While the advocates of the various brands of alleged Jeffersonian Democracy now on the political market in Greater New York all Liquor law, not one of these mottled organization ventures to occupy the real Jeffersonian ground as to the making, selling, and drinking of whiskey. The great founder of the Dem-

ocratic party devoted much time and thought to the liquor question. It formed part of the text of at least one message to Congress, and in his rich and voluminous correspondence it was frequently the subject of thoughtful sugges tion and speculation. In the second year of his first administration, when Jeffersonian principles were triumphant everywhere, Jefferson, in a special message to Congress, urged that body vigorously to prohibit the carrying of whiskey into the Indian reservations. "The Indians," he said, "are very sensible of the baneful effects produced on their morals, their health and existence, by the abuse of ardent spirits, and some of them earnestly desire a prohibition of that article from being

A Timely Friend.

With perfect propriety may we call that excellent remedy, Salvation Oil, a timely friend. This liniment rapidly cures rheumatism, neuralgia and pains, when other remedies fail. Mr. Jno. M.
