

THE ARGUS

DAILY AND WEEKLY.

LODGE DIRECTORY.

Wayne Lodge No. 112, A. F. & A. M., meets 1st and 3rd Monday evenings, 7:30 o'clock, in Odd Fellows Hall. Visiting brothers heartily welcomed.

Nease Lodge No. 6, I. O. O. F., meets every Tuesday evening, at 7:30 o'clock, in Odd Fellows Hall.—Cordial welcome to visitors.

Luftin Lodge No. 6, K. of P., meets every Friday evening, 7:30 o'clock in Odd Fellows Hall. Knightly welcome to visitors.

Goldsboro Council No. 39, Jr. O. U. A. M., meets every Wednesday evening, 7:30 o'clock, in Odd Fellows Hall. Cordial welcome to all visiting brethren.

OUR LOCAL OPTIC.

Mr. E. W. Cox left Tuesday for Fayetteville to attend the fair.

Telephone subscribers will add 148, W. E. Thompson's store, to their list.

Mr. A. B. Raiford left Tuesday for his old home in Fayetteville to attend the fair.

The new residence of Mr. W. K. Parker on the desirable lot adjoining the Presbyterian church is fast going up.

On account of the Woman's Mission at Warrenton, round trip tickets will be on sale November 19-20-21, with final limit to the 27th, for \$5.75.

The committee of ladies of the Emergency Hospital will give a chrysanthemum show under the Arlington Hotel, next Thursday night, for the benefit of the Hospital.

On account of the Western North Carolina Conference, at Gastonia, round trip tickets will be sold from November 18th to 21th, with final limit to the 30th, for \$9.80.

Messrs. R. D. Southerland and B. B. Witherington, of Faison, brought a car load of fat cattle and hogs to this city Thursday evening, which they sold to Mr. M. Sherman.

On account of the North Carolina and Virginia Christian Conference, at Elon College, round trip tickets will be sold from November 18th to 19th with final limit to the 23rd, for \$5.25.

Summerlin & Smith, Walter Summerlin and Will Smith, will occupy the store recently made vacant by D. W. Cobb & Co., on Walnut street. The firm will conduct a grocery and confectionery business.

Work on the new graded school buildings is progressing as fast as possible. When completed Goldsboro will have ample public school facilities and the three large buildings will present an imposing appearance.

The city is taking down the old shade trees on Walnut street, in front of the Mayor's office this morning. The trees have long since been of value as shade makers and their position in the middle of the sidewalk makes their removal a desirable thing to do and will improve the appearance of the street.

Mr. F. G. Middleton, the noted and reliable nurseryman, proprietor of the flourishing Rock Spring Nurseries, of Warsaw, Duplin county, was in the city Saturday, displaying some very fine fruit—the growth of his trees, and taking orders for young trees, such as apples (of infinite variety) peaches, pears, mulberry, pecans, Jap. persimmons, walnut and shade trees. He will be here on the 16th of this month to deliver orders, and any one wishing to place an order with him can write to him as above or see him here on the 16th.

The many friends of Mrs. J. J. Bowen congratulate her and are truly thankful that she and her two children escaped without serious accident in the runaway that occurred to them Thursday morning. She and one of her little boys and her little girl were driving a pony and phaeton on West centre street, when the pony took fright at a passing train and ran away, and in crossing the railroad at Capt. R. P. Howell's corner, the phaeton was overturned and all the occu-

pants thrown out. Mrs. Bowen sustained a painful bruise in the forehead, otherwise, save the nervous shock, she and the children escaped unharmed.

The services of the K. of P. Band in the Park Day celebration Monday were highly appreciated not only by the committee, but by the vast assemblage present. The music was grand and there is nothing that will take the place of a brass band in a parade or at an outdoor celebration.

Postmaster Dobson says that the business of the Goldsboro post-office for the month of October was the largest in its history. The postal receipts were over \$15,000. It is this increase of business which has given Goldsboro the promise of free delivery to be inaugurated on the 1st of February next.

Mr. and Mrs. Chas. H. Wingfield, of Portsmouth, Va., on their bridal tour, passed through the city Thursday afternoon, to spend some days at LaGrange, the guests of Dr. and Mrs. J. M. Hadley, Mr. Wingfield being a brother of Mrs. Hadley. The ARGUS wishes the happy young couple length of days and abundant prosperity.

