## Charlotte Observer.

A Kansas City dispatch to The New York Sun says that "Benjamin R. Tillman, United States Senator from South Carolina, now has his name enrolled in the lost-pass record of the Burlington Railroad," and that a notice was posted in the union station in that city Thursday last to the effect that the Senator's annual pass had been lost. The Palmetto State Senator's pocket was picked on his recent tour with Senator Burton. Some may think that the making public of this incident would embarrass Tillman, but the way he can explain matters to a South Carolina audience will be a caution. "Yes, I rode on a pass," one can hear the Senator say. "I saw other officials getting favors from the grasping corporations and while I knew it wasn't right, I wanted South Carolina to to-digest, delighter food, prings the

As he stood after breakfast, against a window, from which he caught a glimpse of the gardens of the Vatican, the pontiff exclaimed "My first pleasure when I can spare a moment will be to explore the gardens which now confine my little world."

A few anecdotes show what manner of man Pius X is. His position as patriarch of Ventice brought him from \$2,000 to \$2,209 a year, which did not go far when no har paid the bills for all of his many discount of his many street. HAY FEVER FOR 27 YEARS.

Well Known New England Woman

Cured by Hyomei-O Was Lasting.

The thousands of discourage people who dread summer's appr ach because they think that hay fiver cannot be avoided, will read with interest and gratitude the following statement from Helen F. Williams

of Mansfield, Mass. "For 27 years, from the month of August until heavy frost, I have been afflicted with hay fever, growing worse and worse each year, and of late years I was unable to attend to my work during that period.

"Last summer I fortunately gave Hyomei a trial and am happy to say that it entirely cured me and I have had no return of the affliction since." This letter is one of many that have come to the proprietors of Hyomei, and the results following this treatment, have been so wonderful that it is proposed at the annual convention of hay fever sufferers to recommend Hyomei to all who are susceptible to this disease.

Hyomei is a treatment for hay fever that combines the latest discoveries of science and the best of common sense. Knowing that a change of climate was the only way in which relief could be obtained, the evolution of Hyomei naturally resulted. By breathing its germ killing and healing balsams, any one can have, at any moment of the day, either in their home, the office or the factory, a climate like that of the White wreck of No. 35, the Southern Rail-Mountains or other health resorts. where hay fever is unknown.

Mi-o-na, the famous flesh-forming food and cure for stomach troubles has done such wonders among their customers that J. H. Hill & Son are now advertising, "If Mi-o-na does not give a noticeable gain in weight, if it fails to cure indigestion and all stomach troubles, come back to our store and get your money."

Anyone who has been losing flesh or who has always been too thin. should use Mi-o-na. Thinness and emaciation are signs that the food is not properly assimilated and that you do not get the nourishment you should.

Mi-o-na mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs, and puts the whole system in proper physical condition; it saves the digestive organs from exhaustive work. By its use the elements needed to put flesh on your bones will be selected from the food, and each day will show a noticeable gain in weight.

Commence the use of Mi-o-na today at their risk. If it increases your weight and cures you of indigestion, it will cost you 50c, if it does not, J. H. Hill & Son will pay for the treat- J-Elman Joyner. ment themselves and return your L-JS Lynch, Henry Lawrence. money to you.

## COMPROMISED.

The Southern railway has effected a compromise with Mr. W. W. Cox, who was in the smashup this side of Raleigh on the 19th of May. Mr. Cox is under age and suit was brought by his father Mr. E. W. Cox for damages in the Superior court. An attorney of the railroad was sent to see Mr. Cox and a compromise was effected by which he gets \$100 in cash and the company pays the cost in the case. The clerk of the court, Mr. I. F. Ormond, has the voucher in hand, and it only remains for the paper to be properly endorsed to
