

# Goldsboro Weekly Argus

"This Argus o'er the people's rights  
Doth an eternal vigil keep;

No soothing strains of Maia's son  
Can lull its hundred eyes to sleep."

VOL. XV

GOLDSBORO, N. C., THURSDAY, MARCH 23, 1905.

NO 81

## GEN. HAWLEY DEAD.

HE PASSED AWAY AT 1:50 THIS MORNING.

General Hawley Was Born in North Carolina in 1826. His Was a Distinguished Career.

Washington, March 18.—1:51 a. m.—General Joseph B. Hawley died at 1:50 this morning.

General Joseph Boswell Hawley was born in Stewartville, Richmond county, North Carolina, October 31, 1826; graduated at Hamilton College, New York, in 1847, and admitted to the bar in 1850, at Hartford, Conn., where he has since resided; practiced law six and a half years, became editor of the Hartford Evening Press in 1857; enlisted in the union army as captain in 1861; became brigadier and brevet major-general; mustered out January 15th, 1865; was elected governor of Connecticut in April, 1866; was president of the Republican national convention of 1868 and delegate to other national conventions; president of the centennial commission from its organization until the end of the exposition; elected to congress as representative in 1872 and re-elected to the Forty-third and Forty-sixth congresses; succeeded William W. Eaton in the United States Senate in 1881, and was re-elected in 1887, 1893 and 1899. His term expired on March 4 last, immediately after which he was made a brigadier general of the army on the retired list.

## MISSOURI DEADLOCK.

Fiftieth Ballot Shows Strength For Re-Election of F. J. Cockrell.

Jefferson City, Mo., March 16.—After having failed to elect Judge Spencer United States Senator as a compromise candidate in the joint ballot of the last two days, the supporters of Thomas K. Niedringhaus, the caucus nominee, returned to him to-day in the fiftieth ballot taken in the joint session.

The ballot showed decided strength for the re-election of F. J. Cockrell, but did not decide the deadlock.

The report comes from Monterey, Mexico, that the tour of the Duke of Manchester, the duchess, their retinue of servants and a party of friends has been cut short because "Papa" Zimmerman at Cincinnati refused to pay any more freight. The duke party was traveling at the expense of Mr. Zimmerman and had an enjoyable time coursing over the country in special trains until the "old gentleman" got tired of the game and withdrew his support. Titled sons-in-law are expensive luxuries and must be dreadful bores to their American fathers-in-law.

## MRS. HALL'S MIRACLE.

Experiences Similar to This Have Occasioned Considerable Comment in Goldsboro.

Few women are better known in Lockport, N. Y., than Mrs. Pattie D. Hall, as she belongs to one of the best families and has a large circle of friends and acquaintances. In a recent interview Mrs. Hall said:

"The experience I have been through in the last two years seems like a miracle. I was so badly off that life seemed almost unendurable, and my deafness increased so that I could scarcely hear anything. The suffocation in my chest and the indigestion caused by my catarrh, produced very severe suffering. I had five different physicians, bought everything that anybody recommended to me, but finally gave up in despair.

"One day my milliner asked me if I had ever tried Hyomei. I began the treatment, and can thankfully testify that Hyomei does cure this terrible disease. Since using it my hearing is greatly improved, and the only time I have any catarrhal trouble is when I take cold. I then use Hyomei, and always get instant relief. My friends and acquaintances marvel at the change in my health and hearing."

Hyomei has in many cases cured catarrh, and in connection with Hyomei balm, of catarrhal deafness, in Goldsboro. Similar experiences as that of Mrs. Hall's have created a large sale for Hyomei with J. H. Hill & Son.

The complete outfit, including the infuser, costs but \$1., while extra bottles are but 50 cents. Ask J. H. Hill & Son to show you the strong guarantee under which they sell Hyomei.

## UPWARD PRICE OF COTTON

May cotton is selling nearly up to 8 cents, a rise of between 3¢ and 4¢ from the lowest point of the great December decline. Cotton is coming in freely, but the fact that the acreage is to be decreased and the use of fertilizers largely cut down is overcoming the free and abundant supply. Manipulation is no doubt active in the present movement. Dan Sully and J. H. Hoadley are said to be working together in the effort to root the bears and place the bulls in charge of the market. Mr. Hoadley takes a hand at cotton in the resting spell of his merger scheme in the iron and steel industries of the south. He and Dan Sully are old friends, and co-workers, and there are other men in the market who believe cotton has been selling too low. The firm of Atwood, Violet & Co. are bulls on cotton. The change of sentiment in New York is unmistakable, and the large bear interests that city promise to be supplanted by those who have been buying persistently in the last two months.

