COTTON FARMERS,

An Opportunity Afforded them of Bette Prices for Their Staple.

Elsewhere in this issue we publish an open letter from Messrs. Best & Thompson, the well known merchant firm and prominent cotton buyers of this city, which ada 9c, 24 lbs at 15.25, 171 lbs at 9c. dresses itself, in practical business argument on its face, to the favor and regard of every cotton grower who reads it.

As it is well known Messrs. Alex Sprunt & Son are at the head in this State and abreast o the leading cotton exporters of the country, and what they say, therefore, should have weighty consideration with all whom it concerns. They are represented in this city by Messrs. Best & Thompson, whose integrity is beyond question, and whose inter est in the advancement and success of the farmers of this section is allied and interwoven with that of their own.

Just think what an increase of 30 cents a bale would mean to the cotton farmers of Wayne county alone! Think what it would bring to the farmers of all a difference of 30 cents on a bale. the counties in the cotton tier of Eastern North Carolina-and ner to use the standard size press, without the outlay of a cent on 24 x 54 inches. We also advise their part. They are simply ask- all farmers who have to pay toll ad to co-operate with the exito their neighbor for ginning porter in having their cotton their cotton to urge them to packed in uniform bales, so as to change their presses to the standfacilitate compressing at the point of exportation.

What Messrs. Best & Thompson have done for the farmers of this section in sustaining the Goldsboro market in its high standard is known of all farmers and what they say in their letter elsewhere in this issue should not go unheeded, but be at once adopted and acted upon.

I took a great deal of strong medicine which did not do me any good and I was at last obliged to give up. I was in a sort of stupor some of the time. Scrofula sores broke out and I could get nothing to do me any good. My daughter told me of a woman who was afflicted as I was and who found re-lief in Hood's Sarsaparilla. I concluded to try this medicine. At that time I was to try this medicine. At that time I was in a terrible condition with sores on my head and body. The first few doses of Hood's Sarsaparilla seemed to give me relief, and in a short time the sores began to heal. My appetite improved and I felt like a new man. I am now in better health than for 10 years." S. M. GRIER, Winnsboro, Fairfield Co., Little River, South Carolina.
