Alaska has been hitherto almost terra incognita, and its location on the map hardly known.

But the gold findings have created for this remote land an impetus of immigration which can only result in incalculable good: and when its wonderful natural advantages are utilized. its borders filled with an energetic race, it is not hazardous to predict that this country will take proud rank among the riobest and most prosperous of her sister sovereignties.

I am glad to have looked upon the place of primeval Nature in puimonary diseases and killing her wild Northern home, whose far surpass all my memories of the varied scenes of many climes.

T. W.

## ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE,

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable at the junction of Frederick and to weakness or disease except in rare cases. It is situated back of and very Chatham Sounds, and hope to close to the bladder, therefore any have a sufficiently well charted pain, disease or inconvenience mani-course for ships to come up from fested in the kidneys, back, bladder or vessels to compete with steamers using the inside track, and so reduce the enormous freight network and to remain the end of the end The wonderful gold findings in kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilthe Klondike region of the Yukon mer's Swamp Root, the great kidney and bladder remedy, is soon realized. If you need a medicine you should have the best.