Mr. Elias W. Cox has surprised his friends by riding down town in a brand new pony phaeton, which is by far the handsomest and most stylish turnout seen on the streets in quite a while. The vehicle was built to order by the R. E. Jones Buggy Co., and is lavishly upholstered and artistically decorated. It is a model of workmanship and beauty.

The change of the weather this morning caused the appearance of a great many overcoats on the streets and some people actually spoke about snow. This is a great country we live in and the weather is an always popular subject. The sudden changes from straw hats and Alapacca coats to overcoats and fur caps gives sufficient variety to break the monotony.

Mr. L. C. Southerland has been elected secretary and treasurer of the R. E. Jones Buggy Company, to succeed Mr. Newberry, who has resigned to give his mercantile business at Magnolia more attention. The new secretary and treasurer is admirably qualified to fill the position, and the interests of the company will not suffer under his supervision.

The appointment of Mr. Frank Osborne, of Charlotte, by President Roosevelt, to succeed the late Judge Fuller, is doubtless in recognition of his valiant service to the Republican State Supreme Court Justices in their impeachment trial before the State Senate. He has ability of high order, and will preside on the bench with legal acumen unequalled by any of his associates.

Innes, as every one predicted, has been the musical hit of the Buffalo Exposition. He and his Band played in the Music Temple to audiences that were limited only by its capacity. Special police protection became necessary for the night festivals owing to the tremendous crushes. The Band will come here after the prolonged engagement there is over, and repeat its success, it is already assured.

An attempt was made to break into the drug store of J. B. Hill & Son Monday. The thieves broke in the side door on Walnut street to get to the key which was in the lock on the inside. The key was taken from the inside and put into the key hole on the outside, but still the door refused to open and the thieves did not accomplish their purpose. The thumb latch on the inside kept the door from being opened. Instead of being on the edges of the lock as usual the thumb latch was on the side of the lock near the key hole and the thieves did not find it.

The community was deeply pained Tuesday morning to learn of the death of Mrs. L. G. Waddell, which sad event occurred Tuesday morning at 7 o'clock. She was a noble woman with attributes worthy of emulation. Besides the heart broken husband who will deeply mourn the loss of his devoted companion, her many friends will shed tears of sincere sorrow for the loss they cannot repair. She was a sister of Mr. Thomas Farrior and leaves only one child. The funeral was held from the home, Rev. M. Bradshaw officiating at 10 o'clock yesterday morning.

We Go Forward

LET GOLDSBORO DATE A NEW EPOCH IN HER HISTORY NOVEMBER 5TH, 1901.

We Have the Most Progressive Citizens in the World—no Wonder, Then, that Goldsboro is the Best Town in the State.

Give the people of Goldsboro a fair chance on any public question and they always settle it right, for as a community they have as sound judgment and as much public spirit and abounding charity and economic sagacity as any people on earth, and the ARGUS is always ready to trust them. We have an abiding faith in our fellow citizens.

As we go to press the election that has been going on quietly and orderly in the city to-day for the issuance of \$110,000 in bonds for water works, electric lights, City Hall and street improvements, is already carried by a safe majority, and that majority is increasing every moment. In fact, it looks as if the vote is going to be practically unanimous.

It is with inexpressible pride that the ARGUS is able to make this announcement, for we feel that from this day our progressive city can date the beginning of a new era in her history that will soon lead to the realization of "Greater Goldsboro."

We go forward.

Although generally thought to be so, King Edward is not extravagant in dress. He never goes higher than \$1.10 for his socks, \$2.25 for his braces and 90 cents for his silk handkerchiefs.

FOR HARNESS and Saddle Sores Mexican Mustang Liniment is just what you need. It takes effect at once, and you will be astonished to see how quickly it heals sores.

It's this way:

You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

Mexican Mustang Liniment.

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

A FOWL TIP. If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

CONTAGIOUS BLOOD POISON

The blood poison sufferer who bases his hopes of a cure upon mercury and potash is doomed to disappointment. These minerals may dry up the sores and eruptions, and perhaps for months no external signs of the disease are seen, but just as sure as you live, you will experience again the horrible effects of the original poison and the added torture of Mercurial Rheumatism, ruined digestion and most offensive ulcers and sores. The use of these minerals diverts the poison from the natural channels and forces it back into the blood and system, where it preys upon the more vital parts, and heart disease, quick consumption or some other equally fatal disease ends the patient's sufferings. Mercury and potash are given to combat and destroy the deadly virus of Contagious Blood Poison, but they never have nor never will accomplish any such result. The advantage gained by a long course of these drugs is only temporary and short-lived.

