Presidents Winston and McIver Thomasville Charity & Children.

It is our deliberate judgment that Drs. GeorgeT. Winston and Charles D. McIver are about the strongest college presidents in the State. We have no idea that they are superior in point of scholarship to many others we might name, but they are able to bring things to pass which is another way to say that they adjust themselves to all sorts of conditions and circumstances to carry forward their plans. Among other accomplishments they are past masters in the art of manipulating a legislature.
