

Goldsboro Weekly Argus

This ARGUS is for the people's pleasure
Doth an eternal vigil keep

No soothing charms of Mals' sorcery
Can dull its hundred eyes to sleep

VOL. XV

GOLDSBORO, N. C., THURSDAY, AUGUST 6, 1903.

NO 5

AN ENJOYABLE OCCASION.

THE OLD VETERANS ENJOY CAMP LIFE.

Mr. J. M. Hollowell Tells of the Good Time the Old "Boys" Had While in Camp, Also About the Deserters.

EDITOR ARGUS:—Instead of the annual dinner as has been their custom, the Thos. Ruffin Camp of Confederate Veterans decided this year to spend a day or two in camp.

Col. W. H. Smith had arranged for reduced rates on the A. & N. C. R. R. and secured the use of tents just vacated by the Second Regiment of State Guards at Camp Rodman near Morehead City. So last Thursday evening about forty of the old boys with some of their sons took the train for camp.

It was a right lively crowd of the old "grays" and a good deal of fun and amusement was had on the way—the old darkey Annanias Lewis carried the battle flag.

We reached camp about dark, selected tents, secured blankets from Sergeant Pike, ate supper and gathered around the tents talking over old war times, until time to retire. Col. Smith left Tom Jones in charge of camp and Henry King to look after the comfort of the old fellows. Henry did his duty well, but his was a hard job.

It was this way, the old fellows after a vacation of thirty eight years could not sleep well under tents. They would get up and walk in their sleep, wander about over camp, get entangled in the tent ropes and have to be extricated, lose their tent and have to be led back to it. I did not rest well myself, notwithstanding there was plenty of straw in the tent, and it lay comfortable, yet, I was restless, I seemed to feel the absence of something. I would catch myself throwing my hand out feeling for something that was missing, possibly, it was for my gun. At any rate the next time I go in camp I think I will carry a gun.

Next morning we went down and saw a haul of seine made, bought the fish and had them fresh for breakfast. We were then informed that we would have to give up the tents as they were needed at Greensboro. So after another fish dinner we broke camp, accepted an invitation from Commodore Deb Holt to go aboard his boat and he very kindly took us up to Morehead City where the evening was very pleasantly spent until time to take the train back to Goldsboro. Some few remained over until Saturday.

We had only two deserters on the outing. These were Comrades Berry Parks and Britton Scott. When the train stopped at the camp for us to get off, Berry and Brit stood on the rear of the car listening for the sound of fox hounds and as they did not hear any they hid back in the car and went on to Morehead and took the first train back to Goldsboro.

Though it proved a very short encampment, yet it was a very pleasant one and the old "boys" all appeared to enjoy it. Col. Smith did all he could to make the trip pleasant, and Joe Bryan and Tom Kelley handled the grub department finely. All regretted the absence of Adjutant A. B. Hollowell, who is always foremost in everything that will give aid and comfort to the old veterans.

J. M. H.
Temperance is the ruling passion of the day and the soda fountain one of its strongest supporters, and the most delightful and most satisfying of all the beverages sold by soda fountains is Pepsi-Cola, the Pepsin drink. It is healthful. Try it. 5 cents.

N. C. STATE GUARD.

Major John Newton, of the U. S. Army, in His Report to the War Department, Speaks Very Highly of Our State Guard.

The report of Major John Newton, of the Sixteenth Infantry, U. S. A., who, with Col. T. H. Bain, of the Governor's staff, inspected the North Carolina Regiments, had the following complimentary paragraph in his report to the War Department:

"Taken as a whole, the National Guard of North Carolina is a good, earnest body of men. Their drill, manual of arms, military appearance and discipline is crude. Being in separate companies, and not having advantage of encampments so they can be brought in contact with other organizations, most captains interpret their drill regulations differently. The maintenance and discipline of the National Guard of North Carolina seems to rest wholly with the captains. The citizens of the different towns are very much interested in their welfare, and in some cases contribute money to their support. The people of the State place great dependence on the National Guard. In case of riots and disturbances, they are often called out, and report promptly. In fact, there seems to be great rivalry as to which company can get to the designated point first."

CURE FOR HAY FEVER.

J. H. Hill & Son Say Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand and many people feel that they will be obliged to leave town in order to avoid the sneezing, watery eyes and other annoying symptoms of this disagreeable summer disease.

