

Goldsboro Weekly Argus

This ARGUS is for the people's rights.
Doth an eternal vigil keep

No soothing strains of Maia's sons
Can lull its hundred eyes to sleep.

VOL. XV

GOLDSBORO, N. C., THURSDAY, SEPTEMBER 1, 1904.

NO 53

JAPANESE-RUSSIAN WAR.

THE JAPANESE HAVE A BIG ARMY.

Two Russian Torpedo Boat Destroyers Struck Mines at the Entrance of Port Arthur on the 24.

Tokio, Aug. 25.—(9 a. m.)—Two Russian torpedo boat destroyers struck mines at the entrance of Port Arthur last evening. The larger one of the destroyers, a four funneled one, was sunk. The names of the vessels and the number of lives lost are unknown.

Liao Yang, Aug. 25.—At the Russian headquarters here General Kuroki's army is estimated at 100,000 men. General Nodzu's force at 70,000 and General Oku's at 40,000. This is exclusive of two divisions of about 30,000 men moving up on the right bank of the Liao River. According to the Chinese, the Japanese have converted the branch railroad from New Chwang to Tashichao into a narrow gauge and are conveying thither twenty siege guns.

Field Marshal Oyama, the Japanese commander-in-Chief, is understood to be with the besiegers off Port Arthur.

It continues to be believed here that the Japanese armies in Manchuria are awaiting the result of the storming of Port Arthur before renewing their movements against the forces of General Kuropatkin.

Las Palmas, Canary Islands, Aug. 25.—Fishermen report that three Russian cruisers are coaling from the German steamer Valesia at Cape Juby, off the south coast of Morocco.

London, Aug. 25.—A dispatch to The Telegraph from Cape Town says strict orders have been issued that no Russian cruisers be allowed to coal at cape ports.

Tokio, Aug. 25.—The Russian fleet at Port Arthur is unable to put to sea.

HIGHLY COMPLIMENTED.

Goldsboro Teachers at Whiteville Institute.

Whiteville (N. C.) News.
The Teachers' Institute of Columbus county closed Friday. It has been in Whiteville two weeks. Lasting good has been done for the children of the county. The teachers will go to their work this fall better equipped and fuller of zeal for their worthy calling.

The Institute has been conducted by Prof. T. R. Foust, superintendent of the graded schools of Goldsboro, assisted by Miss Etta Spier, who has been engaged in primary work in the same schools. Prof. Foust was known to Columbus county for his Institute work of last summer. The teachers received such help from him then, and were so entertained by his methods of presenting and solving the various problems of school teaching that they petitioned for his return this year. He has a way of going to the heart of his subject, whatever it may be, that makes even arithmetic interesting.

Miss Spier came as an entire stranger, but the county may well be congratulated on having secured her aid. Her part of the Institute was along the line of Phonetics, Nature Study and Primary Number Work, in which she has proved herself a teacher of rare gifts, and well adapted to Institute work. Her work on Nature Study has been of very special interest, showing the most fascinating and at the same time important branch of study for children, and one which every teacher should find pleasure in teaching.

Robinson's Ice House phone No. 13 67—same number as Ice factory.

DR. KIENHOLZ HERE.

The New Physical Director at A. & M. College.

Raleigh Post.

The new physical director and athletic coach, Dr. Willis S. Kienholz, of Galesburg, Ill., has arrived at the A. & M. College, and is going to make an early start in physical culture and athletic training with the cadets.

Dr. Kienholz comes with highest testimonials not only as to his proficiency in gymnastic and athletic work, but also as to his fine gentlemanly qualities and scholarship. He is also a very proficient German scholar.

Professor Kimble of Lombard College says of him: "He has been our athletic director here for two years. During that time he has shown himself possessed of energy, ability and a high degree of efficiency in pushing athletics to the very forefront of college interests. Lombard College occupies the most prominent place in athletics, among the colleges of this section; this result is wholly due to Mr. Kienholz."

RACE FOR LIFE.

Passenger Train With a Runaway Freight After It.

