all disorders arising from a Disordered Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator ever put up.

J. H. ZIEHL & CO.
Sole Proprietors
Simmons Liver Regulator.

Cupid, the Beggar.

How Love goes a begging for a little kindly treatment? How many women turn their backs on the little fellow? They give freely of their time and attention to fashion or social pleasures, but seem to regard happy wifehood and motherhood as a mere secondary consideration. They take no thought of the fit of a gown or the success of a dinner party, but think they have no time to bestow which are absolutely necessary to happy wifehood and motherhood.

Any weakness or disease of the delicate special organs of her sex totally unfit a woman to be a wife or mother. Her primary duty is to be strong and healthy in a womanly way. Careful living and judicious treatment will certainly and completely eradicate these delicate complaints.

A complete and practical treatise on this subject with careful professional advice and suggestions for self-treatment are contained in "The People's Common Sense Medical Adviser," by R. V. Pierce, M. D., chief consulting physician of the "Franklin Institute," Buffalo, N. Y. This 200-page illustrated book will be sent paper-bound absolutely free for a name and stamp, or cloth-bound for 21 stamps. Address Dr. Pierce, as above.

Dr. Pierce has given a lifetime to the study of women's diseases, and has had as wide a practical experience in this particular field as any living physician. His "Medical Prescription" is a perfect and scientific remedy for the diseases of the female sex. It is the only medicine devised for this purpose by an educated and skilled physician. It is a permanent cure as attested by more than ninety thousand grateful women.

The Scripture assures a man who will devote his life to doing good that it shall not be a losing investment.

EFECTUAL.—Charles J. Booth, of Lowell, Cal., says: "I have used Ayer's Pills in my family for twenty years and can testify that it is the most effective in the relief of a patient's suffering from a disordered stomach, torpid liver, and constipated bowels."

A St. Louis physician holds the hot weather responsible for many of the recent murders and acts of violence. The blood, he says, becomes poisoned by overheating. He is doubtless correct, for there has been so much crime committed throughout the country in a long time as has occurred within the past three or four weeks, which period has been noted for its extreme heat.

THE GRANDIEST REMEDY.

Mr. R. B. Gray, merchant of Chillicothe, Va., certifies that he had consumption, was given up to die, sought all medical treatment, but money could procure, by the use of the grandest remedy ever made, as it has done so much for him and as for others in his community. Dr. King's New Life-Giver is guaranteed for coughs, colds, and consumption. It is sold in trial bottles at J. H. Hill & Son's drug store.

CHINA'S CONCESSIONS.

Tacoma, Wash., July 18.—An important convention has been signed and delivered to the French Minister at Peking, conceding fresh commercial political advantages to the French in the Chinese districts adjacent to Tonkin. It authorizes a railroad extension into the interior of China, allows French tradersmen to penetrate to Yunnan fu, and permits French engineers to work coal and gold mines in the Chinese frontier provinces.

What use is there in eating when food does not go down—in fact, when it does you more harm than good, for such is the case if it is not digested? If you have a longing for food, there is no use of eating it down, for it will not be digested, when an appetite will come, and with it a relish for food. The tried, liquid, food will give place to "firm" and energy, they will put flesh on your bones and become strong. The change Digestive Codin is made by the House Lehmann. It contains food already digested, and is a digester of foods as well. Its action is prompt and its effects permanent.

Doctors prescribe LAXOL because it has all the virtues of Castor Oil and is palatable.

Frank Leslie's Popular Monthly for August.

A special fiction number is Frank Leslie's Popular Monthly for August. There are seven complete stories, all illustrated, and all are bright and clever. The one by Margaret E. Sangster, the one by Margaret E. Sangster, is particularly noticeable for its sweet simplicity. But the number is not given up entirely to fiction. There is an attractively illustrated paper entitled "A Grandee of the Fields," in which Marjha McCulloch-Williams tells an entertainingly of tobacco, its history and cultivation. The University of Virginia is the subject of an article by Richard Heath Dabney, forming the tenth paper in this magazine's popular series on American Universities and Colleges; it is illustrated with good portraits and views. Harvey Rowell describes "Summer Logging in Wisconsin"; there is a most interesting account of a visit to Japan, under the title "In the Land of the Mikado," by Dr. J. Simms, with capital half-tone cuts; Colonel Alexander E. Sweet tells of an exciting German student duel of which he was a witness; "Boasts of Burden" is the subject of an article by the well-known travel-er, Frederick A. Ober; the department for young people presents a story, a paper on stamp-collecting, and the continuation of Horatio Alger's serial. Then there are illustrated poems, talks about books, comments on pictures, and the Leslie Portfolio.—Frank Leslie's Publishing House, New York.