J. H. Hill & Son wish us to announce that when Hyomei is used, either as a preventive or cure, there will be no hay fever. They advise the use of Hyomei daily for two or three weeks before the usual time for the annual appearance of hay fever. In this way the attack will be prevented. If, however, the preventive treatment was not started soon enough and the disease comes on, use Hyomei six or seven times daily and also rub Hyomei Balm thoroughly into the nostrils both morning and night. This treatment will relieve at once and give a speedy and permanent cure.

Hyomei actually brings into your own home, a climate filled with ozone and healing balms, the same air that one breaths at the White Mountains or other health resorts.

There is no stomach dosing when Hyomei is used. It is Nature's own method for curing all diseases of the respiratory organs, and is breathed through a neat pocket inhaler that accompanies every outfit, so that the medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

It is the one treatment for hay fever where Hill & Son guarantee to refund the money if it does not give satisfaction. All who are subject to hay fever should begin its use at once so as to prevent the disease.

New Orleans, July 30.—As expected, the attitude of President Roosevelt on the negro question has caused a break up of the white Republican party of Louisiana. A circular addressed to the white Republicans by Republican leaders, calls for an abandonment of the party, on the ground that under Roosevelt it is so identified with negroism that a white man cannot belong to it.

"FORCE," a ready-to-use, ready-to-digest, delightful food, brings the independent strength that comes of health.

OUR TOBACCO MARKET.

THE OPENING SALES TO-DAY NOT LARGE.

60,000 Pounds On the Floors of Our Three Warehouses: Prices Low But Farmers More Cheerful Than the Warehousemen.

Goldsboro tobacco market opened for the season Monday, and all three of our large sales warehouses were busy from an early hour receiving and placing the yellow staple on their floors; but the aggregate receipts did not exceed sixty thousand pounds, and the quality was by no means the best. In fact, it has not been a favorable year for the growing of tobacco, and those who have succeeded best with the cultivation of the weed still will have but inferior staple. This is general all over the country, and added to this the universal depression in the prices offered for the weed makes the outlook for profitable returns to the farmer by no means encouraging.

The prices that prevailed on our market Monday run from 2 cts. to 9 cents per pound for tobacco that sold last season at just double that amount.

This is no surprise, however, to the farmers, who were told—or foretold—last season that the prices would be low this year. Just what the cause is we are unable to say definitely. Some say it is due to a combine on the part of the American Tobacco Company and the Imperial Tobacco Company, which two control the entire manufactured product; while it is also stated—and probably with truth, that the overproduction of the weed for the past several years has created such a congestion of the rough product, that it will require three years, without another leaf grown, to manufacture and work up the present stock on hand.

Be all this as it may, the fact remains that prices are low and the outlook is not favorable; and while the farmers seem to accept the situation with their usual cheerful philosophy the warehousemen are depressed and unhappy.

At all events, the prices paid on the Goldsboro market Monday were the best we have yet seen recorded of any opening day on any market this season.

TEACHERS WANTED.

For Schools All Over the Country at Good Pay.

We need at once a few more Teachers for fall schools. Good positions are being filled daily by us. We are receiving more calls this year than ever before. Schools and colleges supplied with teachers free of cost. Enclose stamp for reply. American Teachers' Association, J. L. Graham, LL. D., Manager, 152-154 Randolph Building, Memphis, Tenn.

REDUCED RATES.

On the first and third Tuesday's of July, August and September the Frisco System (Saint Louis and San Francisco Railroad) will have on sale reduced one way and round trip tickets from Birmingham, Memphis and St. Louis to points in Arkansas, Missouri, Oklahoma, Indian Territory, and Texas. Write W. T. Saunders, G. A., P. D., Frisco System, Atlanta, Ga., for information.

Greenville, N. C., July 30.—Greenville is getting interested in the Raleigh and Pamlico Sound railroad. Nearly every man is signing the petition asking for an election on the question of the town voting fifteen thousand dollars stock.

Men, too, wear openwork socks of the unmodified sort.

WE GO FORWARD.

FORTY-FOUR PEOPLE PAY ON THEIR INCOME.

This Is the Number Given in By Tax Payers of Wayne County, Only Three of Whom Were Outside of Goldsboro.