Mahanoy City, Pa., Aug. 24.—A crowded Lehigh Valley passenger train had an exciting race with a runaway freight train to-day. While it was standing at the Delano station, about five miles from here, the shrieking of a whistle was heard, and looking back the engineer saw a freight train rushing down the steep grade toward him. He threw open the throttle and started on a race for the safety of his train and the lives of his passengers. The people in the car hearing the whistle of the runaway train swarmed to the platforms, and several of them, becoming terror-stricken, jumped from the train. Mrs. John Monahan had her leg broken and was injured internally, but the rest were less seriously injured. The passenger train engineer crowded on every bit of steam he could, began to pull away and soon had his train out of danger. The failure of the air brakes caused the freight to run away.

BREATHE HEALING BAL-SAMS.

Hyomei's Novel Way of Curing Catarrh. J. H. Hill & Son Guarantee a Cure.

Two or three years ago when a physician had a patient who was troubled with catarrh, the prescription would be according to his means, either to seek a change of climate, or to take a tonic or blood purifier. Today, the advanced physician will tell his catarrhal patient to breathe Hyomei.

This novel treatment for catarrh consists of a hard rubber inhaler of a size convenient to be carried in the vest pocket or purse, a medicine dropper and a bottle of Hyomei. By its use it is possible to breathe while at home or at work, air which is almost identical with that of the mountains or health resorts where the air is laden with healing and health giving balsams.

No other medicine gives such prompt relief as Hyomei in the treatment of catarrh. The first breath soothes and heals the irritated and smarting air passages, and its regular use for a few days or weeks will cure the most stubborn cases.

J. H. Hill and son will sell a Hyomei outfit with their personal guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei, for your word decides the question as to whether you pay for the remedy or not.

The complete Hyomei outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

STILL CHAMPION.

JEFFRIES DOWNED JACK MUNROE.

Munroe Was No Match For the Champion and Went Out in the Second Round of the Battle.

San Francisco, Aug. 26.—The 20 round fight to-night at Mechanics Pavilion for the heavy-weight championship of the world, between Jim Jeffries and Jack Munroe, was one of the worst farces ever seen in a San Francisco ring.

In the first round Jeffries floored his opponent with a jab to the nose and he took a count of six. When he arose he was floored again, the gong saving him from a knock-out.

In the second round Munroe was again sent to the floor, rising only to be sent down again helpless. The referee out of humane sake declared Jeffries the winner. Munroe was simply outclassed.

EDITORIAL PARAGRAPHS.

The man who has "friends" simply because he has money, is a mighty poor man, because he has no friends, and the man without friends is poor indeed.

In the game of politics, too little attention is paid to the selection of the men for the legislature. It requires men of ability and integrity in order to represent the people.

How readily the ear opens to the slanderous tongue, and how readily the most of us delight to repeat the bad we hear, but absolutely forget the good that passes our way.

Kind words are good in their place. To a poor hungry man, a "God bless you" is alright as far as it goes, but a loaf of bread will greatly emphasize the good words.

Two weeks ago, a poor man died in Goldsboro, leaving a wife and several small children in destitute circumstances. The father and husband left the legacy of a good name, and a large number of the best people of the city attended the funeral, and have aided the widow and the fatherless children. Though poor in worldly goods, these children are far richer than they would have been, had their father left them much wealth, tainted with dishonor. Riches are a good thing, if rightly acquired, but there are other kinds of riches besides lands and houses, stocks and bonds.

He is the good citizen who loves the interests of his fellow citizens. The little skin-flint, shriveled up soul (if such a thing has a soul) who is always finding fault with everything and everybody, who cares nothing about anybody but himself, his wife and his children, is worth about as much to a community as a deserter or a traitor is to an army. The fact is, such a fellow is a deserter and a traitor from the army of men whom God created to be brethren, and to stand shoulder to shoulder in helping to bear each other's burdens. Simply because a man supports and protects his wife and children, does not make him a good citizen. A snake will protect his mate and offspring.

Mothers save doctor bills, "TEETHINA" 'll cure your child of ills. And save life oftentimes as well; Druggists all have it to sell. "TEETHINA" Aids Digestion, Overcomes and Counteracts the Summer's Heat, Regulates the Bowels and puts bloom in the cheek of the puny, sickly babe.

HAY FOR SALE—Carload of good timothy and clover hay just received. Will be sold for 90c a hundred as long as it lasts. JOSEPH EDWARDS.

BULL RUN NO. 3.

