PRESIDENTIAL POINTERS.

That was a good speech which ex-President Grover Cleveland made at the Tilden Club dinner last week. He outlined the policy of the Democratic party, which thousands upon thousands of good Democrats in this country agree to be good. It was in generalities, but it can be brought down to specific terms, and properly edited can be made of much use to the Democratic party.

It was a much better speech than David B. Hill made. Hill is a bit too much inclined to be a politician. He rather prefers to make much of the defects of the opposition rather than to blaze out a broad and popular path for his own party. To this extent Mr. Cleveland is a greater man than Mr. Hill, though Hill would be considered by many smarter than Cleveland.

The one man, however, who occupies the most conspicuous position in the Democratic party to-day is Arthur P. Gorman, of Maryland. Unless there is a great change Gorman will be the next Democratic nominee for President. All political indications are tending in that direction at present. And really Gorman is the greatest and broadest minded man in the Democratic party to-day. He combines the general wisdom of Cleveland and the political acumen of Hill. The three words "conservative" and "wise" and "courageous" define Gorman. He is nearer like Tilden than any Democrat to-day living.

The present Congress has been about the most miserable failure in the form of Congress that this government has ever had to contend with. There has been more manipulation and lobbying and less fixity of purpose about it than any Congress since the war. It has butchered Cuban matters and has, under the pretense of adopting isthmian canal legislation, done nothing, but simply postpone this legislation for a year or two. The conflict between the administration and Congress has widened into a breach which it would seem will have the effect of disrupting the Republican party. Roosevelt has been strenuous, but certain leaders of the Republican party have been equally as strenuous. Thus it would seem that the Republican party has split in twain and that it will be an easy victory for the Democrat in the next Presidential election, provided they nominate a man in whom the country has confidence. Unless all signs fail, the next President of the United States will be a Democrat.

SOUTHERN NEGRO CONGRESS

The Southern Negro Congress will hold its second annual session in Galveston next month, beginning July 1 and continuing five days.

The first meeting of this Congress was held in Jackson, Miss., last July. There was a very large attendance then and a much larger one is expected this year.

The object of the Congress is most commendable, and its first meeting indicated that its purpose will be pursued in a practical and judicious way.

It is hoped and believed by the sensible and conservative negroes who are directing this movement that it may result in advancing greatly the welfare of the negro race in the South. They realize that a better understanding between the whites and the negroes will be immensely beneficial to both.

The addresses made and the resolutions adopted at the Congress last year were on the line that leads most

Small Illness

What is the use of taking the rheumatic that he feels as if his joints were being dislocated? He knows that his sufferings are very much like the tortures of rack. What he wants to know is what will permanently cure his disease.

That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

surely to improvement of the negro's condition.

From the character of the leaders of this movement we may expect like counsels to prevail again and to be even more effective than they have yet proved, as the organization has grown and reached a much larger number of southern negroes.

We believe that the southern negro congress, wisely directed, may accomplish much good. Those who are engaged in it and striving so earnestly to build up a wholesome influence for it deserves the sympathy and encouragement of the white citizens of this section.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c. at J. H. Hill & Son's drug store.

The beet root boxers need the water cure if anyone ever did in this world.

J. P. Morgan should come home and form a combine of American heiresses.

Ready to Yield.

"I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of wounds. Accept no counterfeits.—J. H. Hill & Sons.

The first in war in South Africa are now first in peace and a British bounty.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid.—J. H. Hill & Son.

The beet has become our national vegetable.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. De Witt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Mountsville, W. Va. "They do me more good than anything I have ever tried."—J. H. Hill & Sons.

J. P. Morgan should be given the degree of D. T. (doctor of trusts).

All will rejoice when Edward really gets his crown on straight.

Happy Time in Old Time.
"We feel very happy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions, Infallible for Piles. Only 25c. at J. H. Hill & Son's drug store.

The beet sugar scandal is but an exemplification of Dingley rottenness.

Cholera Morbus a Dangerous Disease.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of LaFayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale at MacKay's Drug Store.

King Edward's crick in his lumbar regions resounded round the world.

How To Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale at MacKay's Drug Store.

The Panama hat begins to think all things are coming its way.

Saved From An Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shield, of Chambersburg, Pa., "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottle free at J. H. Hill and Son.

No one surely will attempt to assassinate King Edward.

Leads Them All.

"One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says D. Scott Currin of Loganton, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs.—J. H. Hill & Sons.

Read It In His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale at MacKay's Drug Store.

It was King Edward's rehearsals that broke his naturally robust constitution.

Whooping Cough.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale at MacKay's Drug Store.

WOODLAND CRUMBS.

Bro. B. E. Perkins and wife attended church at Woodland on Saturday and Sunday.

We were made glad on Saturday evening by refreshing showers. Crops show considerable improvement.

Mr. J. M. Edgerton seems quite happy of late, especially when you ask him how the twins are getting along.

Mr. Victor Herring and wife found a little sunbeam in their home on Thursday last. It is a girl and doing well.

Miss Laura E. B. Moore, Superintendent of Juvenile C. E. work, took her little folks to the Myrtle Springs on Thursday last, and gave them a fine picnic. There were about forty present and it was a gala day for the children. We were not specially invited, but being a hungry member of a similar institution we concluded to go down, where we were cordially welcomed and invited to stay longer. They drank water, played innocent games, etc., until noon, when the baskets were united and an abundance of good things were spread out. At first it looked as though there would be much more than enough, but as they had been sharpening their appetites for some hours by drinking from the sparkling springs it was nearly all consumed. In the afternoon the boys formed a fox chase by selecting two of their number for foxes, and the others played hounds. As we listened to the barking and yelping and the encouraging yells of George Moore, it made us think of ye olden times, which we shall never see any more.