On account of the heavy receipts the chances are that the market will be a succession of advances and reversions, but there is a good prospect that eight cents will become a ruling price for spot cotton during the rest of the cotton year. The outlook for the next cotton year will become more and more controlling as we enter the growing season, and even now it is having a little influence in compelling the bear speculators to cover.

## LIST OF LETTERS

Remaining in Postoffice, Goldsboro, Wayne County, N. C., March 20, 1905.

## MEN'S LIST.

A—William Aycock.  
B—G W Blackall, E Brock, Thos Bradshaw.  
C—N B Cotton.  
D—Columbus Deal.  
E—Moses Evans.  
F—T B Faust.  
G—Henry Grimes.  
H—William Hill, Leslie Hill.  
K—Addie Kinnes, Wm Kilpatrick.  
M—H C McKeel.  
S—T R Southernland, John Sneed, Thos Shore, H M Smith, John Smith, W A Sasaman.  
W—Willie White.

## LADIES' LIST.

B—Mehala Brewington, Alma Benton, J H Bell.  
F—Sarah Forral, Daisy Finnell.  
G—Peninah Gaskins.  
H—Alice Hines, Berter Howell.  
M—Elizabeth Moise.  
N—L A Nickels.  
P—Swanne Peelle.  
W—Lou Weeks.

Persons calling for above letters will please say "advertised." Rules and regulations require that one cent be paid or advertised letters.

J. F. DOBSON,  
Postmaster.

The Fairbanks presidential boom is tugging at its ropes, and when the proper time arrives we may expect to see it soaring heavenward. However, the gentleman who has been facetiously dubbed the "Indiana Icicle" will not be alone in his aspirations. It is rumored that ex-Secretary of War Elihu Root will be strong in the race, and the fact that Mr. Root recently refused to accept a place on the Panama canal commission at a salary of \$100,000 a year is taken as further evidence that he is looking toward the White House in 1908. Mr. Shaw is also mentioned, and do not forget Philander C. Knox, who won fame by the trusts that he did not "bust."

Letter to A. A. Miller.  
Goldsboro, N. C.

Dear Sir: Thad R. Manning, Esq., editor of The Gold Leaf, Henderson, N. C., sends us this tale of Devoe in his town.

Mr. James A. O'Neil's house was painted twenty years ago with Devoe and lately was painted again.

Twenty years is too long; but the paint looked better than other paint in half the time. This answers for quality.

Takes less quantity, too. A gallon Devoe will go as far as five to ten quarts of common paint.

Yours truly,  
F. W. Devoe & Co.  
P. S.—Smith & Yelverton sell our paint.

A Guaranteed Cure For Piles.

Itching, Blind, Bleeding or Protruding Piles. Bruggs' refund money if PAIN OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First application gives ease and rest. 50¢. If your druggist hasn't send 5¢ in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Robinson's Liver Regulator keeps the bowels active and stimulates the liver—10¢ a bottle.

## GOSSIP OF THE WORLD.

ITEMS OF INTEREST FROM DIVERSE SOURCES.

The Latest Telegraphic News of the Day Boiled Down to a Focus For Busy Readers.

With Sully free from bankruptcy and in the fight again with his old, optimistic shrug, the cotton situation promises to become interesting. The south likes Sully and likes the way he has of building the market. It would not be at all surprising if he succeeds in regaining his former prestige as a manipulator. At any rate he is being watched and his movements are causing talk.

Under pressure, Durant, I-T, has consented to entertain some negro witnesses in attendance at the sessions of the United States court, Durant is a place where the "colored brother" is not appreciated. There are no negroes in the town as permanent residents and there won't be at any time soon. The Indian Territory sometimes wakes up to see the race question. On a recent Fourth of July at South McAllister the day's festivities were concluded by a chase after an obstreperous negro which lasted until the nightfall, covered a wide expanse of territory and was followed with gusto by a number of representative citizens.

