

BOTH ARE SENT TO JAIL.

NEGROES STEALING FROM ONE ANOTHER.

One Negro Steals New Bacon From Another Negro.

It just seems that some negroes are compelled to steal and when they can't steal from a white man they will steal from each other, as did Owen Mozely, a negro living in the Little Washington suburb of Goldsboro, who broke into the smoke house of his next door neighbor, Rev. Elijah Clark, and took about fifty pounds of new bacon.

Early Monday morning Mozely appeared at the store of Mr. Arthur Stafford and tried to sell some meat. Stafford had been on the police forces in times past and knew that there was something wrong with a negro who tried to sell meat at 5 o'clock in the morning. He telephoned down town and Sheriff Scott who was on the scene, answered the call with his son George. They went by after officer Tew and then went to Stafford's store, where they found Mozely and the meat. The negro told several different tales as to where he got the meat and the officers started down town with him. When they reached the cotton yard the negro threw down the sack containing the meat and broke off in a run. Neither one of the officers had a pistol with them and George Scott took out after the negro and caught him in less than a square. He then admitted that he had stolen the meat, but said he got it near Black Creek and that there were two other negroes with him when he stole it. He was brought on to the Mayor's office and locked up. Soon afterwards Parson Clark, who is also a brick mason, came up to report that somebody had entered his smoke house during the night and stole his meat. This statement cleared up the situation and furnished the proof that will probably land Mozely in the penitentiary.

The other case is that of Willis Heath, colored, an old wood cutter and one of the oldest negroes in the city, had a visit from an acquaintance named John Roberts a few nights ago. John staid all night with "Uncle Willis" and left next morning before breakfast. Shortly after the departure of his visitor and friend "Uncle Willis" felt for his watch to see what the time was and lo and behold! his watch was gone. He then remembered that he had 25 cents in his pocket, and he found that the money was gone also. The old man reported the robbery to the police, who arrested the thief Saturday night. He was given a hearing Monday morning before Mayor Hood and sent to jail to await the next term of Superior Court.

FIREMEN'S BALL.

The Third Annual Dance and Banquet of Goldsboro Fire Company No. 1.

There are a few occasions in the life of every community which have so completely endeared themselves to the public that a simple mention of their re-occurrence is a sufficient introduction.

Such an occasion will be the Third Annual Fireman's Ball and Banquet which takes place on Easter Monday evening, March 31, at Armory Hall, under the auspices of Goldsboro Fire Co., No. 1.

Those who were fortunate enough to have attended their last Easter dance, under the same auspices, have such pleasant memories of a glorious time that this year's anticipation for the next affair has been one of ever increasing pleasure.

It is the earnest desire of Goldsboro Fire Co., No. 1, to make this affair more brilliant than its predecessors, and with this end in view, the famous Hollobush Orchestra has been engaged. This leaves nothing to be desired by the lovers of the Terpsichorean art. Those who do not dance may be feasted with the choicest renditions of music's sweetest strains.

The tempting viands of the banquet hall will make a strong appeal to all and contribute to the success and completeness of the occasion.

At Public Auction.

Sold under a mortgage one second hand organ almost like new, standard make, the Mason & Hamlin. Will be sold March 24, 1902. Come and examine same at the store of Joseph Edwards.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acrid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains. S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier, and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Easter Millinery.

Owing to the bad weather North—Mrs. Castex was unable to get back in time for the Easter Opening.

The hats are here however and we are able to fill any

Orders For Easter.
