

A GOLDSBORO BOY

Who Has Endearred Himself to the People of a Georgia Town.

The Times-Enterprise, of Thomasville, Ga., where Prof. E. O. Broadhurst, who has recently been elected Superintendent of the Greensboro Public Schools, was Superintendent of the Public Schools of that place, contains the following paragraph which will be read with gratification and interest by the many friends of the young man in this city:

"The announcement yesterday morning that Superintendent Broadhurst was going back to North Carolina was received with many expressions of regret, not only by the teachers and pupils of the Public Schools, but the entire community as well.

"Coming here a few months ago a perfect stranger, Mr. Broadhurst has firmly established himself in the confidence of the public and in the affections of the pupils of our Public Schools from the largest to the least. He has proven himself a most competent official and a thorough gentleman in the highest sense of the term, and will carry with him to his native State the cordial good wishes of every one for his future prosperity."

INNES AND HIS BAND.

They Will Make Their Appearance at the Messenger Opera House in This City, on January 8th.

Foreigners have chidingly observed that the mass of American people do not appreciate good music and will not patronize it. They say the success of grand opera with us is due more to the prevailing fashion than from a real love of true art. In answer, it may be said that if grand opera could be produced here as cheaply as it is abroad, the apprecia-

tion of music would be seen to be as deeply seated in the popular heart as it is in any place in the world. The growth of high class musical attractions in this country for the past ten years proves this. Take Innes and his Band for example. Twenty five years ago it would have been financial suicide for any impresario to have put so large and high class an organization as this on the road. Yet, to-day, they can travel in their own train, accompanied by a large force of high priced operatic singers and still make money for themselves and their managers. Innes and his band will be here on the afternoon of the 8th.

An Excellent Combination

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.
