IMMIGRANTS GO SOUTH.

Several Train Loads of Foreigners For Gulf States.

Raleigh News & Observer.

During the past few weeks a decided and continued flow of northern and foreign labor into the Southern and Gulf States has been conducted by the Seaboard Air Line Railway, and several train loads of immigrants have passed through Raleigh, coming from the Metropolis.

One train a few days ago carried 400 immigrants and Italians, bound for Jacksonville.

It is computed that not much less than eight thousand laborers have passed through Raleigh going to the far South, principally to the Gulf States, over the Seaboard Air Line Railway in the past three months.

White to Support Germany.

London, Jan. 15.—The Associated Press is advised that Ambassador White, representing the United States at Moroccan conference at Algiers, will support the German contention, both as to the "open door" at Morocco and as to an international commission to control the port of the country. It is suggested that this may make the adoption of the German view probable.

DOCTOR CURED OF ECZEMA

Maryland Physician Cures Himself of Eczema with Cuticura Remedies. Prescribes Them and Has Cured Many Cases Where Other Formulas Have Failed—Dr. Fisher Says:

CUTICURA REMEDIES POSSESS TRUE MERIT

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter, or any part of it. I remain, very truly yours, G. M. Fisher, M. D., Big Pool, Md., May 24, 1905."

THREE LANDMARKS.

Some Interesting Reminiscences of By-Gone Days.

The ARGUS man "dropped in" at the store of Capt. J. E. Peterson, this afternoon, where three of Goldsboro's oldest landmarks were in conversation, surrounded by a number of our citizens of much younger age, talking about the scenes of by-gone days and relating interesting reminiscences of "ye olden times", which afforded a great deal of amusement and unusual pleasure to those present.

The three personages we have reference to, were Messrs. J. M. Scott, aged 69, W. R. Parker, aged 82 and "Uncle" Jack Blackley, as his old comrades please to call him, aged 85.

"Uncle" Jack was the central attraction and being the older of the trio, was spokesman.

Mr. Blackley was for years a resident of this city, but now makes Franklinton his home. He was attending the State meeting of the Grand Lodge of Masons, at Raleigh, and came down to this city to pay a visit to his old home and friends, and is the guest of his good friend and playmate of latter days, Mr. J. M. Scott.

He is pleasantly remembered by many of our citizens and is cordially greeted on every hand.

Mr. Blackley says that he attended the first court ever held in Goldsboro. At that time he was a resident of old Waynesboro, and it was customary in those days to sell tobacco from a covered wagon, and especially did they expect a good trade during court week when the farmers came to town to fill up on barbecue, lay in a supply of tobacco, swap horses, etc.

It was noised about the little village of Waynesboro, near the Neuse, that court was to be held in Goldsboro for the first time on a certain date and a party of young fellows had gathered at a starting point with their covered tobacco wagons to take their first trip to the city, when a dispute arose as to who should go ahead, so they drew straws, and Mr. Blackley says he was the lucky and proud victor. He says that he was the first man that ever drove up on the court green, and that he hitched to the oak tree nearest Mr. Isaac F. Dorich's office, which tree was then about the size of a broom stick, and he trimmed up the lower limbs with his pocket knife. This was some time in the early 50's. What wonderful changes have taken place since then, when Goldsboro had only a half-dozen or more houses.

At that time a Dr. Green was justice and Mr. Wm. Thompson was sheriff, and the whipping post was in order, and Mr. Blackley says when Sheriff Thompson would administer 39 lashes on an offender's bare back, ninety-nine cases out of a hundred he never had an opportunity to repeat the dose.

While Mr. Blackley is approaching his 86th birthday he is still hale and hearty and enjoys listening to and telling a good joke.

He is a member of the lodges of Masons, Pythians and Odd Fellows, and will pay a visit to each lodge while in the city.

But this reminds us that the old landmarks of the ages here related, are fast passing out from earth's sight forever. May they find peace and happiness on the other shore.

W. N. Musgrave Chairman, Cotton Growers Association, Goldsboro Township.

TO THE COTTON GROWERS OF WAYNE COUNTY.

Come, Wednesday 24 January, One and All to Goldsboro.

