WALTER LETTER.

Capt. R. P. Howell, of your city, spent Saturday night and Sunday at "Oak Glenn", returning home Monday morning. His visits here always bring pleasure to our home circle.

A quiet home wedding was solemnized near here last Wednesday afternoon. The contracting parties were Mr. Haskel Edgerton, from over the river, and Miss Mary Pearson, daughter of the late Thomas Pearson. They both have hosts of friends whose best wishes attend them in realizing all the joy and happiness which this life can bestow.

Misses Lou Hines and Miss Berta Crawford were thrown from a buggy at Ebenezer Sunday afternoon, and fortunately neither one was hurt. We cannot account for the fall but in one way, and that is that one of them was sitting in the other's lap and when the horse turned down the road they kept straight on. We are glad they were not hurt, for it might have been a serious fall.

It will be a source of pleasure to her many friends to learn that Miss Eugenia Coor, who has been very sick for several days with appendicitis, is improving slowly and we trust she will soon be fully restored. Her condition was alarming for a day or two, and presented symptoms suggestive of surgical interference. However, her condition is gradually growing better, and she is now convalescent.

One of the most singular occurrences we have witnessed lately is a young lady taking her "beau" to church on a bicycle. We don't mean to be understood that he was riding behind or standing on the foot rest or sitting in a child's seat on the handle bars. It was this way: She was in the buggy with her sister, and he was running along their side looking love glances, and—but we could not hear what he said—but we could see what he looked. Anyway, she was taking him to church.

Dr. Miles' Pain Pills stop Headache.

Peculiar To Itself.

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**.

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." **SOSIE A. HARRIS, Withers, N. C.**

Hood's Sarsaparilla promises to cure and keeps the promise.

The Duty of Parents.

Prevention is better than cure, and yet a remedy like Gooch's Mexican Syrup for coughs, colds and consumption, if not used to prevent consumption by curing a cough or cold in the beginning, can be depended on to even cure after the lungs begin to waste away. No other remedy is so nice to take or so quick to cure, and many families often buy a new bottle before the old one is all used up, so that they may have it always in the house. Only 25 cents at MacKay's Pharmacy.

ADMIRAL SAMPSON DEAD.

Died of Hemorrhage at 5 O'Clock This Afternoon, at His Home

In This City.

Washington, D. C., May 6.—Death, which came at 5 o'clock this afternoon, ended the sufferings of Rear Admiral William Thomas Sampson, United States Navy, who commanded the American fleet in the West Indies in the war with Spain. Admiral Sampson passed away at his residence at the corner of New Hampshire avenue and Corcoran street, where he and his family had lived ever since his detachment in October, 1901, from duty as commandant of the Boston navy yard. The immediate cause of death was a cerebral hemorrhage at 11 o'clock this morning. Paralysis of the brain was simultaneous with the final attack, and the Admiral remained totally unconscious until the end, six hours later.

The Los Angeles biennial convention of Women's clubs was slightly delayed on account of the failure of some of the 5,000 trunks to arrive on time.

This is the last straw that breaks the back of populism. In addition to acquiring the sock habit, Jerry Simpson has taken to playing plug poker.

A BIG BULL MARKET.

The indications are, that we are on the verge of one of the biggest bull markets the country has ever known. It is rumored that John W. Bates, is backed by a pool of \$250,000, composed of J. PIERPONT MORGAN, MARSHALL FIELD, JOHN J. MITCHELL, President Illinois Trust Co., MOORE BROS. and several other capitalists, for the purpose of putting prices very much higher. We would advise the immediate purchase of all good dividend paying stocks, such as Manhattan, St. Paul, Rock Island, Atchafalaya common, Steel and Peoples Gas.
