FORTY-TWO NEW CASES

TEXAS CUTS OFF WHOLE STATE OF LOUISIANA.

But Only Six Deaths Yesterday in New Orleans--The Plague Appears at Morgan City--Arkansas Also Quarantines Against the Entire State of Louisiana.

New Orleans, Aug. 1--Yellow fever record for August 1: New cases 42; deaths 6.

New Orleans, August 1.--The announcement of a case of yellow fever in Morgan City, La., on the line of the Southern Pacific Railroad between New Orleans and Houston, resulted today in Texas again putting on its prohibition against the state of Louisiana.

There have been rumors for a week of accounts of yellow fever at Morgan City, which were decided as a matter of fact the case developed only yesterday. A family of Italian refugees from the infected district in New Orleans were detained by the Morgan City health officials and kept isolated under guard. As feared one of them developed an unquestioned case of yellow fever yesterday.

Mississippi has a quarantine, but will allow persons who have spent five days in the United States detention camps to enter the state. Alabama has quarantined against all Louisiana, that is the state officials have done so, although the law requires a proclamation from the governor to make the quarantine effective and no such proclamation has been issued.

Arkansas, which has taken no action here-ore in the fever situation, has finally quarantined through its state board of health against all infected points in Louisiana. As the board is without funds the state militia will be used for quarantine guards.

What has confused the situation is that in addition to the state quarantines, every county and town has a special quarantine of its own, in all cases different.

In Mississippi the quarantine epidemic is milder today. Laurel has taken off its quarantine against the world and Natchez has asked to be allowed to do so. Jackson will also adopt milder measures. On the other hand Buena Vista has sealed itself up hermetically. At Port Fabian all strangers must submit to police surveillance during their stay in town on the same basis as that of a ticket of leave man.

GENOA ITEMS.

Chronicle of a Week's Events in That Thriving Neighborhood.

Mr. E. T. Hollowell after spending some time with friends here left Monday for Rocky Mt.

Mrs. Edwood Edwards is spending this week in Johnson county.

Miss May Hooks, of Mt. Olive is visiting Miss Fannie Cox of this section.

Quite a number of our young people spent last Friday at Seven Springs and report a very pleasant trip, although they returned through the rain.

Mr. and Mrs. V. G. Herring, of Princeton, spent Sunday with friends here.

Miss Ruby Herring visited Miss Irene Moore last week.

Miss Eunice Grantham who has been spending several days with the Misses Edwards returned to her home near Oakland Saturday morning.

Durham, N. C., Aug. 1.--Additional particulars of the terrible hail and wind storm that swept over the Pea Ridge section of Caswell and Orange counties and a portion of Alamance and Durham counties late last Saturday afternoon were received here to-night. Several people from that section are here now. The news has been long in getting out because the people were busy in trying to save all they could from the wreck of the storm. Many of those who had magnificent crops say they are wrecked on account of the storm. They were dazed for the first day or so and are now beginning to realize that they are hopelessly ruined for this season, and some of them lost practically everything they had on earth. From reports of parties who came direct from the storm-swept territory it seems that the hail and wind storm was at its worst at Prospect Hill, Caswell county, and that immediate vicinity.

Deserved Promotion.

Goldsboro talent still trends to the front and holds it when it gets there. This time it is our young friend and townsman Mr. Ed. C. Denmark, son of Mr. and Mrs. Willis A. Denmark, who for several years has been in the employ of the Oil Mill here, now the property of the Southern Cotton Oil Company, operating so many mills throughout the cotton-growing Southern States.

Mr. Denmark has been promoted to the superintendency of the mill at Fayetteville, and left today to assume his new position to-morrow.

The Argus, with Mr. Denmark's friends here--and they are all our people, while regretting to lose him to Goldsboro, is deeply gratified at his deserved promotion.

Messrs. E. B. Borden Jr., district manager, and C. F. Taylor, district superintendent, accompanied him to Fayetteville this afternoon to install him to-morrow.

WOMEN NURSES.

Nursing is peculiarly woman's work. As Dr. Worcester testifies, women are peculiarly fitted for the onerous task of patiently and skillfully caring for the patient in faithful obedience to the physician's orders. Ability to care for the helpless is woman's distinctive nature. Nursing is mothering. Grown-up folks, when very sick, are all babies, and some of us are babies when only slightly ill. In no other employment but nursing can women so well bring into action their highest powers. In so many employments now open to women only their brains are wanted or the use of nimble fingers, craftsmanship and work are sufficient for men, because they have the incentive to make provision for those dear to them. For women it is of the highest importance that they shall find employment in which their hearts as well as their heads and hands shall have full exercise. Nursing, of all other employments, offers this opportunity, and so nursing is the most popular of all pursuits for the majority of women.

