ITEMS OF INTEREST FROM  
DIVERS SOURCES.

The Latest Telegraphic News of the  
Day Boiled Down to a  
Focus For Busy  
Readers.

Li Hu Root is getting all kinds of  
frogs in his throat warning the re-  
publican party against "overconfi-  
dence," which is the word given to  
describe a feeling in the bones of  
foregone defeat.

The Republicans do not seem to  
see the reflection they cast on their  
own administration by denying that  
all the money taken from the treas-  
ury for the Philippine budget was  
spent on account of the islands.

The St. Louis exposition is rapidly  
getting on the right side of the led-  
ger, a condition which elicits the  
warm congratulations of that part of  
the United States which is not in-  
cluded in the expansive limits of  
Chicago.

The Republican managers are hav-  
ing a hard time to make their "pop-  
ulist" signatures stick in New York  
state, and it is extremely doubtful  
if enough legitimate populists can be  
found to entitle them to party re-  
cognition on the official ballot.

Lexington, Ky., Oct. 29.—Corinth,  
Ky., a town of 350 inhabitants, 25  
miles north of here on the Cincinnati  
Southern Railway, was almost wiped  
out by fire to-night. Twenty-one  
buildings were destroyed at a loss of  
\$50,000, with insurance of \$15,000.  
Only three business buildings, in-  
cluding the Farmers Bank, were  
saved. The postoffice is included in  
the list of burned buildings. Not a  
house is left on the main street.

Washington, Oct. 29.—President  
Roosevelt has directed the removal  
from office of Jacob W. Bunn, finance  
clerk of the Philadelphia postoffice  
for pernicious activity in collecting  
campaign funds from employees of  
that office. The charges against Bunn  
have been under investigation for  
some time by the civil service com-  
mission, which recommended that  
Bunn be dismissed. The president's  
order was in accordance with this  
recommendation.

The saving common sense of the  
people will not permit them to en-  
dorse a policy that runs counter to  
that of Washington, Monroe, Jeff-  
erson and all other great federal dem-  
ocratic and republican leaders of  
the past. Says Mr. Gorman, in effect:  
Lincoln was kindly and statesman-  
like, Grant magnified peace, Harri-  
son was a statesman of intelligence,  
McKinley the most lovable of Presi-  
dents; but what is the credential by  
which the latest in the Presidential  
line may claim to be accounted with  
them?

### Where Women Vote.

Kansas City Journal.  
In four states—Wyoming, Colo-  
rado, Utah and Idaho—women  
possess the right to vote on equal  
terms with men at all elections.  
Either full or partial suffrage for wo-  
men exists in twenty-six states. In  
eighteen states women possess school  
suffrage. In Kansas they have munici-  
pal and school suffrage. Montana  
and Iowa permit them to vote on the  
issuance of municipal bonds. In  
1898 Louisiana granted them the  
privilege of voting upon questions  
relating to public expenditures,  
with this exception, the southern  
states have been slow in advancing  
the woman suffrage cause. The wo-  
men of Wyoming, Colorado, Utah  
and Idaho vote for presidential elec-  
tors.

### NUMBER OF VICTIMS

Of the Mine Explosion at Tercia  
is Still Unknown.

Trinidad, Colo., Oct. 30.—The  
number of miners killed by the mine  
explosion yesterday in Tercia is still  
unknown.

Local officials of the Rocky Moun-  
tain Coal and Iron Company, de-  
clare that so far as they know there  
were only 21 men in the mine at the  
time of the explosion.

Reliable employes in the camp  
say there were 60 men in the mine.

## RUSSIANS FEEL EASIER.

TENSION IN THE CAPITOL  
IS GRADUALLY DYING  
DOWN NOW.

Things Looked Squally For a  
Little While. Court of In-  
quiry Will Be Composed  
of Five Prominent  
Officials.