On the old historic ground on which the nation received the first rude blast of civil war, 26,000 men are to be gathered next month to study the problems of a soldier. Forty-four years ago Montgomery Blair, a tin soldier, had told the nation that he could march to Richmond with 10,000 men armed with lath. When the test of war came it was seen that Beauregard and Joe Johnston had the capital at their mercy. The object of the Virginia maneuvers is to train the militia until they can come to the aid of the regulars on any field, and the sons of the men of 1861 will study side by side, all respecting the brave deeds of the civil war as a common glory.

On the old historic ground that stretches from Halifax Court House to Thoroughfare Gap and Manassas Junction, a Blue army is to defend the capital from a Brown army, and again a Brown army is to make a stand against a Blue army advancing from Washington. If "Brown" were "Gray" the old story of forty-four years ago would be re-enacted on a friendly stage.

The general staff is endeavoring to train the militia to grim-visaged war. North Car. will send to Manassas a provisional regiment, and altogether a very formidable force will be gathered there—enough at least to make an army corps in the field. The training which the militia will receive at Manassas will supplement their home training, and the result will be a militia fully ready to take the field in case trouble comes. The maneuvers have no relation to another civil war, but they do keep in mind the fact that this is not an ideal world, and that war may come to a fighting nation at any time, especially if we persist in keeping the jingoes in power.

A Hustling Town.

The ARGUS man has just returned from a business trip to Wallace, Duplin county.

This is a hustling little town and does as much business as any town its size between Goldsboro and Wilmington.

It has a large, roomy tobacco warehouse, for the sale of leaf tobacco, a splendid bank in a flourishing condition, and has some handsome business houses that would be a credit to a much larger town. The merchants of that place are up-to-date, progressive business men, and do a fairly good business all the year round.

This little town is building up rapidly, and from present indications will be a large town some day.

Messrs. Z. J. Carter & Son, one of the largest firms in the town, have recently erected a handsome three-story brick building to be used exclusively for their furniture business, and have just moved into their new quarters. A large brick hotel is under construction and several other new buildings are going up in different parts of the town.

Taken altogether, this little town is on a boom. The people all seem to work together.

Not a Candidate.

To the voters of Wayne County, North Carolina.

This is to notify the voters of Wayne county and the public, that they may not consider me as a candidate for the office of County Surveyor, as I have held the office for some time and my health is poor, and other reasons also, consequently I ask them to select some other man for the office.

Thanking the people for their honors and liberal support in the past, I am their humble servant,
G. W. THORNTON.

Aug. 24.

\$100—Dr. E. Detchon's Anti-Diuretic may be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. \$1. Sold by M. E. Robinson & Bro. druggists, Goldsboro.

GOSSIP OF THE WORLD.

ITEMS OF INTEREST FROM DIVERS SOURCES.

The Latest Telegraphic News of the Day Boiled Down to a Focus For Busy Readers.

Shelby, N. C., Aug. 29.—Rev. W. D. Bostic and wife leave to-morrow for San Francisco, where they embark for Shanghai.

Shanghai, Aug. 29.—The Russian torpedo boat destroyer Grozovoi has been disarmed and the cruiser Askold will disarm to-morrow.

Nashville, Tenn., Aug. 29.—E. G. Stahlman, Vice-President of the Banner Publishing Company, was drowned in the Cumberland river, nine miles above here this afternoon.

Liao Yang, Aug. 29.—(8 a. m.)—The Japanese artillery resumed the battle at 6 o'clock this morning, the point of pressure again being the Russian south front. The Japanese infantry are now advancing to attack the regiments deployed in open order.

Liao Yang, Aug. 29.—The Japanese have transferred their activity to the Russian eastern and southern fronts. A rear guard battle is proceeding. The weather has improved and the roads are drying. Events, therefore, are likely to be precipitated.

Liao Yang, Aug. 29.—The Russian lost three hundred in killed or wounded during the retreat from Anshanshan, the Japanese making a forced march by night and overtaking the Russians at daylight. General Routkovsky was killed by the explosion of a shell.

Wilmington, N. C. Aug.—The annual picnic of the Moore's Creek Monumental Association was held to-day on the historic old battle ground in Pender county. The celebration was patriotic in nature and a very large crowd was present. Congressman Charles R. Thomas of the third district made a very strong address. The day was perfect and the celebration was a complete success.

