HANGINGS AND LYNCHINGS.

The Chicago Tribune comes forward as usual with an annual list of hangings and lynchings. Such lists serve a useful purpose, for they show which way we are drifting. They are uncomplimentary in many respects, but it is always best to see and know the whole truth. The Tribune's statistics are correct, approximately, and no sectional bias has been permitted to warp or alter them.

In the year just ended there were 118 legal executions, or one less than occurred in the previous year. Seventy-one of the victims of the law were negroes and forty-seven whites. Thirteen more negroes and thirteen fewer whites were hanged in 1901 than in 1900—a singular use of the number that superstition so freely attacks. Eighty-two of the executions took place in the South and only thirty-six in the more populous North. This fact goes to show that the law is not altogether ignored in this section of the country. Murder led to 107 of these executions, criminal assault to 10 and train robbery to 1—total 118.

The lynchings of 1901 number 135, as against 115 in the previous year. All but 14 of the lynchings occurred in the South. The lynchings in the North were confined to California, Idaho, Montana, Kansas and Indiana. All of the lynched were negroes except 28—107 negroes, 26 whites, 1 Indian and 1 Chinaman. Thirty-nine were lynched on account of murder, 19 for criminal assault and 77 for a wide variety of alleged offenses.

An Evangelist's Story.

"I suffered for years with a bronchial or lung trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. Health and Beauty.

A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood, Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress. Safe pills. J. H. Hill & Son.

BUGGY MANUFACTURERS, GOLDSBORO, N. C., Solicit your valued orders.

THANKS.

To our friends and customers, we beg to return our sincere thanks for the generous patronage given us the past year. We have tried to serve you to the best of our ability; that we may have failed in some instances we do not doubt; but we have done the best we could.

We regret very much that we had to cut quite a number of our Christmas celery orders just half, in order to give every one who had placed orders with us celery for dinner. The fault in this instance was not ours, but was due to failure of the Transportation Company to deliver the goods that had been shipped us, and I thank you kindly for allowing us to cut your order and make so little complaint.

Our trade the past season has been better than before, and what is most gratifying to me is the fact that more attention has been paid to quality than heretofore.

Again thanking you for your patronage, and soliciting a continuance of same, and wishing you a very happy and prosperous New Year, I remain,
Yours very truly,

I. B. Fonvielle.