St. Petersburg, Oct. 29.—Freed  
from the severe tension over the  
trawler incident through the agree-  
ment to submit the case to an inter-  
national inquiry and relieved by the  
removal of war with Great Britain,  
the Russian people are soberly realiz-  
ing the advantage of a peaceful and  
honorable solution. The widest in-  
terest is displayed in diplomatic  
circles over the arrangements for the  
investigation. It is understood that  
the two governments will draw up  
a series of questions which will serve  
as basis for the investigation of the  
facts in the case by the mixed com-  
mission at Vigo and Hull. The re-  
ports of the commissions will be  
handed to Russia and Great Britain.  
For the award an international court  
will be created by special treaty in  
conformity with the provisions of  
The Hague convention. It is believed  
that the court will be composed of a  
foreign naval officer and a juriconsul  
appointed by each of the two powers.  
These four members will select a  
fifth who will have the casting vote.  
The treaty to be signed will specify  
the powers and composition of the  
court, the main purpose of which  
will be to give a verdict on the  
basis of the testimony supplied  
by the mixed commissions. It will  
possibly also be given the right of  
passing sentence in the case.

### To Arrest Negroes.

St. Joseph, Mo., 29.—Prosecuting  
Attorney L. C. Gabbert, a Democ-  
rat to-day made the announcement  
that he would issue warrants for the  
arrest of many negroes who he  
claims have been illegally registered.  
Several warrants were served and  
bail was promptly furnished. The  
Republicans made the charge that  
the Democratic office holders are us-  
ing this means to intimidate thou-  
sands of eligible voters.

The campaign here is the most  
vigorous in years.

### BEN CLARK HANGS.

Shelby, N. C., Oct. 28.—Ben Clark  
the negro who was convicted in the  
Cleveland county Superior court of  
the murder of B. E. Hamrick, the chief  
of police of Shelby, was to-day hung  
here.  
He made a short talk before the  
execution.

## APPEALED TO THE SOUTH.

SECRETARY SHAW WOULD  
HAVE MEN TO FORGET  
THEIR FATHERS.

The Audience Refused to Sing  
"America" For Him. Band  
Played the Air, But Mr.  
Shaw's Hearers Gave  
Him the "Frozen  
Face."

Bristol, Tenn., Oct. 29.—Secretary  
of the Treasury Shaw, addressed an  
immense audience here to-night up-  
on the issues of the campaign. Mr.  
Shaw pleaded with the young men  
of the South not to follow in the  
footsteps of their fathers political-  
ly, but to do their own political  
thinking. He contended that politi-  
cians and not men are the issues and  
that Democratic policy has always  
resulted and will continue to result  
in disaster.

He viewed the history of the parties  
and ridiculed the Democratic  
charges. He discussed the Philip-  
pine question at some length and  
gave the traests a few words, while  
the main topic of his speech was the  
tariff.

Probably the most striking feature  
of the address was the failure of  
Mr. Shaw's efforts to have his audi-  
ence sing "America." The band  
played but the audience did not  
take to his earnest suggestion and  
made no effort whatever to join in  
the song.

324,000,000 BOTTLES

of DIGESTO TONIC, is a sufficient  
quantity to permanently cure every  
case of Indigestion, Dyspepsia, Stom-  
ach and Liver trouble in the United  
States. It is said that about seven  
persons out of every ten are effected  
with one or more of these diseases,  
from a careful and very accurate cal-  
culation we find that it will take  
three hundred and twenty four mil-  
lion bottles of Digesto Tonic to cure  
every person in the United States, al-  
lowing each one four of the fifty cent  
size for a cure. While one to two  
bottles will effect a cure of the milder  
type. It will probably take four to  
six bottles to effect a complete cure  
of the more chronic nature, of long  
standing.

We have sold upwards of twelve  
hundred bottles in and around Golds-  
boro, within the past seven months,  
and the many encouraging testimo-  
nials from people at home will sub-  
stantiate the above facts. So won-  
derful has been the cures by the use  
of Digesto, we have decided to sell  
it from this date on upon an absolute  
guarantee.

We are going to sell three fifty  
cent bottles for \$1.25 and three dollar  
bottles for \$2.50 and if taken as per  
directions on the bottle, in each and  
every case it fails to give perfect sat-  
isfaction, we will refund you the  
money paid us.

We feel perfectly safe in making  
this proposition from the fact that we  
have sold more than twelve hundred  
bottles to date and not one single  
bottle has failed to do the work.  
What it has done for others it will  
do for you. Don't delay this mat-  
ter, remember if you are not per-  
fectly satisfied it cost you nothing,  
we take all the risk.

Yours for health,
