CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

Mrs. I. B. Jones, Addington, Ind. T., writes: "My little girl had been affering for two years from eczema, and during that time I could not get a night's sleep, as her ailment was very severe. I had tried so many remedies and spent so much money, deriving no benefit. I had given up an hope of making any cure. As a last resort I was persuaded to try Cuticura, and to my great delight a marked change was manifested from the krst cation. I gave the child a bath with Cuticura Soap, using a soft piece of truslin cloth. This I did twice a day, each time following with Cuticura Cintment, and at the same time gave the Resolvent, according to directions. One box of Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication, hoping it will assist other sufferers in curing themselves."
