

# BOARD OF ALDERMEN.

THEY MET IN REGULAR MONTHLY SESSION LAST NIGHT.

Several Questions of Importance Came Up Before the Board, Among Which Was, the Sprinkling of the Streets.

The Board of Aldermen met in regular monthly session last week with Mayor Hood in the chair and Aldermen Hollowell, Kornegay, Lamb, Wooten, Southerland, Well, Harrison, Creech and Daughtry present.

City Clerk Broadhurst read the minutes of preceding meetings during the month, which were adopted as read.

Mr. I. F. Dortch appeared before the board in the interest of Mr. Asher Edwards and submitted an ordinance repealing the law prohibiting the sale of liquor on East and West Centre street between Mulberry and Ash street. The ordinance was adopted as submitted.

Rev. F. W. Farries appeared before the board in the interest of the Goldsboro Hospital and asked that East Boundary street be made to conform to the regulation width of other streets so as to allow the hospital to use a site for the hospital which they had obtained at the corner of Daisy and Boundary streets. The question of widening the street was referred to the street committee, who will make an investigation this afternoon. Mr. Farries also asked for the annual appropriation of \$150.00, which was made, one-half being available now and the remainder to be paid later on.

Mr. Geo. C. Royall called attention to the necessity of sprinkling the streets to preserve the finishing on the macadamized streets. Other talks were made in favor of sprinkling the streets, but the board finally decided to ask the board of public works to give the merchants the water if the merchants would hire a team and a driver.

Mr. F. W. Hinker made application to retail liquor at the stand formerly occupied by Mr. J. L. Dickinson on John street. The board granted the recommendation upon the payment of the necessary privilege tax.

Mr. L. Kiewe made application for renewal of license to retail liquor at his saloon next to the new city hall, and the board granted the recommendation.

Mr. T. S. Hinnant made a verbal application for privilege to occupy his old bar stand on E. Centre street, near the new city hall. The board requested that he get his application in the proper shape and promised to consider it.

Capt. Lamb made a lengthy talk in opposition to the contract which the city had made with the property owners on Walnut street, opposite the court house, but the matter was finally passed over without action.

Aldermen Well, as chairman of the Park Committee, asked for an appropriation to have lights put in the park and to build a pavilion. He said he understood that the Goldsboro orchestra would give concerts every Sunday afternoon if they were given a pavilion to play in. The appropriation was granted.

Col. A. C. Davis, city attorney, stated that the ordinance committee had decided to make what changes were necessary in the city laws and only have the changes printed and inserted in the old books.

The question of the removal of the Great Eastern was brought up and it was decided to give the owner of the property until the 15th of July to remove it.

Aldermen Sol. Well and Geo. C. Kornegay were elected members of the board of trustees of the Goldsboro Hospital, on the part of the Board of Aldermen, as provided for in the charter of the hospital.

The question of releasing the fish dealers from the requirement of giving bond was referred to the proper committee.

Mr. Geo. Stith asked of the board to have water pipe put in on Oak street and the request was referred to the fire and water committee.

The Mayor reported 23 cases tried,

with costs imposed amounting to \$118.29. Also showed the number of deaths to be: White—Adults, 3; children, 3; colored—adults, 3; child, 3; births—white, 7; colored, 10.

The reports of the several city officials were read.

The Republican Convention of 1904 is largely anticipated.

### MERGERS AND TRUSTS ARE SHAKY.

The United States Supreme court has advanced the case of the Northern Securities company so that it will be heard in December next, instead of two or three years hence. This changes the situation, and there is a notable decline already in all combinations that destroy competition and restrain trade. Trust securities are no longer marketable, and even the latest scheme of the steel trust is hanging fire and may prove a flat failure. When the steel trust, backed by J. P. Morgan & Co., cannot put securities upon the people, the smaller trusts are simply paralyzed and cannot move a finger. This is why so many schemes in the formative state have been turned down of late, notably the southern cotton mill schemes, and the Brunswick steel mill, and a host of similar schemes in the northern states.

If the Supreme court speaks as plainly in December as the four appellate judges did, and unanimously as they did, the wild career of the trusts and mergers will soon be ended, and normal conditions will be restored, and the individual will soon have a living chance again.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out" as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such unrivaled curative properties as fully warrant its making in publishing the remarkable offer above made in the utmost good faith.

**\$3,000 FORFEIT** will also be paid in lawful money of the United States, by the officers of the World's Dispensary Medical Association, if they cannot show the original signature of each individual volunteering the testimonials below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness and the superiority of these medicines.

### WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, BUFFALO, N. Y.

Mrs. Maggie McFarland, of Taswell, Ind., writes: "Two years ago my health began to fail and I was hardly able to walk around. I broke down, then trouble of a special nature set in and I suffered severely from falling of womb. Had heart trouble till I could not sit up; was confined to bed all the time. After I had been in bed two weeks undertook to get up but found I could not. My husband called the doctor, but his medicine only made me weaker and worse; I was having a chill every day, and it seemed as though I would die. We called another doctor who said he could cure me in three weeks, and when he found he could not do so he said I had "hysterics," and urged me to use a skeleton, when one me worse. I was almost crazy and prayed to die and get out of my suffering. Was so poor I was only a skeleton, when one day I chanced to pick up a little Memorandum Book and reading of Dr. Pierce's medicines resolved to write him concerning my case. He wrote me a kind letter. I purchased his medicine and began taking it, soon began to feel better; the weak quivering in my bowels stopped and the pain in my side became less. Continued the treatment until I had taken about six bottles of Dr. Pierce's Favorite Prescription and one box of Dr. Pierce's Suppositories. I am now doing the work for a family of eight. Can walk to the store and carry my baby three miles. Can sleep well, and life is worth living. I cannot praise Dr. Pierce's medicines too highly. Hope others also will take Dr. Pierce's medicines and be cured, and that this statement may be the means of many suffering ones applying to you for relief.

"I know of a man in our vicinity whose neighbors and friends thought he would die, but Dr. Pierce's Golden Medical Discovery cured him. Know also of others who have been benefited by the use of your medicines."

Mrs. Mamie Patterson, of 42 Hedden Place, Elizabeth, N. J., says: "About one year ago I wrote to Dr. Pierce and he advised me what to do. It is hard for me to say just what my trouble was. Was nervous; had sick headaches, backache, pain in small of back, had no appetite, pain in my left side. I was a complete wreck. I had tried many doctors and did not get well, so had given up the thought of ever getting better. I have taken eight bottles of 'Favorite Prescription,' and to-day feel like a new woman. Have advised several of my friends to use Dr. Pierce's medicines and they have done so and received much benefit. I am thankful to you for your advice, and also for what your wonderful medicines have done for me. May the blessing of God ever rest upon you. I gladly send you this testimonial."
