

OVERMAN ON PARKER.

PROSPECTS FOR HIS ELECTION IS BRIGHTENING.

He Believes the Tide is Running Toward a Democratic Victory—A Fine Type of American Citizen.

Washington, D. C., Aug. 19.—“From what I gathered in New York the tide is with Democracy, and the indications now point to the election of our national ticket.”

Such was the comment of Senator Lee S. Overman to-night on his return from New York state, where he has been for the past week. During his visit he made a pilgrimage to Esopus, where he was the guest of Judge Parker, and in New York city he talked with National Chairman Taggart, Vice Chairman De Lancy Nicoll and other party leaders. The senator had an invitation to visit New York from Frank Holsopple, a prominent New York lawyer, whom he met at St. Louis during the national convention. Mr. Holsopple, who is a close friend of Judge Parker, went to St. Louis in his behalf.

Senator Overman is highly pleased with his visit to Esopus and is enthusiastic over the national candidate.

“I wish the people of North Carolina could meet Judge Parker personally,” said the senator in speaking of his visit to Esopus. “He is a fine type of American citizen, and to know him is to like and admire him. He is a sincere, candid man, whose intellect, modesty and good-fellowship impress those who meet him. I received an old-fashioned southern welcome and was made to feel perfectly at home as soon as I arrived.”

Senator Overman was greatly pleased with the personality of the candidate, whose guest he was for four hours. The senator went over in the morning at Judge Parker's invitation, the object of which was to have him arrive in time to take dinner. After discussing matters of political interest, Senator Overman and the host took a look over the famed Rosemount farm, admiring scenery, handsome stock and fine growing crops. Rev. Mr. Hall, Judge Parker's son-in-law, met the senator at the depot and showed him many attentions.

At national headquarters in New York Senator Overman was asked to make speeches outside the state, but he could not make any definite promises, as he has a number of engagements in North Carolina.

“Nothing impressed me more,” Senator Overman remarked, “than the attitude of the great lawyers of New York, the majority of whom, without regard to former party affiliations, have declared for Judge Parker. Among the recent acquisitions are W. G. Choate, who is said to be a greater lawyer than his distinguished brother, Wheeler Peckham, James C. C. Carter and J. Grimwell, who was assistant secretary of state under President Harrison. Wherever lawyers take a stand for constitutional government, the movement never fails to succeed. These eminent barristers have declared for safety of government in accordance with the provisions of the constitution, and against imperialism run riot.”

Senator Overman stopped here to-night and will spend to-morrow in Washington for the purpose of disposing of several matters that he has pending in the departments.

COMING THEIR WAY.

Striking Telegraph Operators Feel Very Confident.

Hillsboro, Tex., Aug. 19.—The striking telegraph operators on the M. K. & T. Railroad say things are coming their way nicely. They predict a successful outcome of the strike. According to their figures the total number of operators out on the system is 481, of which 221 are on the Texas line of the company. The operators claim that the busy season will begin shortly and that the present condition of affairs on the road can not continue very much longer. They say that the company will be compelled to either recognize the O. R. T. or go out of business. The strike may reach to other roads, in which event 40,000 men will be involved.

The operators claim that the freight business of the “Katy” has fallen off 25 per cent during the present dull season, and that when the regular business opens up the differences will be even more apparent.

The Sultan is reported obstinate by Minister Leishman. The time was when this announcement would have been followed by a naval demonstration, but now that the President has adopted a dove-like role, until the election, the usual diplomatic agencies will be first employed.

Goldsboro Business College
Opens September 13th.

Prof. Lippard of Greensboro, who has now six Business Colleges running, finds himself unable yet to supply the demands for thoroughly trained book-keepers, stenographers, typewriters, etc. and with the belief that there are many bright young men and women in this region, who would only be too glad to obtain a thorough business education and thus fit themselves for good paying positions, has decided to establish one of his Business Colleges in this city, thus bringing a business education to the door of the young people of this region, at half the cost of going to distant schools. Every young man and woman who possibly can should enter the College at the opening, as this school will mean much for the young people of this region.

All interested should write Prof. Lippard or see him as he will be here in about a week to arrange for the opening of the Business College.

Dr. J. N. Johnson, the dentist, is off to-day for the seacoast at Beaufort for a ten days' vacation, which he stands greatly in need of, after a long season of arduous professional duties, and his many friends in this city wish for him a pleasant and recuperating sojourn by the sea.

SORES AND ULCERS SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a bruise, cut, scratch, or any slight injury to the flesh, is apt to become an ugly-looking sore or ulcer. Sometimes a boil, blister or pimple is the beginning of a large eating ulcer or open, discharging sore. Often the blood is naturally bad, and is that way from birth, and such people suffer with various kinds of sores from infancy through old age. The blood may become so weak and watery from the effects of malarial sickness, debility or some old chronic trouble, that the impurities break out in bad sores on the lower extremities or other part of the body. There is always some morbid, unhealthy matter in the blood that keeps the sore discharging, and must be gotten out before it will heal. Washes and salves, while cleansing, soothing and helpful, will not do it, because they do not reach the poisoned blood; but S. S. S. cleanses and purifies the diseased blood, and when this is accomplished the place heals. Where the health has been impaired it restores strength and vigor to the system, improves the appetite and digestion, and tones up the nerves. Purifying the blood is the surest way to get rid of an old sore or ulcer. Medical advice is free.

A common boil appeared on the calf of my right limb. I used the simple home remedies but the place refused to heal. The physician I consulted did me no good. My leg was a solid sore from calf to ankle, and I then began S. S. S. and I improved rapidly, but an attack of typhoid fever settled in the original sore, causing a backset. I began it again as soon as I was over the fever, and was completely and permanently cured.

FIT AND FASHION

There are some things that can't be improved. One of these things is the Walk Over Shoe for men. You can make it more elaborate, you can decorate it, embellish it, and all that—but for \$100.00 a pair you cannot make a better shoe than Walk Over, having regard solely to the two great essentials of Fit and Fashion.

This means mechanically it is perfect. As for appearance, the fact that one hundred thousand men choose it instantly above all other shoes would seem to indicate that it is attractive.

It Costs Nothing To See Them Fit Your Feet.