No wonder, then, the blood poison victim grows despondent and abandons hope when, after taking mercury and potash long and regularly, and having followed to the letter his physician's instructions, he sees the old disease returning, bringing many new and strange symptoms, and, in spite of medical skill and in defiance of all human efforts, the body is soon covered with a mass of pustular sores and copper-colored spots. The membranes of the mouth, tongue and throat thicken and ulcerate, glands inflame and throb with pain, hair and eyebrows fall out, sight fails, and it seems not an organ, tissue or fibre of the body escapes the ravages of this terrible poison. Mineral remedies having failed to arrest the disease, the pitiable sufferer feels that his choice lies between a life of the most intense mental and physical suffering or self-destruction.

But you can be cured quickly and permanently of Contagious Blood Poison by the use of S. S. S. It antidotes and destroys this peculiar virus, and no other known medicine does, and we confidently assert and believe that S. S. S. is the only true cure for this vile disease, this monster plague. It is strictly and wholly a vegetable remedy, and we offer \$1,000.00 for proof to the contrary. No bad effects follow its use. It cleanses the blood of this poison and restores it to its original purity and strength, and not only removes all traces of the disease, but destroys the effects of the mercury and potash as well. Profit by the experience of thousands who have been restored to health and happiness through the timely use of S. S. S., and do not be duped and doped by so-called specialists and others who have nothing to offer you but mercury and potash, put up in a different and perhaps more attractive form than that prescribed by your home physician.

Don't despair of a cure because other methods have failed. S. S. S. will not disappoint you, and the balance of your days may be the best and happiest you have ever known or dared hope for. Write our physicians all about your case, describing as accurately as possible your present condition, symptoms, etc., and they will cheerfully advise and help you to get well without any cost to you whatever.

Our Home Treatment Book on Contagious Blood Poison gives much information about the disease that we are sure will interest you. We will be glad to mail you a copy if you desire it.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

When the present Archbishop of Canterbury was, nearly half a century ago, principal of a government training college for teachers, he always made a point of personally initiating his students into the mysteries of gardening, and plied spade and rake in his shirtsleeves, as a teacher and exemplar should.

DIED GAMBLING.
Charley Bennett Died While Playing Cards.
Saturday night Charley Bennett, colored, together with several other colored men, went out into the woods beyond a negro settlement, in Eastern Goldsboro, known as "James City," to play cards. The game had been in progress about a half hour when Bennett complained of a pain at his heart and lay down. The crowd paid no attention to Bennett and proceeded with the game for some time. Finally a small boy who had joined the crowd laid his hand on Bennett and found that he was cold. On examination it was found that the negro was dead, which startling discovery created quite a commotion among the gamblers, some of whom came down into the city and reported the death.

TAMMANY DEFEATED.
Seth Low, Republican Candidate For Mayor of Greater New York, is Elected.
New York, Nov. 5.—Seth Low, former President of Columbia University, and four years ago the City's Union candidate for the first mayor of Greater New York, was elected to-day the second mayor of Greater New York, by a plurality ranging anywhere from 30,000 to 40,000, defeating Edward M. Shepard, of Brooklyn, the Democratic nominee. The campaign was an exciting one, and the vote, though somewhat less than that of the presidential election of four years ago, was the largest ever polled in a municipal contest in this country.

Sheriff Scott, Deputy Sheriff Warrick, Chief Freeman and Officer Dismark went to the scene and found the negro dead and reported the death to the office. The office decided that the body be taken to the house of relatives in this city.

MARYLAND DEMOCRATIC.
Baltimore, Nov. 5.—Fully 75 per cent of the registered vote had been cast at 1 o'clock, with indications that the Democrats had made such gains in the city and State as to insure the election of their ticket. While there is some doubt as to the result in the city, there seems to be but little in the counties, all advices indicating a Democratic victory in the doubtful districts. The Republicans are inclined to concede Democratic success in two of the three legislative districts in Baltimore city and the indications point to a Democratic majority in the Legislature, which means the reelection of Mr. Gorman as United States Senator.

Yesterday morning City Coroner Dr. Thos. Hill, held an inquest and decided that the negro came to his death by heart disease.

Bennett was an industrious dark yand worked for the E. I. Lumber Co.

Seth Low is still in the push, if not like his honorable opponent. Of course he has a right to his own opinion.

One day last week, in Portland, Me., a marriage license was taken out by Josiah H. Tilton, aged 86, to wed Caroline Griswold, aged 89.
