### WALTER LETTER.

A Chronicling of a Week's Events in That Thriving Neighborhood.

Mr. Fred Becton, from Wilson, has been visiting his brother, Mr. Geo. Becton, this week.

Miss Bettie Howell spent Saturday night and Sunday at "Oak Glen," where she is always a welcome visitor.

Mr. and Mrs. Fred Howell, and daughter, Miss Sudie, of your city, spent last Tuesday with Mr. and Mrs. Joe Rose.

We are glad to learn that Mr. Rufe Rose is improving from his recent sickness, and hope he may soon be restored to health.

Miss Lizzie Becton returned to Louisburg College Tuesday, after a two weeks visit to her parents, Mr. and Mrs. Geo. Becton.

Miss Morton, of Morehead City, spent Monday night with her schoolmate Miss Lizzie Becton, on her return to Louisburg College.

Mr. Geo. Yelverton has put in a stock of goods in his store at Walter, and he and Willie are ready to wait on anyone who may want anything in their line.

Mr. Geo. Becton has moved his storehouse, which was occupied by Mr. Montague, up near his dwelling, and we learn contemplating putting in a stock of goods. "We go forward," too, and the first thing you know we will issue bonds for a city hall, lights, and water works.

Mr. and Mrs. J. C. Montague, who have been residents here for the past year, where Mr. Montague has been conducting, very successfully, a general mercantile business, have moved to Princeton, to the regret of their best of friends. They made many friends here who wish them success in their new home.

The friends of Mr. Willie Thompson, learned with deep regret of his tragic death in a landslide on the C. & O. Railroad last week. He was a cousin of Mr. J. C. and Misses Mary and Gertrude Thompson, and was a frequent visitor here in days past, where he made many friends. He was Express Messenger on the ill-fated train.

There is very little sickness in our community at present, but there are numerous cases of disturbed innervation's over the question of vaccination. We fail to see the consistency in requiring all school children to be vaccinated, and letting every one else go free. Smallpox being a highly contagious malady, two things are essential in controlling it, namely, universal vaccination and strict quarantine. But is this necessary, as long as it requires an expert to diagnose a true case of smallpox?

We do not see any redemption for this section, to tide us over March and into "garden sass" time, but to get Bob Pipkin to furnish our farmers potatoes to plant on shares again. If we can get him to do this, we are safe, otherwise, we will be compelled to go way back and sit-down. Every thing is out, and unless Bob comes to our assistance, we will

have a receiver appointed at once. Later:—Bob says we have his sympathy in our dire distress, but won't get any of his potatoes. He is too busy waiting to get his profit out of those furnished two years ago.

### KILLICKINICK.

"Oak Glenn",  
Walter, N. C., Jan. 7, 1902.

### Woodland Crumbs.

Mrs. Josephine Mendenhall, of Randolph county, who has been visiting her sister, Mrs. J. S. Moore, returned home last week.

Mrs. Avice C. Massey, of the Dudley section, who had her arm broke some weeks ago, is mending nicely, and we hope she will soon be out again.

Mr. Bertroy Howell, has moved to the W. E. Edgerton place, in the Nahunta section.

Mr. Daniel Howell has moved to a place near Mr. Darius Brogden's.

### SCHLEY CONTROVERSY.

Washington, Jan. 6.—Secretary Long to-day gave out for publication a letter from himself to Senator Knute Nelson of Minnesota, replying to charges made in connection with Schley-Sampson controversy of favoritism by the Navy Department in favor of Admiral Sampson in the matter of prize money. The secretary explains that such criticism is unjust; that the Navy Department neither possesses nor exercises control over the distribution of prize money, and that the entire matter is in the hands of the Treasury Department, which is guided in its action by rulings on the law and facts by properly constituted courts.

### MISS STONE STILL CAPTIVE.

No Direct News From Her Since November 13.

Constantinople, Jan. 6.—The news that the brigands holding Miss Stone captive are being hustled by the inhabitants of the Turkish territory, where they are said to be in hiding, has created considerable of a sensation here. A deadly feud is said to exist between the leaders of the hostile bands, some of whom are reported to have deserted and as attempting to re-enter Bulgaria.

Much anxiety is felt here with regard to the outcome of these developments. The American legation has not yet received news from M. Garbiulo, dragoman of the legation, who left Salonica for the interior the latter part of last month with the purpose of meeting Miss Stone's captors. Members of the legation say the rumors of Miss Stone's release are quite unfounded. No news has been received direct from the American captive since November 13th, the date of the last letter from Miss Stone to Mr. Dickinson, consul general at Constantinople, who was then acting as diplomatic agent of the United States at Sofia.