The amusing story now going the rounds which relates how the miners of Goldfields, Nev., had great sport at the expense of a man who dared to appear in a dress suit again calls attention to this, the ludicrous apparel ever devised for a human being. What could be more absurd than a man in a "swallowtail" hopping about on a ball room floor like some over-grown sparrow or a monstrosity that cannot be classified. The modern "dress suit" has no claims to favor save the fact that it is "the thing" and must be worn regardless of its awkwardness. Some day we will probably outgrow the dress suits out today we are in their power.

Santopon, March 16.—The Russian detachments in the Pass were on March 15 ordered to evacuate their positions, and during the night retired in exemplary order, covering their rear. There had been fighting there throughout the day. Before the withdrawal of the Russian forces the military settlement and such of the stores of fuel and forage as could not be removed were set on fire and destroyed. The fighting on March 14 and 15 fell to the second Siberian corps. The Kineshensky and Voyazensky Red Cross nurses, including two sisters of charity, attended the wounded at the various positions, retiring just as the advance rear guard passed.

Those who are in touch with the political situation assert that Elihu Root of New York is a presidential aspirant who is already strongly in the race, although he has not admitted that his eyes are toward the White House. From his record in public and private life, there is no reason why Mr. Root should not make a first-class executive, but how about the democrat? It seems to be taken for granted that they will not have even a "look-in" and gossip is confined to leaders in the republican party who are thought to be after the presidency. The democratic donkey has apparently been slumbering peacefully ever since that disastrous landslide which engulfed one Alton Brooks Parker.

Hillsboro, N. Y., March 15.—Kirk Pierce, of this town, a nephew of President Franklin Pierce has found an autograph letter written by Jefferson Davis to Franklin Pierce from his uncle. Mr. Davis wrote from the senate chamber, under date of January 30, 1860, saying: "The prospect for our country is not less gloomy than when you left. I will stand by the flag and uphold the constitution while there is possibility of effecting anything to preserve and perpetuate the government we inherited. Beyond that my duty and my faith bind me to Mississippi and her fortunes as she may share them."

A Wonderful Saving.

The largest Methodist Church in Georgia, calculated to use over one hundred gallons of the usual kind of mixed paint in painting their church. They used only 32 gallons of the Longman and Martinez L. & M. Paint mixed with 24 gallons of linseed oil. Actual cost of paint made was less than \$1.20 per gallon.

Saved over eighty (\$80.00) dollars in paint, and got a big donation besides.

EVERY CHURCH will be given a liberal quantity when they paint. Many houses are well painted with four gallons of L. & M. and three gallons of linseed oil mixed therewith.

Wears and covers like gold.

These Celebrated Paints are sold by Ideal Hardware & Commission Co.

## CIRCUS POSTER TRUST.

Trusts have been formed in nearly every other article, and the circus poster concerns did not see why a trust would not fit them as well. So all the big show printing houses have been combined in one concern—all but one, the Showbridge Lithographing company of Cincinnati. The new trust is to issue \$4,000,000 in bonds, \$4,000,000 in preferred stock and \$7,000,000 in common stock—fifteen millions of capitalization all told. It is plain, therefore, that the new trust is an up-to-date affair of the full New Jersey pattern.

The trust expects to do 90 per cent of the theatrical and circus printing of the country, its assets amounting to be about five million dollars, and it expects to reap good profits from every bit of it. Therefore, it seems, there has been too much competition and to small profits. Competition is to be cut down to a minimum, and profits carried to a maximum.

If oil and beef concerns can eliminate, under the law, competition, certainly circus printers can do likewise, and as things are going all branches of industry, except the least desirable will be organized into trusts, and then the trusts will be merged, until at least a handful of men, or possibly one daring operator like John W. Gates, will handle the highly productive industries of the country. The farms and small enterprises, which perhaps be left untouched, but anything capable of being made to yield large profits will be organized in a manner to shut out competition, leaving the consumer to pay the freight, no matter how exorbitant it may be.

## OAK PLAIN NOTES.

The Doings and Sayings of a Week In and Around Our Thriving Neighborhood.

Mr. Rulo Holland is very sick we are sorry to note.

Mr. R G Aycock visited at Mr. Gray Talton's Sunday.

Mr. C E Aycock was the guest of Miss Nora Phillips Sunday.

Mr. Floid Edgerton called on Miss Lona Edgerton Sunday evening.

Miss Annie Aycock spent Saturday and Sunday with Miss Maggie Edgerton.

Little Miss Eva Aycock is visiting her sister Mrs. B J Rose of Johnson county this week.

