With Crusted Scaly Eczema When One Month Old—Could Brush Scales Off Body—Young Lady is Now 17 Years Old and Skin is Without a Scar—Cured By

CUTICURA REMEDIES AT EXPENSE OF \$4.50

"When I was one month old I was taken with eczema. After being under the treatment of two doctors for one month and no improvement, my mother was advised by a druggist to try Cuticura Soap and Ointment. I was one crust of scum from head to foot. My mother could brush the scales off my body; and my finger and toe nails fell. After using six cakes of Cuticura Soap and about six tubs of Cuticura Ointment I was completely cured. I am now seventeen years old and my skin has not a scar. I am still finding wonders in Cuticura; after washing a fever blister two days it was completely gone." Your Cuticura friend, Miss Eola Glascock, Oct. 27, 1905. Marksville, La.

The attention of parents is called to the fact that the Cuticura Remedies were used on a one month old baby with complete success, proving what we have always claimed that these great curatives are so pure, so sweet, and so delicately medicated that they may be used on the youngest infants.

CUTICURA REMEDIES

Are the Best for Skin and Blood. "About three years ago my face began to get rough with acne and kept getting worse. A year ago I read in a paper of the Cuticura Remedies for the skin and blood. I sent for them at once. I used the Cuticura Soap, Ointment, and Pills, and in three months my skin was soft and smooth, and the pimples have all disappeared without the services of a physician. I think the Cuticura Remedies are the best that any one can use for the skin and blood." May G. Schieferle, Sept. 5, 1905. Santa Paula, Cal. NEWS FROM WALTER.

ARGUS BUREAU WALTER, N. C. Feb. 13, 1906.

Mr. and Mrs. Milford Aycock, of Pinkney, visited at Mr. Lon Dail's Sunday, Mrs. Aycock remaining for a few days visit.

Mr. Ben Sasser killed a hog last week which weighed 350 lbs, some less than 2 years old, from which he got 100 lbs of lard and sausage in proportion.

Mr. Beasley Sasser threshed 400 bushels of peas for Mr. Vaden Rose, on Mr. Borden's farm near your city, and then only threshed about half the crop. At the present prices, peas beat cotton.

One of the convicts, on the force at work on the road near Capt. A. L. Sasser, made his escape last week. He was fired at by the guard, but the shots only seemed to make him run faster.

The work done by Capt. Lucas and the convicts at Poplar Branch, is quite an improvement. They have put in tiling and tiled in the road from either side, and from Capt. Sasser's towards town will look like a macadamized road when it gets dry and hard.

We had the pleasure of meeting Dr. E. B. Goetz of Saluda, N. C., in your city last Saturday. For many years he lived here, and at one time conducted a large mercantile business and grocery farming interests at the old home place, now owned by Mr. P. C. Caldwell. He has many friends in this community many of whom were glad to set him in your city and to know that he is meeting with deserved success.

The study of human nature is one of never-ceasing interest. Who is it who does not like to stand on the corner or inside some secluded spot accessible to a glass door or window, and watch the busy crowd coming and going, all sorts, and conditions of mankind. We have often thought we would like to stand off and see ourselves pass, and no doubt if such a thing was possible it "would from many a blunder free us, And foolish notion."

The weather for the past week has stopped farming operations, and prospects are now for them to be on a standstill for some time. Many of our farmers want to sow spring oats, but as yet weather conditions have been unfavorable. With the scarcity of corn, that exists, there is no crop more profitable than oats, followed by peas. Not even cotton at ten cents per pound, but farmers are slow to be convinced of this, especially the tenant class.

It is to be hoped that between the weather bureau and the ground hog, we will have a pretty night next Friday, so that those who attend may thoroughly enjoy the festival, supper, and musical concert at the new school house. It will be an occasion of pleasure and enjoyment, and we trust the weather will be favorable. Let everybody, and all the children, come out next Friday night to the entertainment. There will be plenty to fill the inner man, music to charm and elevate those who are touched by the concord of sweet sounds and social features which will render the entire evening one continual round of enjoyment. All that is required of you, is a good appetite, backed up by a little "dough," in your jeans. You press the financial button and they will do the rest and you go home happy. No admission will be charged at the door.

CONTEMPT OF COURT

Charged That Judge Suspended Sentence Until He Could Sound Public Opinion.

Tampa, Fla., Feb. 12.—C. R. Hawk, editor of the Tampa Daily Herald, was fined one hundred dollars for contempt of court, this morning by Judge Gordon in the Criminal Court and the judge ordered Sheriff Jackson to hold the editor in custody until the fine was paid.

Last Wednesday the Herald published an editorial asserting that Judge Gordon had reserved sentence on several persons who had pleaded guilty to gambling in order that he might sound public sentiment and make his sentence accordingly. Hawk has been in the sheriff's office in custody all day, the fine not being forthcoming.

Late this afternoon the attorneys for Hawk obtain a writ of habeas corpus from Judge Wall, but the case has not yet been heard.

EAT WHAT YOU LIKE.

Won't Starve or Diet, But Use Mi-o-na, and Cure Your Stomach Troubles.

