Mr. R. B. Parker was giving in his war record Sunday, much to the amusement of many. Mr. Parker states that he was in 43 battles, and in two of the engage wish him a speedy return to John R. Smith's Drug Store Company left on the field. Mr. Parker was surely extremely lucky and he has much to thank his Maker for in not even receiv ing a wound.

Mr. John C. Smith, of Goldsboro, spent Sunday in town the guest of N. N. Hollingsworth.

A party of young folks enjiy ed themselves until a late hour Monday night in taking a hay ride over town, singing, laughing and hallooing. When the horses were unbooked from the wagon they became frightened and ran for the stables. The door was fastened and one of them crushed right through the door and ran over a bran new buggy, completely demolishing it. He then ran out and took in the town with a pair of trace chains fastened around his legs, which upset other buggies and made the night hideous with rattle and slash of the chains. The horse was skinned up right bad.

NOTICE

☐ LL PERSONS in and near the vicinity of White Hall who feel an interest in the building of a RAILROAD to be run to said place, are regested to attend a meeting of the citizens to be held at White Hall, Thursday afternoon, Sept. 16th, at 3:30 o'clock, to confer together on the matter. Let all who have an interest in a railroad come out. MANY CITIZENS.

White Hall, Sept, 7, '97. The above card has been printed and distributed throughout the section from which it is dated, and it is reproduced in the columns of the Argus because it might possibly be of interest to the business men and property owners in this city.

It is evident from the foregoing card that the people of the White Hall section desire a railroad, and that they intend to take active steps toward securing one. Do the people of Goldsboro want to secure the

terminus of that road? Would the building of a rail-

road from Seven Springs to Goldsboro benefit Goldsboro It is safe to say that such a road would be of material benefit to the section of country through which it would run and to the village of Seven Springs, but would it bring more trade to Goldsboro? Would it bring more country produce to this market? If it would not add to the volume of business here, would it take away

any of such business if it were to go elsewhere? All of these inquiries must be answered by the action of our leading citizens.

These are weight questions and should receive careful consideration, on their final answer may depend the future growth and prosperity of our now thriv-

field is full, and the crop of crab bruise, otherwise he is all right,
