## DUELING IN EUROPE.

The movement in Europe for the suppression of dueling has gained strength notably in the last few years and may be said to have accomplished a real reform already.

The North American Review for August contains a very interesting article on this subject from the pen of His Royal Highness Alfonso de Bourbon et Autriche Este.

The bearer of this magniloquent title is the younger brother of Don Carlos, the notorious pretender to the Spanish throne and has a blue blood pedigree that cannot be surpassed. He is from the ancient and honorable house of Bourbon. It gave France some of her best and most illustrious kings including Henry, of Navarre, who became Henry IV.

The Spanish branch of the Bourbon Anjou family, to which this royal anti duelist belongs, was founded by a grandson of Louis XIV., namely Philip Duke, of Anjou, who, renouncing all rights of succession to the throne of France, became king of Spain in 1700 under the title of Philip V.

Prince Alfonso was born in London in 1849 and has lived for the most part in Austria. His present claim to special distinction is the fact that he is the organizer of an anti-dueling league which has a large membership and claims a powerful influence in most of the countries of Europe.

Prince Alfonso in his North American article writes exuberantly of the prospects of the league.

He states that its general plan is the organization of courts of honor in each city, composed of officers and gentlemen of the highest rank, and to these all controversies which would otherwise result in hostile encounters are to be referred. If the court declares any one of the parties to a controversy to be wrong, he is required to make reparation by apology or otherwise, and should he refuse, he is placed outside the pale of honor. This system is declared to be making way in all the Christian countries of continental Europe, with the exception of Russia. The court of honor in Paris is composed of 14 members, among whom are six officers (generals, admirals, colonels, and M. Paul de Cassagne, who is a distinguished journalist and was formerly a noted duelist, and whose opinion is that dueling is to be done away with entirely). In the provinces of France also tribunals of honor have been formed and have already been appealed to to settle some cases.

Prince Alfonso's anti dueling league seems to be a practical organization and we are not surprised to read that it has a very strong moral backing in countries where dueling was almost universally recognized not many years ago as the proper method of settling differences between gentlemen.

Emperor William, of Germany, has set his face sternly against dueling and has recently imposed exemplary punishment upon some of his army who appealed to the code duello on trivial provocation.

He predicts that duels will become practically unknown in Germany in a few years.

Dueling has been almost stamped out of this country in a remarkably short time. It has become comparatively rare in all parts of Europe except France, where it is accompanied with very little danger. It is doomed throughout civilization.

### NEW CROP SITUATION.

It is never wise to discount any particular present condition of a crop that is subject to vicissitude until it is picked, ginned and baled. The present talk of a bumper crop is much "too previous." There may be a 12,000,000 bale crop, and then again the present glowing prospects may fade away like a morning mist. The boll weevil is at work in Texas, and an early frost may do a world of harm in any or all of the cotton States. A widespread early frost could reduce the output fully a million bales.

The most that one can say at present is that the crop will not fall below 10,000,000 bales, and it may go to 12,000,000 bales. A ten million bale crop would make cotton worth 9 cents, while a twelve million bale crop would reduce the price to 7 cents. The difference to the cotton belt as a whole would be considerable, as the one crop would sell for about as much as the other.

If we split the difference by saying the new crop will be 11,000,000 bales, worth in the farmers' hands 8 cents, we would make just as good a guess as the situation justifies at this writing. But it is merely a guess, and it may be modified at any time by the weather or by insects.

We may, however, venture the statement that the world will consume an eleven-million bale crop, and that such a crop will sell for 8 cents, and possibly at times for a trifle more. Stocks are well exhausted, and the world is calling for more cotton each year.

### A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwiler, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale at MacKay's Pharmacy.

King Edward's physicians are now issuing bills instead of bulletins.

### Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark. This remedy is for sale at MacKay's Pharmacy.

### To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he has tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength, of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals.—J. H. Hill & Son.

### Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by J. H. Hill & Son, Druggist.

### A YOUNGLADY'S LIFE SAVED

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale at MacKay's Pharmacy.

The Autocrat of the Breakfast Table should have lived to this day.

### His Sight Threatened.

"While picknicking last month my 11-year old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for awhile we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits.—J. H. Hill & Son.

There will be no handshaking in President Roosevelt's tour.

### All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ga. "That often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivalled for Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at J. H. Hill & Son.

Alcohol plays a conspicuous part in the laboratory of human experience.

### It Needs a Tonic.

There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 531 Highland avenue, Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress.—J. H. Hill & Son.

## What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility. How are they expelled? By