This is going to be the most important year you have ever seen. Your actions, efforts and determinations this year will decide your fate for a long time. You will agree with me that during all your experience as farmers, your main money crop, cotton, you have had no voice in setting the price. That part of your business has been attended to by the manipulator or speculator, because you were not organized and in a position to demand your rights. This unjust custom has been practiced on you for the past 50 years, and it is time for us to wake up and call a halt to this unjust proceedings.

There has already come a change over the dreams of a great many farmers and they are realizing they can and will have a voice in the fixing of the price of their products. They realize in "union there is strength," and they are organizing themselves in one great body, for they realize the fact that as long as they remain unorganized they are powerless to enforce a demand and cannot be of any assistance to their fellow-farmer in demanding a just and equitable price for his products.

A full and complete organization is imperative. Our progress and prosperity demand it. Whether we will continue to stand by, as helpless as babes, and see our cotton go, as we have seen it, for a less price than it cost us to produce it, is the great question that confronts us today. As Moses commanded the children of Israel to look and live, when he had hoisted the great brass serpent in the wilderness, our interest and our leaders commands us to act and live financially.

All great men of the South, who feel an interest in southern prosperity are with us in this great undertaking and advise us by all means to organize.

To aid in this great organization movement in North Carolina, Col. C. Moore, of Charlotte, who was recently elected President of the State Cotton Growers Association at Raleigh, hopes to be able to visit every cotton growing county in the State, and talk with the farmers on this great question. Tell them what the organization has done and what it can do if the farmers will organize and prove faithful to their trust.

He expects to be in Goldsboro, with other able speakers, Jan. 24th, and would be glad to meet every farmer in the county and give him his views upon the subject. Brother farmers, less give him a rousing crowd and thereby enable him to sow seeds that will bring forth, not only forty, but a hundred fold.

We have the matter now in our own hands if we possess the manhood to use it. If we lose this opportunity by not thoroughly organizing and sticking to the organization, we will not have this good opportunity so presented to us again perhaps in the next decade. Our power is now recognized as never before. Wall street has asked for a conference with the cotton growers, something that was never heard of before.

The main thing we need is a thorough organization in every Township in the South. When that becomes the case we can easily arrange to deal directly with the spinners and leave the speculator unnoticed. Be sure to come Wednesday the 24 and help to put the ball in motion.

GOOD NEWS FOR GOLDSBORO.

Science At Last Discovers A Real Cure For Rheumatism.

After years of experiment a new scientific remedy has been found that not only relieves, but absolutely cures Rheumatism and kindred diseases, to stay, Rheumatism is caused by an excess of poisonous acids in the blood. The new discovery RHEUMACIDE, though purely vegetable, and acting through nature's channels, neutralizes these acids and sweeps all poisons and harmful germs out of the blood. At the same time it tones up the stomach and regulates the liver and kidneys.

RHEUMACIDE therefore, cures the disease permanently, because it removes the cause. It has cured hundreds of cases after the most noted doctors and hospitals have failed. RHEUMACIDE cured James Wilkes, of Dillon, S. C., after he had been held in bed by rheumatism for three years and his feet were drawn up almost to his back. This is only one of the many marvellous cures RHEUMACIDE has already performed. RHEUMACIDE is curing many cases of Rheumatism, Sciatica, lumbago, gout, kidney trouble, indigestion and constipation, right in this community today.

Because it has cured so many others we believe it will cure you. All the leading druggists in this place sell and recommend RHEUMACIDE.

Next - Monday

Will see the opening of the greatest of all, sixth annual

WHITE - SALE

Lasting one week, Jan. 22nd, to Jan. 27th, 1905.

Our growing business enables us to place larger contracts with the mills direct each year. When business is slack with them, they are anxious to sell goods and it is then that we look ahead and make our engagement for our WHITE SALE.

That is the reason that our prices for this White Sale are in every instance as low and in some instances lower than one year ago when cotton was selling below 7 cents. When a mercantile establishment in the face of an advance of nearly 5 cents a pound in cotton, sells cotton goods at the same price or less, it may justly be rewarded as a friend to the people of Goldsboro and the surrounding county.

For particulars see our circulars or the announcements in next weeks Argus.

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that nothing which can be done to assist nature at that time when our wives are to become mothers should be left undone.
