

THE ARGUS.

DAILY AND WEEKLY.

LODGE DIRECTORY.

Wayne Lodge, No. 112, A. F. & A. M., meets 1st and 3rd Monday evenings, 7:30 o'clock, in Odd Fellows Hall. Visiting brothers heartily welcomed.

Raffin Lodge No. 6, K. of P., meets every Friday evening, at 8:30 o'clock in Odd Fellows Hall. Knightly welcome to visitors.

Goldsboro Council No. 39, Jr. O. U. A. M., meets every Wednesday evening, 8:00 o'clock, in Odd Fellows Hall. Cordial welcome to all visiting brethren.

Neuse Lodge No. 6, I. O. O. F., meets every Tuesday evening, at 8:00 o'clock, in Odd Fellows Hall. Cordial welcome to visitors.

PURELY LOCAL.

ITEMS OF INTEREST IN AND AROUND THE CITY.

Picked Up By the Ubiquitous Reporter and Chronicler

For the Information of Argus Readers.

Superior court is still in session and at work on the criminal docket at present.

The Acme Machine Works has turned out another locomotive for a lumber company in South Carolina.

Tobacco continues to find its way to this market in large quantities and the price is what the farmer would have it.

The Banks of this city will remain open throughout the fall and winter season until 2 o'clock on Saturdays.

While the city is paving Walnut street from Centre to John streets the street will have to be blocked, but the work will be pushed rapidly so as to cause as little inconvenience to the merchants as possible.

The Institute for the white teachers of Wayne county will be held at the Graded School in this city the third week in October, beginning on Monday morning October 20th, and closing Friday evening October 24th.

Mr. C. F. Carpenter, representing the Carpenter Buggy Co., of Cincinnati, is in the city and gave a barbecue to his friends last night out at the suburban farm of Col. W. T. Dortch, which was very much enjoyed by the select crowd present.

Col. William T. Dortch comes out in a strong card advocating the nomination of Mr. H. B. Parker, Jr., of this city as a member of the Legislature from this county. Mr. Parker is a young man of splendid abilities, possessing as well, a strong character.

Both the county and city tax collectors have their new books and each have torn out a few receipts for taxes for 1902. They are not kept as busy as they would like to be. It would be a good idea to pay taxes while you have the money and before you are required to do so by law.

The old rough stone curbing on Walnut street has been taken up and new curbing, more uniform in shape and with dressed edges will be put down at once. The city will pave the street from Centre to John streets with brick. A civil engineer from Lynchburg, Va., is in the city to superintend the work and have it conform to scientific requirements.

Mr. J. M. Hollowell, who is still young when the circus comes to town, says he makes it a point never to go to a circus in the day time for the reason that when the band begins to play at night he could not resist the temptation to go again, but that when the band begins to play in the afternoon he consoles himself by saying, "I'll be with you to-night."

The school census of Goldsboro township, just completed, shows the number of white children in the township to be 1483, a decrease of 18 from last year's census. The city proper has 560 males and 534 females. The township outside the city has 166 males and 223 females. Of those between the age of 12 and 20 who can neither read nor write only 33 are found in the township.

This reporter was shown to-day some proof sheets of the North State Republican, which it is said will make its appearance next week. Mr. A. Whitely, former editor of the M. Olive Advertiser and later the Wayne County Advertiser, will do the editorial work on the paper for the present. The paper will be issued by the Republican Printing Company.

The excursion of Mr. R. E. Pipkin to Richmond next Monday must not be lost sight of. It is one of the best trips that has been offered this year. Mr. Pipkin could not go to Washington for reasons stated here-

Mother

"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."
D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take. It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

Three sizes: 25c., 50c., \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. We are willing to leave it with him. We are willing.
J. C. AYER CO., Lowell, Mass.

GOLDSBORO CITY SCHOOLS.

The New Buildings Will be Ready

For the Opening: Faculty Completed by the Election of Miss Sallie Kirby Last Night.