Beautiful Tribute to a Good Woman, Well-Known, Widely Connected and Highly Esteemed in Goldsboro.

The announcement of the death of Mrs. L. R. Waddell in last week's issue brought a feeling of personal loss to many loving friends in the community. Mrs. Waddell had been in declining health for the past few years, but so great was her energy of mind and body, that only her immediate family knew how frail and feeble she was, and when in February last she suffered a stroke of paralysis which rendered her a helpless invalid, little hope could be entertained of even a partial recovery.

From week to week she was tenderly nursed by anxious family, loving friends, and her faithful physician, but it was evident the answer was only a question of time; and at the expiration of fifteen weeks, it became evident she must have even more skilled attention, and she was removed to the Wilson Sanatorium, where everything human knowledge, and kind hands could do, was done to prolong her life. Frequently her family were at her bedside and although she lingered for eight weeks so gradual was her decline, that on Tuesday it was thought she might yet have some weeks of life, but on Wednesday morning as though in flight, the Angel of Death wrote the word, "Peace," on her brow as she slept.

Mrs. Waddell was in her seventy-first year, and during her long illness, repeatedly expressed a wish to be free--commending her soul to God, she would pray aloud, pleading for release--without fear, with the patience and courage of a Christian soldier, she awaited the end. Her life was a long one, filled with charity and good deeds, and her tender loving sympathy ran out to all mankind. She believed evil of no man, and her tongue was the law of kindness.

Born of the Aristocracy of the Old South, her manners, customs and ideas, were those of a past generation; carefully educated, and possessing many natural gifts her young womanhood was one of peace and distinction, and throughout her life these advantages and gifts of mind and heart, spoke ever for culture, refinement and the general uplifting of the community in which she dwelt. Many are the testimonials of her high ideals and noble character, her love of duty well done, right for right's sake, her clear vision of justice, and a broad charity which covered all mankind and many times caused her to exclaim "I love my fellow being."

She loved to do good, by nature unselfish and warm hearted, all humanity was her friend. Thy neighbor as thyself, might have been her watchword, so faithfully did she live up to its message.

The silent tearful faces, of many friends who met her remains, when the train arrived from Wilson on Monday night, bespoke the esteem in which the community held her.

Mrs. Waddell before her marriage was Miss Olivia Wright, daughter of Mr. John Wright, of Wayne county and married Mr. Waddell on the 24th of February 1859.

Her body was placed in the Episcopal church which had been dear to her for many years, and the burial for the dead was read on Thursday afternoon at 6 o'clock. The interment took place, as the long shadows fell, which proclaimed the evening at hand. Rest was written upon the air, her sweet spirit shall know it forever.

The sympathy of the community is extended to the aged husband, our esteemed and honored friend, Hon. L. R. Waddell, and to his bereaved daughter, Mrs. Gimer Brenner.

HONORS FOR FOREIGNERS.

TOKIO TREATING OUR VISITORS HANDSOMELY.

Secretary Taft and His Party Entertained at the Imperial Palace. Minister Griscom and Others Give Dinners in Their Honor.

Tokio, July 27.--Tokio contingents enfile in honor of Secretary Taft's party. The doings of the American visitors absorb the attention of the Japanese. Fireworks are constantly in the sky. At noon to-day Prince Fushima, who was in America last fall, gave a luncheon at the Kiozawa Palace to Secretary Taft, Miss Roosevelt and their immediate party. The guests included Minister Griscom and the entire legation staff.

This afternoon Minister Griscom gave a garden party which crowded the legation gardens. In the brilliant assemblage were the Prince and Princess Kanin, Prince Fushima, the younger, Prince Higashi, the Marquis and others of the elder statesmen, the members of the cabinet and nearly the entire foreign community of Tokyo and Yokohama, together with leading Japanese, including many graduates of American colleges. An exhibition of two hundred Japanese fashions was given, which specially interested the Americans. Tonight the nation's capital gave a dinner at the Maple Club. The guests were the millionaires, started by the Japanese, the last named of whom is the governor of the city.