Reidsville, N. C., Aug. 29.—Jack Dillard, the negro deperado who escaped from the county jail several weeks ago, was seen on the public highway between Reidsville and Leaksville to-day. He has lately been shooting promiscuously at different parties and has threatened the lives of several. He has been outlawed by the county authorities, and officers have been instructed to kill him on sight.

Baltimore, Aug. 25.—Financial circles were somewhat excited this morning over a further advance in Seaboard Air Line Railway issues. There was heavy buying on the Baltimore stock exchange for both local and out-of-town account. The preferred stock went to 26½, or 1½ points above the price paid by Mr. Ryan for the Middendorf-Williams holdings. The buying was scattered, but much of the stock that was purchased on the local exchange was to fill orders from New York. In that city the Seaboard issues also scored another advance.

Charleston, S. C., Aug. 24.—Carlyle McKinley, editorial writer of the News and Courier, died here to-day after a long illness. His book and "Appeal to Pharaoh" recommending deportation of negroes to Africa, first appeared anonymously and was attributed to Henry W. Grady and others. It was warmly commended by the late Sir Henry M. Stanley in a personal letter to the author. He was a distant relative of the late President McKinley.

Look for the "Big Red Banner," for the cheap sale, Thursday Sept. 1, 1904. Joseph Edwards.

DELIGHTFUL AFFAIR.

Clinton Young People Make it Pleasant For Goldsboro Young Lady.

Clinton, N. C., Aug. 29, 1904.
The social season was closed last night, with a hay ride, given in honor of Miss Georgie Livingston Lee, of Goldsboro, who is visiting friends and relatives in Clinton.

About twenty-five couples enjoyed an elegant ride over smooth and dustless roads in this light of a beautiful full moon.

About eleven o'clock the members of the Sampson German Club invited the young people into the Eclipse Cafe, where a delightful lunch was enjoyed.

A Card of Thanks.

The operatives of the Borden Cotton Mill request the use of the columns of the ARGUS to extend their sincere thanks to their employers for their generous act of kindness in giving them a free excursion and such a glorious outing to Morehead City on Saturday last.

Each and every one reports a delightful trip, and are loud in their praise of this considerate act on the part of their employers.

Respectfully,

BORDEN MILL OPERATIVES.

Candidate For the House.

At the solicitation of a number of gentlemen, good Democrats, who are among my friends, I have concluded to be a candidate for the House, subject to the vote cast in the county convention on Sept. 24th. I am not the candidate for any person or persons, parties, rings or crowds. I have no schemes or plans. I am standing squarely on the "Greensboro Platform." If nominated and elected I shall esteem it a great honor, and shall strive to serve the people of Wayne county and our State for their highest and best good.

Respectfully,

J. M. MITCHELL.

Jamestown, N. Y., Aug. 25.—Four persons lost their lives and several others were injured in a tornado that swept through Chautauqua county to-day. Parkhurst's Grove, where the stockton town picnic was being held, was directly in the path of the storm. Five thousand people were on the ground when a terrific wind-storm swept through the place.

FORGET YOUR STOMACH.

Summer the Best Time to Cure Dyspepsia, Miona the One Guaranteed Cure.

Out-door life, fruit and berries in plenty, light clothing, and a change from the hearty diet of winter, make the summer months the best time of the whole year to cure dyspepsia.

A Mi-o-na tablet taken after each meal will soothe and heal the inflamed stomach lining aid in assimilation and digestion; will increase the vitality, and give strength and tone to all the digestive organs, so that you can forget your stomach. Mi-o-na is the one remedy for the cure of dyspepsia that is sold on an absolute guarantee by J. H. Hill & Son to refund the money if it does not cure.

Mi-o-na gives strength, makes rich blood, firm muscle, and perfect health. It puts the digestive system into proper working order and gives such strength and natural action that you can eat anything you want and when you want.

If after you have used Mi-o-na for a month and you do not feel satisfied, take back the empty boxes (each box contains two weeks' treatment) to J. H. Hill & Son and they will refund your money without question. The risk is all theirs and you are the sole judge as to whether the remedy costs you anything or not.