The two commodious and handsome new brick buildings of the Goldsboro Graded School that have been erected, one at each end of the original building, are now receiving the finishing touches and will be ready for occupancy by the date fixed for the opening of the school.

The old building, too, has been remodeled inside and equipped with the same modern furnishings as the new buildings; so that Goldsboro can now boast of as commodious and convenient public school buildings as any in the country.

The spacious grounds are also being leveled and beautified, and the newly elected white janitor will be required to keep them in ship-shape and protect them from trespassers while school is not in session.

There have been a number of resignations in the faculty since the school closed for the summer vacation, due to the acceptance by the resigning teachers of positions tendered them in other schools. Their places here have all been supplied, the last vacancy having been filled last night by the Board of Trustees unanimously electing Miss Sallie Kirby, of this city, who holds a position on the faculty of the Raleigh Public Schools, which she has filled for years, after a competitive examination. That she will accept the position to which she was elected last night is a source of great pleasure to her many friends here; and the Goldsboro schools are indeed to be congratulated on securing her.

The faculty of the school as it now stands, complete for the ensuing year, is as follows:

TEACHERS FOR 1902-1903.

- Mr. Thos. R. Foust, Superintendent.
- Mr. A. J. Barwick, Principal.
- Mrs. M. O. Humphrey.
- Mrs. M. B. Griswold.
- Miss Jennie Royall.
- Miss Ada Blair.
- Miss Rebecca Humphrey.
- Miss Etta Spier.
- Miss Mary Jones.
- Miss Mattie Fulghum.
- Miss Susie Nash.
- Miss Susie Fulghum.
- Miss Annie Farror.
- Miss Ophelia Howell.
- Miss Leila Cobb.
- Miss Jessie Jenkins.
- Miss Florence Mayerberg.
- Miss Lizzie Ferrell.
- Miss Annie Beaman.
- Miss Sallie Kirby.
- Miss Nellie Cobb, substitute teacher.

THE WRONG NEGRO.

Sheriff Scott Makes a Wild Goose Chase to the Northwestern Section of the County.

He Returns Without His Man.

Sheriff Scott returned to the city about 2 o'clock from the northwestern section of the county, where he had been on a wild goose chase.

Friday morning the Sheriff received notice that a negro whom he wanted and who was accused of house-breaking was staying at the home of another negro near the Wilson county line. The Sheriff left the city last night about 7 o'clock by private conveyance and went directly to the place where the negro was staying. He arrived there about 10 o'clock. He had very little trouble in capturing the negro whom he thought he wanted. When he arrived with the negro at Fremont he found that he had arrested the wrong negro and he gave the man enough money to pay his fare to Black Creek on the train and also to hire a turn-out to take him back to his home.

The Sheriff is of the opinion, however, that he committed some crime. He gave his name as Sol Daniel and said that he came from Garner's Store, in Greene county. He is now living with his sister, who denied that she had any one in the house when the Sheriff asked to be admitted last night. The negro was locked up in a room and the Sheriff had to threaten to break the door down before the woman produced the key.

The negro had recently been shot in the leg and he claimed to have been crippled by another negro at his old home in Greene county.

MAKES HIS ESCAPE.

Frank Winn Runs Away to Keep From Standing Trial.

The negro Frank Winn, of Mt. Olive, who is charged with killing his cousin Charles Winn, is reported to have skipped the country.

Frank had been given his liberty on a \$2,500 bond and his case was to have come up at the present term of the Superior court. He had remained quietly on his farm near Mt. Olive until Saturday night, when he left, presumably to go to town and has not been seen since.

The murder for which he is charged occurred about three months ago. It was a cold blooded affair and Frank and his cousin Charles with several other negroes in the neighborhood went fishing one day and during that afternoon Charles made some joking remarks about Frank. The party all returned home and that night about 7:30 o'clock while Charles was prying along the road with some girls in front of Frank Winn's house, the latter called to Charles to stop. The only eye witness to what occurred is a small negro boy about 6 years old, who says that Frank Winn told Charles that he had been talking about him and without further ceremony struck Charles over the head with a club. The boy ran and told Charles' father who came up in time to see his son expire from a broken skull. Frank remained at home until arrested, which took place a few moments later.

