"Later reports show that during the night of May 27 our torpedo boats numbered thirty-four, thirtyfive and sixty-nine were sunk by the enemy's fire. Comrades resqued the majority of their crews. Besides the above there was no damage worth reporting. No warship nor destroyer suffered any loss of tighting or navigating power.

The battles with the Chinese and at Santiago lose no little of their brilliancy and historic interest when brought into contrast with the tremendeus battle at the Tsu Islands. While history is wr'tten and read that battle will be recalled. The weight of the opposing fleets and the completeness of the victory will render it absolutely memorable and impesing. Out of a fighting fleet made

HEAD SOLID SORE

Awful Suffering of Baby and Sleepless Nights of Mother.

CURED BY CUTICURA

Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I herewith write out in full the beginning and end of that terrible disease eczema," says Mrs. Wm. Ryer, Elk River, Minn., "which caused my babe untold suffering and myself many sleepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to herp; in fact, it grew worse Her hair fell out where the sore was and I feared it would never grow again It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away. "To please him I did so, and to my

surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no ccar left to recall that awful sore, an it is over eight months and no sign of CURE PERMANENT

"Your letter of the 19th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid

sore on top and down the back."