It is the general comment of traveling men who visit Goldsboro regularly that we have one of the most substantial towns in the country. The character and credit of the business men is the very best, while the reputation, skill and ability of our professional men is known to the people of the whole State and it is a source of pride to every citizen of our progressive city.

The citizenship of our city is composed for the most part of people who were born and raised here and who are not only proud of their birth place, but who take a pride in everything that would be of benefit to the town. With such a class of residents the town is compelled to go forward. An index to the general progress of the city was discovered while glancing over the tax listing figures in the office of the Register of Deeds when the reporter found that forty-four people in Wayne county gave in taxes on their incomes. Only three of these are outside the city of Goldsboro and they were in Nahant township. The amounts range all the way from \$200 to \$3,711. The three largest on the list are Messrs. C. B. Aycock, \$3,000; F. K. Borden, \$3,000 and W. T. Dortch, \$3,711, from which it can be seen that Mr. Dortch leads the list by over \$700. In listing income tax the lister is allowed \$1,000 exemption and office expenses on all incomes not otherwise taxed. The large number who gave in taxes on their incomes in Goldsboro, a city of 8,000 inhabitants, is an indication of the thrift, prosperity and substantial growth of the city and would doubtless compare favorably with any town in the State of the same population.

LETTER FROM J. H. HILL & SON.

Will Sign Bond to Refund Money Unless Mi-o-na Restores Health.

TO THE EDITOR OF THE ARGUS:

Dear Sir:—Having heard that some people question the sincerity of our offer to refund a purchaser's money if Mi-o-na does not cure dyspepsia, increase the flesh and restore health, we are writing you this letter to say over our own signature that this offer is made in good faith and will be lived up to by us—both in the spirit and the letter.

We will give the following bond with every 50c box of Mi-o-na we sell. There is no risk in buying Mi-o-na.

GUARANTEE BOND.

We hereby agree to refund the price paid for Mi-o-na, if the purchaser tells us that it has not increased flesh and given freedom from stomach troubles.

J. H. HILL & SON.

So many of our customers have told us of the great good Mi-o-na has done them, that we are more thoroughly convinced than ever that there is but little risk to us in selling Mi-o-na under this guarantee.

The demand for Mi-o-na is increasing rapidly and it is the most popular of all medicines we sell for the cure of stomach troubles. If it did not have unusual merit we could not afford to guarantee it.

Your readers can see that they run no risk whatever in buying Mi-o-na. Respectfully yours,
J. H. HILL & SON.

THE ELMORE CASE.

IT IS OF MORE THAN PASSING INTEREST TO LAWYERS: SOME POINT IN THE PLEADINGS.

Mr. W. T. Dortch, as attorney, has received a check for \$5,000 from the Seaboard Air Line Railroad Co. for Mr. Henry Elmore, of Mt. Olive, who was injured while coupling cars on that road about two years ago. The case was tried in the Superior court, in this city, last Spring was a year ago, when the jury gave the plaintiff a verdict. An appeal was taken to the Supreme court, which tribunal sustained the verdict. Besides Mr. Dortch the plaintiff had two other able counsel in the person of Mr. I. F. Dortch and Judge W. R. Allen, who was then a partner of Mr. W. T. Dortch.—Daily Argus, July 29.

Our article in Daily Argus July 29, with reference to the case of Elmore against the railroad, may be calculated to do an injustice to Mr. Munroe, and, perhaps, to other members of this bar.

The history of the case is unique, and will justify a recital in detail. Mr. Elmore was injured while in the employ of the Seaboard Air Line at Clarkton, N. C. On the first trial Elmore was represented by Mr. I. F. Dortch and Messrs. Allen & Dortch, and the railroad by Capt. W. H. Day and Mr. F. A. Daniels. The case was hotly and ably contested, and a verdict was rendered in favor of Elmore for four thousand, five hundred dollars (\$4,500). The railroad appealed to the Supreme Court, where the case was argued by Mr. W. R. Allen and Mr. I. F. Dortch for Elmore, and Capt. Day, Hon. J. B. Batchelor and ex-Judge T. B. Womack for the railroad.