He was brought to Goldsboro and placed in jail. His counsel went to work to have him released upon habeas corpus proceedings and he gave bond for his appearance at court by giving a mortgage on his property. He had real estate valued at about \$4,000. It is understood that he has disposed of his property and left the country, preferring this course to the hangman's noose or a term in the penitentiary.

TRIPLE WEDDING.

The Mayors' Court Room the Scene of Three Marriages at Once Friday Afternoon.

Goldsboro is not to be outdone in the matter of marriages when viewed from a numerical standpoint at least. A triple wedding took place in the Mayor's court room here Friday afternoon. Three couples from the Faro section of the county came to the city to see the circus and after arriving here concluded they would get married. They went to the office of the Register of Deeds and secured license, after which they went to the Mayor's office, where the ceremony was performed by Justice of the Peace J. E. Peterson, in the presence of a large crowd who gathered from off the street to witness a triple wedding, which is certainly unusual. The names of the parties are as follows: H. B. Bradshaw and Mattie Gaugh, J. B. Bradshaw and Sarah Shadding, N. M. Bailey and Sarah Shadding. Among the married couples are two brothers and two sisters, while the first named couple are cousins.

After the ceremony the three couples departed from the building with their faces wreathed in smiles. They left for their homes later in the afternoon to break the news to their relatives and friends.

A Boy's Wild Ride For Life.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at J. H. Hill & Son's drug store.

WATER RATES.

The question of water rates is causing a great many people to make inquiries. Some time ago the Board of Public Works published a schedule of rates which seems not to give very general satisfaction. These range all the way from $\frac{1}{4}$ cents per cubic foot to 30 cents per cubic foot and therein lies the cause of the trouble. It is claimed that if the city can pump water at $\frac{1}{4}$ cents for manufacturing plants it can also pump it at that price for individuals and that it is no more trouble or expense to furnish it in large quantities than in small.

And it is also claimed that if it costs more than $\frac{1}{4}$ cents to pump the water then the small consumer should not be taxed to furnish the large consumer with water. The vast difference in the price is what is causing the agitation of the subject.

It is claimed still further that since the city has secured control of the water works the price has been advanced instead of being reduced as it was expected. The public is entitled to some explanation of the charges herein contained.

FOR THE HOUSE.

EDITOR ARGUS:—In a recent issue of your always interesting paper I read with great pleasure and satisfaction an article from my friend Mr. James M. Wood, endorsing that sterling Democrat and untiring party worker Mr. Atlas T. Uzzell for the lower house of the General Assembly.

I have known Mr. Uzzell personally and intimately from his boyhood, and I can truthfully say of him that he is a man in every way to be admired: a farmer—he stands by his occupation and "lives on the farm"; a citizen, he does his every duty cheerfully; a neighbor, he is helpful, considerate and generous; a Democrat, he is unwavering in party service and untrifled in the maintenance of party principles; a man of the people, from the people and for the people, he would be true to the people's interests in the halls of legislation, for he knows not how to be otherwise, and would not be otherwise, for his honor is always his guide. Such a man can always be trusted.

I desire to endorse everything that Mr. Wood said—and so well said—about Mr. Uzzell, and I hope the county Democracy when it assembles in convention to name our county ticket will nominate A. T. Uzzell as one of our representatives in the next Legislature.

Very truly,

JACOB F. HILL.
Saulston, N. C., Sept. 8, 1902.

DUPLIN COUNTY-TICKET.

Democrats Name a Well Distributed, Strong and Conservative Ticket.

Kenansville, N. C., Sept. 8.—The Duplin County Democratic Convention met here today and nominated a full Legislature and county ticket. The primaries were held Saturday, and only a light vote was cast, it being the first time regular primaries have been held in this county.

The following ticket was nominated: D. S. Kennedy, Senate; J. W. Gresham, House; D. H. Wallace, Clerk, Leonidos Middleton, Sheriff, C. S. Carr, Register of Deeds; Frank Potter, Surveyor, and Jacob O. Carr, M. W. Brown and M. F. Westbrook, Commissioners.