Mr. Jim R Aycock and Miss Alice Howell visited at Mr. Albert Aycock's Sunday evening.

Miss Lona Edgerton who has been teaching school in Johnston county came home Saturday.

Prof. Culon met us at Nahant Saturday evening and gave us a very valuable lesson in music.

Mr. L R Aycock of near Pikeville visited his parents Mr. and Mrs. Albert Aycock Saturday.

Miss Cora Brewer who has been spending some time with her sister at Princeton came home Sunday.

Miss Lucy Talton left Monday for Macon Georgia for which she intends to take a business course in the Massey Business College.

## HOW TO KEEP WELL

Strengthen the Stomach With Mi-o-na and Get Perfect Health.

The source of health is the stomach and the digestive system. When acting as Nature designed they should, the organs of digestion do their work regularly and unconsciously, like a perfect machine.

Those who use Mi-o-na do not have a sallow complexion, sunken cheeks, nor flabby flesh. Their skin has a ruddy glow, the eyes are bright, the breath sweet and the step elastic. In short, the users of Mi-o-na have the maximum of good health and are plump, rosy and robust.

Nine tenths of all sickness comes from a weak stomach, causing loss of flesh, shattered nerves, flatulency, heartburn, sick headaches, back-aches, spots before the eyes, rheumatic troubles, and general weakness and debility. Take a Mi-o-na tablet before each meal, and all irritation, congestion and inflammation in the stomach or bowels will be immediately soothed and relieved. In fact, the stomach will become well and strong and the whole system filled with strength and vitality.

Even if a weakened stomach has brought you to a chronic stage of ill health, where life is one long drawn out pain, do not despair. Mi-o-na will effect a cure—if the simple directions in each 50¢ box are faithfully followed.

Read the guarantee given by J. H. Hill & Son with every package of Mi-o-na they sell. They pledge themselves in this guarantee to refund the money, should Mi-o-na fail to help.

Buy your Spring Mattings from Andrews & Waddell Furniture Co. Special prices this week.

## NOVEL HILL ITEMS.

Chronicle of a Week's Events in That Thriving Neighborhood.

Mr. Ed Newsome, of Black Creek, was here Sunday.

Rev. H E Tripp was calling in our neighborhood last week.

Mr. Will Casey, of Brogden, spent Sunday in the Novel Hill section.

Mr. and Mrs. J M Howell attended regular services at Faro last week.

Mr. Burt Montague and friend Mr. Holland, of Walter, spent Sunday here.

Miss Penina Hill spent a few days last week with relatives at Forrest Park.

Mrs. H E Tripp is on a visit to her daughter, Mrs. Claud Holiday, at Clinton.

Mr. and Mrs. C D Thompson were visiting friends in our section last Sunday here.

Our Sunday School had the largest attendance last Sunday that we have had in a good while.

Misses Patience Lewis and Cora Smith, of Faulston, were visiting the Misses Dean's Sunday.

Miss Cora Linden, and uncle Mr. Linden, of your city, were visiting Miss Charlotte Hill last week.

Mr. Ransome Ham, formerly of our neighborhood, who now resides in Goldsboro, was in our midst last week.

Our farmers have been very busy the last week on their farms and are very much encouraged over the few pretty days.

Novel Hill, March 21.

WOODLAND CRUMBS.

Mr. J M Edgerton is visiting his parents at Guilford, N. C.

Mr. Ed Hollowell, who is in the railway service, visited his mother last week.

Mr. and Mrs. W R Hollowell and Mr. L D Giddens, of Goldsboro, were at the Myrtle Springs, Sunday.

It really looks as if spring had come, for garden peas, turnip salad and garden seed are coming up.

Mr. James Godwin, who has been travelling through the West for some time, is at home again and is looking well.

Mr. and Mrs. James Pearson, of the fork of the river section, and Mr. and Mrs. Daniel Howell, of the Pikeville section, attended church at Woodland, Sunday.

While the river is down and the roads are dry, it would be a good time to fill up those holes that have been worked out during the rainy season. The road at the hill near the lattice bridge looks dangerous, having been washed out during the recent freshets. We hope that our worthy County Commissioners will before something speedy happens.

Woodland, March 21.