Mr. I. F. Dortch, who does not often argue cases in the Supreme Court, discussed the questions involved with so much force and clearness that he elicited the praise of one of the Justices, at least. The case was decided in favor of Elmore. The railroad asked for a rehearing, when the matter was discussed by Capt. Day, Hon. J. B. Batchelor, ex-Judge T. B. Womack and ex-Chief Justice James E. Shephard for the railroad, and Mr. W. R. Allen and Mr. I. F. Dortch for Elmore. The case was decided against Elmore this time.

Judge Allen having to retire from the case on account of having been elevated to the bench, Mr. W. C. Munroe was employed by the plaintiff, who presented to Justice Connor a second petition to re-hear. The petition was ordered to be docketed; a thing which had not been done in this State since 1804.

At the second re-hearing in the Supreme Court, the case was argued by Mr. Munroe for Mr. Elmore, and by ex-Chief Justice James E. Shephard and ex-Judge T. B. Womack for the railway. The case was decided on this second re-hearing in favor of Mr. Elmore and the money has been paid.

To somewhat paraphrase the remark of Schley, there ought to be sufficient gratification for all.

GONE TO PIECES.

New Orleans, July 30.—The Washington Artillery, the oldest and strongest military organization in the southwest, has split and gone to pieces over the question of the Dick militia bill and service in the militia. By a majority of nine, in a large meeting, the men decided to join the militia under government auspices. Colonel Richard, commanding, and most of the officers left the hall after the vote was announced and refuse to abide by it. The artillery is sixty years old. It served with distinction in the Mexican war and furnished batteries to both the Confederate armies of Virginia and Tennessee, and has been used in the suppression of all local riots and disturbances. It owns its armory, cannon, guns, etc. Most of the time it has been an independent military regiment, but for the past ten or twelve years has been a member of the state militia.

THE ATLANTIC HOTEL.

IT IS NOW IN FULL BLAST AND IS FILLED WITH GUESTS.

Boating, Fishing, Bathing and Many Other Attractions to be Found at This Delightful Summer Resort at Morehead City.

The news comes from Morehead City that the Atlantic Hotel is to remain open until October 1st. This will be gratifying intelligence to the many hundred patrons of this famous summer resort throughout the South, who have always been compelled to leave the hotel during the month of August heretofore. The sailing and fishing was never finer than now and the announcement that the hotel is to be kept open until October the 1st will no doubt draw a large crowd of people who enjoy such sports.

There is no question but what the Hotel has had one of the most prosperous seasons this year that it has ever had, which in a great measure is due to the vast improvements which Mr. Jas. A. Bryan has had made to the property. All the comforts and conveniences of any first class hotel can now be enjoyed at the Atlantic, which, together with the many special advantages not to be found elsewhere makes the hotel one of the most desirable places on the Atlantic coast to spend the summer vacation. The pleasure-seeking public have already learned these advantages, which accounts for the increased crowds from season to season.

The manager of the Hotel this season, Mr. Easle Turner, who has had years of experience as manager of summer resort hotels, has had much to do with the success of the hotel. His capable oversight of all the help and his training of the help has contributed very materially to the excellent service which the public has enjoyed. He is personally popular with the guests and his cheerful accommodations on all occasions keep the guests feeling as if they were under great obligations to the splendid management.

WILL NOT EXPELLED.

Washington, July 31.—Midshipman Fry, of North Carolina, will not be expelled from the naval academy for hurling a glass at a colored waiter's head. This positive information came to-day from Superintendent Brownson of the naval academy, who stated that he had decided himself to pass on the case without submitting it to the navy department for action. Superintendent Brownson further said that the offense committed by the midshipman was a serious infraction of the rules and called for disciplinary measures, but was insufficient to justify the dismissal of the young man. It is learned that an order will be issued severely reprimanding Midshipman Fry for his conduct, and some form of punishment will probably be visited upon him. This will be the end of the case.

Hogans, Hagans, Chatman and Odem, the reliable colored excursion managers of this city, will run their second annual excursion from Goldsboro to Richmond on Monday, Aug. 24th, returning Tuesday, Aug. 25. Fare for round trip \$2.00. A feature of the trip will be two ball games between Goldsboro and Richmond teams. Special accommodation on train for white people.

Wall street's bottom has fell out. Castro will now murder his Hon. Hanna did not whoop 'em up. Ill reports have healthy legs. Only dead men tell no tales.