The ticket is well distributed throughout the county and is a very conservative and strong one. The liquor question has been raised to some extent in the campaign, but this is neither a wet nor dry ticket and will give general satisfaction. There will be no excuse for independence in Duplin, and a large Democratic Majority may be expected in November.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in Liver, Kidney and Stomach troubles. Don't fail to try them. Only 50 cts. Satisfaction is guaranteed by J. H. Hill & Son.

Bananas at almost your own price at C. F. Griffins.

NERVOUS PROSTRATION CURED BY PE-RU-NA.

J. A. SIMPSON.
[Sec'y Bd of Education, San Francisco.]

Hon. J. A. Simpson, Secretary of the Board of Education of San Francisco, Cal., writes: "I have found Peruna an ideal tonic. Some months ago I suffered with neurasthenia (systemic catarrh), caused by too close application to office work. My system seemed worn out and I felt far from well. I found Peruna benefited me very much. It built up the entire system and made me feel like a new man. I believe it is well worth the high praise bestowed upon it."
J. A. SIMPSON.

Systemic catarrh always gives fair warning of its approach, and can be easily ward off by the proper treatment. Floating brown specks before the eyes, mental confusion, fits of nervous headache, sleeplessness, flashes of heat, chilly sensations, palpitation, irritability, despondency; any of these symptoms or all of them should be promptly met by the use of Peruna.

Congressman E. V. Brookshire, from Indiana, in a recent letter from Washington, D. C., says:

"From what my friends say, Peruna is a good tonic and a safe catarrh cure."

E. V. Brookshire.

"Summer Catarrh," a book written by Dr. Hartman, President The Hartman Sanitarium, on the subject of the nervous disturbances peculiar to summer, sent free to any address by The Peruna Medicine Co., Columbus, O.

A WORD WITH THE FARMERS

Some years ago inquiries were sent out to the best things which a farmer can attend to to make farming a pleasure and a profit.

A said: "Owner must live on his farm, plow deep, fertilize well, plant and sow early. Have good buildings for owner, tenant and laborer; sow one-fourth in grain, one-fourth in grass, one-fourth in permanent pasture, and one-fourth in summer crops. Keep well posted."

B said: "Crop well planted is half made. Kill sprouts, plant grain in October; spread manure in December for spring crops."

C said: "Terrace hill-sides, surface drain low lands; keep all the cattle you can in winter, pen them every night and spread manure on the surface of your land. Rotate crops, cotton, corn, oats, then sow peas. Raise your supplies and your own stock, let your cotton be your money crop."

D said: "Let the negro immigrate; raise your farmers at home. Turn out old lands and cultivate well the remainder."

E said: "Be a Christian; keep out of debt; keep books with yourself, raise your own provisions, raise cotton for money crop."

F said: "A place for everything, everything in its place; stop leaks, keep up repairs; keep all the stock that can be kept for milk, butter or beef. Give everything good attention on the farm."

G said: "Southern farmers should grow grain and grass; grow everything that family stock can eat. Manure crops well, but let commercial fertilizers go. Do all you can every year to improve your land by plowing under grass, and peas; never sell any cottonseed."

This is enough for one lesson and there is good hard sense all the way down from A to G.

You may have a good cotton crop, but if you can grow and sell butter, buttermilk, sweet milk, chickens, eggs, hams, sides, sausage, souse, lard, pigs, pork, strawberries, peaches, grapes, apples, pears, wheat, wheat straw, flour, potatoes, sweet and Irish, roasting ears, butter beans, snap beans, turnips, onions, squashes, carrots, cabbage and stove wood, you will find your small crop is ahead of the big cotton crop, that is, if in cultivating the latter should work high-priced free labor, and worry with their absences and hindrances.

The secret of good farming is to be in time and do the work well. Plant early and work it well before weeds and grass get a start.

FOR RENT—An eight room house on Elm street with water and sewerage connections. Apply to I. B. Fonvielle.