While on the subject of rapid transit it is also interesting to note that the Southern Pacific railroad has ordered a new type of locomotive that will travel 3000 miles without a stop at an average rate of 100 miles an hour and over. In the long flight from New Orleans to San Francisco the advantage of such a locomotive is apparent. The fastest schedule now made by the Southern Pacific from "The Crescent City to the Golden Gate" is approximately three days, but the new engine promises a revolution. The southwest is a fine region for such monsters to get careering about. There is plenty of room and few people to be run over.

English Spavin Liniment removes all Hard, Soft or Calloused Lumps and Blemishes from horses, Blood Spavings, Quirks, Splains, Sweeney, Ring Bone, Stiffles, Sprains, Swollen Throats, Gouges, etc. Save \$50 by use of our bottle. Warranted the most wonderful Liniment cure ever known—sold by A. E. Robinson & Bro., druggists, Goldsboro, N. C.

## MAINTAINING THE RECORD.

IT IS TO BE GENERAL MANAGER ROYALL.

An Old Goldsboro Boy Whose Record Is One of Continued Promotions.

The Wilmington Messenger of Sunday contains the following railroad news that will be of especial interest to Goldsboro readers, as Mr. Royall is a native Goldsboro boy, whose venerable mother, four brothers, Messrs. S. K., Geo. C., Joe S. and Ed., and two sisters, Misses Jennie and Minnie Royall, reside here, and where his old friends have watched with pride and satisfaction his steady rise from the telegrapher's desk to the general management of one of the great railroad systems of the country.

Here is the Messenger's announcement:

"Mr. John R. Keuly, general manager of the Atlantic Coast Line Railroad Company, has resigned, his resignation having been accepted, and Mr. W. N. Royall, general manager of the First division, has been appointed to succeed him and will enter upon his new duties on April 1st.

"Mr. Keuly has filled the dual position of general manager and fourth vice-president and he will continue to hold the latter position, with headquarters in Wilmington.

"Mr. Keuly has been general manager of the Atlantic Coast Line for something over ten years, having formerly been superintendent of transportation. It has been a comparatively small number of years since the Coast Line only extended from Richmond to Charleston and now the road reaches to the most Southern point of Florida and has a large number of branch lines in each of the States through which the road runs, and it has been since Mr. Keuly's term of office as general manager that the Coast Line absorbed the Plant System.

"Mr. W. N. Royall, the successor of Mr. Keuly, began his career as a railroad man in this city 24 years ago, being telegraph operator for the Wilmington, Columbia and Augusta railroad. Later he was train dispatcher at Florence for three years, and after leaving Florence was train master of the Columbia and Augusta railroad for three years. For twenty years Mr. Royall was located at Charleston, first as assistant superintendent and then as superintendent of one of the railroads running out of Charleston, which road was later absorbed by the Atlantic Coast Line.

"Mr. Royall came to Wilmington on July 1st, 1902, to assume the duties of general superintendent of the First division of the Atlantic Coast Line. The first division extends from Richmond to Savannah.

"As can be seen from the above, Mr. Royall is thoroughly familiar with every branch of managing a railway system, from the operator's desk up to the position of general manager, the position he assumes on April 1st. Being made general manager of a railroad of the importance of the Coast Line, but shows the great confidence the directors of the system have in Mr. Royall and the manner in which they regard his ability. The directors chose a worthy successor to Mr. Keuly and a man who is in every way competent to fill the position to which he has been appointed.

"The successor of Mr. Royall has not yet been appointed and no limitation has been heard as to when it will be."

Wilmington, N. C., March 21.

While on the subject of rapid transit it is also interesting to note that the Southern Pacific railroad has ordered a new type of locomotive that will travel 3000 miles without a stop at an average rate of 100 miles an hour and over. ## Nine Foot Cotton Stalks in Virginia

Among the many strong evidences of the great value of "Cerealtite we cut the following from the "Graphic", the local paper of Franklin, Va. The only other Fertilizer used under the cotton was "Home Fertilizer."

FROM THE FRANKLIN, VA., "GRAPHIC."

"Mr. Albert Sidney Johnson, who is not only a good peanut buyer, but an expert farmer, for this latter fact is fully demonstrated by an exhibition of his cotton crop at 'The Graphic Office' this week. There were two stalks, one 9 ft. high with 60 bolls, and the other 5 ft. 10 inches with 135 bolls, many additional bolls on either stalk. Who can beat this. The Fertilizer used was 'Cerealtite Top-Dressing', one bag, 161 lbs. to the acre." For Sale By

C
