HOLE IN TARIFF WALL.

The Chinese wall is bleached even if the trust-befriending Senate throws out the clause repealing all differential and countervailing duties on sugar. The hole may be patched up, but the scar will remain to teach all who come later how to break through the great tariff-for-trusts wall.

The amendment protects the people instead of a trust, and this is indeed strange. "The sacred" wall is no longer sacred, for it has a hole in it. And 42 Republicans voted in favor of putting that hole in it. This is revolutionary and really terrible, and every Dingley organ will squall against the Morris amendment this week. Morris is a Michigan Republican. Mr. Roberts, a Massachusetts Republican, tried to induce the House to adopt an amendment putting hides on the free list. Unfortunately he did not succeed, and shoes will be unduly high a while longer. Mr. Babcock, a Republican leader, asked that the goods made by the billion-dollar steel trust be met by goods admitted duty free, but this was voted down. Too much cannot be expected from the tools of the Barons at the start and at once.

But the breach is in the Chinese wall, and the Senate is "up against it." Let us hope the breach will not be closed. If all duty on sugar were removed careful estimates show that the price of sugar, to the consumer would be reduced one-half. The London price is 1.95 cents a pound, and the price in this country would not be much greater if all duties were taken off. The present price in New York is 3.37 cents a pound; in London it is 1.95 cents. The difference is the tax levied on consumers chiefly for the benefit of the sugar trust, a heavy campaign contributor.

The extra duty on refined sugar was put in for the sole benefit of the trust in order to repay a heavy campaign contribution. This return payment has been levied upon all the people in or out of the Republican party. It is a fair illustration of the entire robber tariff. If the Senate repeals it it will simply show anew its allegiance to the sugar trust and the campaign list.

Wants to Help Others.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found it equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat.—J. H. Hill & Son.

It takes a big man to forgive the acts against him of a little man.

Fought For His Life.

"My father and sister both died of consumption," writes J. T. Weatherwax, of Wyandotte, Mich., "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of Pneumonia left an obstinate cough and very severe lung trouble, which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me."—J. H. Hill & Son.

Better Cut This Out.

Every mother should be quickly suspicious of worms when her children act as if they were going to be sick. Worms are known to be the first cause of much ill health. Young and old very often are suffering from worms when a mother thinks it is something else. Remember a very harmless, yet always effective, remedy for stomach, tape or pin worms, is a 25 cent bottle of Mothers' Worm Syrup.

Hanna has decided to take things easy.

YOU KNOW WHAT YOU ARE TAKING
 When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No Cure. No Pay. 50c.

Poor MacLay can't even get a job praying.

SSS SKIN DISEASES

The skin is provided with millions of little pores and glands invisible to the natural eye, yet through these tiny outlets the larger part of the deadly matter that daily collects in the body is carried off. But nature never intended that poisons of an irritating or acid character should be eliminated through the skin, the Liver and Kidneys being their natural outlets, and it is when these important organs fail to perform their functions that these acid poisons are absorbed into the blood and find their way to the surface of the body through the pores and glands of the skin, producing intense itching and burning, inflammation and swelling, and eruptions of every conceivable size, shape and character.

Skin Diseases differ greatly in their general characteristics and degrees of intensity. Red and angry looking spots break out upon some part of the body with a mass of small pustules or blisters, from which is discharged a clear or straw colored fluid, which dries and flakes off in bran-like particles and scales, or forms into hard and painful sores and scabs. The skin often hardens and dries, cracks and bleeds from the effects of the fiery acids, which the blood is continually throwing off. Pimples, blackheads and blotches are evidences of a too acid blood, which has inflamed and clogged the pores.

Skin Diseases being dependent upon the same causes require the same treatment, which must be constitutional and not external. Nothing applied locally to the inflamed surface can bring much relief. The disfiguring eruptions will continue to annoy and pain you in spite of soaps, washes or powders. There is no hope of getting rid of a skin disease except through the purification of the depreciated blood and neutralizing and filtering out of the circulation all poisonous substances and acids.

The purifying and tonic properties of S. S. S. soon manifest their influence in skin affections; the debilitated system is invigorated and toned up, and the gradual disappearance of the eruptions show that the polluted blood is being brought back to its natural purity and strength. Old chronic skin disorders, which have resisted all the ordinary methods of

or any of the poisonous drugs which constitute the basis of so many so-called skin cures. Our Medical Department has been of the greatest assistance to thousands seeking relief from blood and skin troubles. Write us fully about your case, and our physicians will help you, for which no charge whatever is made. Our illustrated Book on Skin Diseases will be sent free to all who write for it.