The Japanese Mail says today: "Not within our experience of over thirty years has Tokio ever given such an ardent receipt on to any foreign visitors."

The princess assisted the emperor of Japan at an audience he granted to Secretary Taft yesterday, the emperor being absent from the city. After the audience all proceeded to the banquet hall. The emperor sat at the head of the table, with the crown princess on the left. On either side of these were Secretary Taft and Miss Roosevelt. Mr. and Mrs. Griscom sat opposite the emperor. A garden party followed. The party were then driven through the emperor's private park, especially opened in their honor by his majesty's orders. No foreigners have ever been admitted to it before.

Cured With Scales and Scabs From Hand to Foot--Doctors and All Other Remedies Fail--Skin Not Smooth and Clear.

ANOTHER WONDERFUL CURE BY CUTICURA

Writing under date of Sept. 7, 1904, Mrs. Matie Shaffer, of Cumberland, Miss. says: "Some time ago I ordered and used your wonderful Cuticura Remedy, which I used on my little child. I had tried many other remedies without any benefit whatsoever, and had almost given up the hope of ever seeing my little one again. One doctor proposed to amputate the other leg, but I tried your Cuticura Soap and Cuticura Ointment, and in a few days the little one was again on its feet. I cannot praise Cuticura Soap and Cuticura Ointment enough. They are the best for all skin diseases, and will cure them in a few days. I have used them on my face and neck, and they have done me much good. I am a true believer in them." (Signed) Mrs. Matie Shaffer.

The death of Mr. A. L. Swain was a shock to his friends here where he lived for many years. Like all of us, he had his faults, but he was true to his friends and had the flame of love for his fellowman burning sufficiently in his breast to cause him to throw the mantle of charity over their imperfections, and esteem them for their good traits. We never heard him say an unkind word of any one. He was our friend, and we trust all is well with him.

Mr. Sandy Worley, son of Mr. William Worley, near Oakland, was kicked in the abdomen last Wednesday by a runaway mule from the effects of which he died Sunday. Dr. J. B. Strachan, the family physician, and Dr. Will Crawford rendered medical attention, but the pain, complete intestinal obstruction, and excessive bilious vomiting, was evidence of internal injury which could not be remedied. He was a progressive young farmer, and leaves a young wife, parents, and many friends who are grieved at his untimely and tragic death.

This Are Poetree.

There ain't no nothing much no more
And nothing aint no use to me;
In vain I pace the lonely shore,
For I have saw the last of thee.
I seen a ship upon the deep
And signaled this here fond lamens:
"I haven't did a thing but weep
Since thou hast went!"
Alas! for I ain't one of they
What hasn't got no faith in Love,
And them fond words of yesterday
They was spoke true, by heaven above.
Is it all off 'twixt I and you?
Will you go wed some other gent?
The things I done I'd fain undo,
Since thou hast went!

O Love! I done what I have did
Without no thought of no offense.
Return, return, I soughly bid,
Before my feelings git intense,
I have gave up all wealth and show,
I have gave up all hope of fame--
But oh! what joy 'twould be to know
That thou hast came!

BLOOD POISON MAN'S GREATEST ENEMY

The disease that has done more than any other to wreck, ruin and humiliate life, is Contagious Blood Poison. Sorrow, shame and suffering go hand in hand with this great enemy, and man has always hated and fought it as he has no other disease. It is the most powerful of all poisons; no matter how pure the blood may be, when its virus enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the deadly poison, and soon the mouth breaks out on the body, eyes, and eyebrows drop out, a red eruption appearance and the poison even works down into the bones and attacks the nerves. Not only is the disease hereditary, being transmitted from parent to child, in the form of acrofula, weak eyes, soft bones, weak, puny constitutions, etc., but it also so highly contagious, that many a life has been ruined by a friendly hand shake, or from using the toilet articles of one infected with the poison. To cure this frightful, deadly disease, the blood must be purified, and nothing will do it so quickly and surely as S. S. S. It goes down to the very bottom of the trouble, drives out every particle of the poison and makes the blood clean and strong. It does not hide or cover up anything, but from the first begins to expel the poison and build up and strengthen the system. S. S. S. is guaranteed purely vegetable. We offer a reward of \$1,000 for proof that it contains a particle of mineral of any kind. Book on the disease, with instructions for home treatment, and any advice desired, without charge.