Protect yourself against sickness and suffering by keeping your blood rich and pure with Hood's Sarsaparilla. Weak, thin, impure blood is sure to lead in disease.

Hood's Pills are purely vegetable and do not purge, grip, or gripe. All druggists.

McClure's Magazine for August will be a special midsummer number, with a frontispiece drawn expressly for it by Boutet de Monvel, the eminent French illustrator. Among the contributors will be Rudyard Kipling, Cy Wainman, A. Conan Doyle, James Whitcomb Riley, William Canton (author of that charming study of child life, "W. V.—Her Book"), Madame Blanc of the French "Revue des Deux Mondes," Hamilton Garland, Robert Louis Stevenson, John Kendrick Bangs, and Albert Bigelow Paine. It will have a special cover, and most of the contributions will be fully illustrated.

The chronic sufferer still lives, but the less assurance of curing and digestion and dyspepsia than formerly. The fact is so many people in the past have taken Simmons Liver Regulator that they are now cured of these ailments. And a great multitude are now taking Simmons Liver Regulator for the same troubles and they too soon cured. It is the best medicine.—Mrs. E. Raines, Baltimore, Md.

Mr. Whitney has been giving a dinner and exhibiting other signs of a desire to return to politics.

"How I feel often, but like Ayer's eye-salve, the famous medicine for the benefit of the eye from the use of Ayer's Sarsaparilla. Disease never had as great an enemy as this powerful blood purifier. It makes the weak strong."

She Wants to Be Gov. Lease. Topeka, Kan., July 19.—Mrs. Mary E. Lease wants to succeed John W. Leary as Governor of Kansas. She confided to a friend here yesterday that she would make the race and ask the Populist State Convention to name her for Governor next year.

Relief in Six Hours. Distressing Kidney and Bladder diseases relieved by the New Great South American Kidney Cure. This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys and every part of the urinary passages in male or female. GOLDSBORO Undertaking Co., Our store is ordered. On or before..... AUG. 1st Low Prices Will Rule. We will open an Undertaking Establishment in Goldsboro on Walnut St. Location later.

Washing windows

is another one of the things that Pearlline (use with soap) does best. With that, the glass is never cloudy—is always clear and bright. Washing it is less trouble, of course—but that is the case with everything that is washed with Pearlline.

And about the sashes and the frames; remember that Pearlline, when it takes the dirt off, leaves the paint on. Haven't you noticed that certain imitations are not so particular about this?

Millions Use Pearlline

LANDY CATHARTIC

ABSOLUTELY GUARANTEED to cure any case of constipation. Cascarol is the most reliable and safe cathartic. It is a purely vegetable and does not purge, grip, or gripe. All druggists.

A delightful neighborhood and social, hospitable people. My table is always supplied with the best the market and the country affords.

RATES—o For week \$5.00 Special rates For month \$20.00 for children and families.

H. J. HAM, Seven Springs, N. C.

Quaker Crimped Crust Bread. It's all in the baking pan. Sweetest bread you ever saw. Not a breath of aroma lost. No run-overs, no air-holes, no burnt edges, no raw patches. Can't burn, no matter how careless the cook.

And such crust! Beautifully brown, dainty crisp, charming in every way. The bread is steamed as well as baked, steamed into delicate tenderness and rich moisture inside, baked to just the right point outside. The Quaker Pan saves worry, worry and money.

It requires no skill to use it, the pans pack in the oven as so many sticks of wood might, and even if left long over the bread cannot burn. This is the simplest, surest and best of all modern baking pans.

Just as good for cake and pudding as for bread.

The boy stood on the burning deck, The flames roared off his head, "Father," he cried "why don't you cool me that last loaf of bread?" "Be calm, my child," the sire replied "I'll leave thee safe who can. Why don't you learn, the cake won't burn. It's in a Quaker Pan!"

Goldsboro Hardware Co. West Centre St., (Castox Old Stand GOLDSBORO, N. C.)

HEPTASOPHS. Protection at Small Cost. The Improved Order Heptasoph is a Fraternal Insurance Order which has age, successful experience, conservatism and progressive management, and a membership which, in character, is second to none.

The Order has passed the supervision of the Insurance Department of the various states in which it is doing business.

As an evidence of its wise and economical management, strict medical examinations and the careful selection of its membership, it has been enabled to maintain, in the eighteenth year of its age, an average of Nine Assessments a year.