The average treatment of stomach troubles consists of a rigid diet list, which often half starves the patient. Of course it would be foolish for anyone who knows that some foods are positively harmful and poisonous to continue eating them, even while following the Mi-o-na treatment, but in ordinary cases of stomach troubles it is not necessary to starve or die if Mi-o-na is faithfully used, a table before each meal.

This scientific remedy, for the cure of stomach troubles, acts upon the whole digestive system, and strengthens the organs so that they are able to digest any food that is eaten without fear of distress.

J. H. Hill & Son have so much confidence in the power of Mi-o-na to cure stomach troubles and resulting ills, that J. H. Hill & Son give a guarantee with every 50 cent box to refund the money unless it cures.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. Kidney trouble is allowed to advance to the point where it will attack the vital organs or the kidneys themselves break down and waste away cell by cell. Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing. It relieves the unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. SPECIAL CLOTHING SALE.

An Unusual Opportunity to Make Advantageous Purchases Offered to the Public by Messrs. Best & Thompson.

Goldsboro is not an old town. It is yet a mere juvenile in years, as the age of cities runs, and in nothing is its youth more emphasized than in the men who are at the head of its mercantile business, men who yet in the vigor of meridian manhood are themselves the founders of the great businesses they control and are steadily widening and enlarging as the years roll.

Among the more noted establishments of the city in the mercantile line is the well-known firm of Best & Thompson. These young men— young in years, but sagacious in business methods—recently celebrated the twenty-fifth anniversary of their firm, and it is the second oldest firm in the city. But in the twenty-five years they have been doing business in Goldsboro they have built up a reputation second to none in the confidence of the trading public, and enjoy a patronage that extends to the farthest limits of the widespread territory that favors our progressive city with their appreciated trade.

The above firm, as before noted in these columns, have recently greatly enlarged and improved and beautified their commodious double store on Walnut street, until it is easily the handsomest in the city, and consequent upon this enlargement, and the addition of new features to their trade, Messrs. Best & Thompson have inaugurated a Special Sale in Men's, Youths' and Boys' Clothing, that is intended as a Clearance Sale of their heavy weight clothing in order to make room for their Spring Stock. At this sale all clothing is offered at marvelously reduced prices—just as advertised, and for the purpose advertised—and this sale will positively close, as advertised, on February 28. Consequently if you wish to avail yourself of this opportunity to buy a suit of clothes at a price which may not come your way again you should not procrastinate. Opportunity wears all its locks before—seize it as it comes to you, otherwise you cannot grapple it.

See the display of Willow rockers at Andrews & Waddell. Inquire the price, they will surprise you.

WHAT THE NATIONAL BISCUIT COMPANY STANDS FOR

—The scientific, reconstructed baking industry, whereby the goodness and nutrition of Biscuit and Crackers have been marvelously enhanced.

—The new method of protection by which all dust, dirt and moisture are completely excluded from the package and the freshness and goodness of its contents are carefully preserved.

This is the trade mark which appears in red and white on each end of the package as an absolute pledge both of the quality of the baking and the purity of the packing.

For example try Graham Crackers—so different from the ordinary graham crackers—different in baking—different in flavor—different in packing. More palatable—more satisfying—more nutritious. Made of the purest Graham flour and baked in a manner understood only by the National Biscuit Company.

GOLDSBORO IN RALEIGH.

Mrs. W. R. Hollowell Charms a Large Audience in the Capital City.

The Raleigh News & Observer of this morning publishes a very fine picture of Mrs. W. R. Hollowell, who last night, by special invitation of the Raleigh Woman's Club, delivered an address in that city under the auspices of the "Federation."

The News and Observer gives quite a full and interesting synopsis of Mrs. Hollowell's address, introducing its report as follows: "The most interesting meeting of the Woman's Club in the New Year was held yesterday afternoon, and the public-spirited ladies of Raleigh have seldom heard a more patriotic address than the very able one delivered before them by Mrs. W. R. Hollowell, of Goldsboro, who is one of the foremost women in North Carolina, and the South."

"The meeting was held in Olivia Roney Library Hall, and there was an excellent representation of the women of Raleigh who are working for the enlightenment of the home, the uplifting of the oppressed, the beautifying of schools and grounds and other noble causes. After the reports from the various Club Departments were received and discussed briefly the members heard with much pleasure a delightful treat, sung by Mrs. Binson and Miss Mary Ray. This treat was followed by an exquisite violin solo by Miss Jerrine Saborn, of St. Mary's; and her rendition was full of charm. Her bowing was graceful and the perfect rhythm of her motion and the music was entrancing.

"Miss Fannie E. S. Heck, president of the Woman's Club, neatly eulogized Mrs. Hollowell while introducing the Club's distinguished guest and the speaker for the afternoon."

"Mrs. Hollowell is a forceful and even eloquent speaker. She uttered strong sentences, but they were clothed with elegance. Her voice is pleasing, but penetrating, and was heard distinctly in the heart as well as in the farthest corner of the hall. Her knowledge of the conditions prevalent in this State—labor, social, educational, and even economic—is extensive, and her experience in working among all classes with her uplifting purposes is almost as broad as her knowledge. She spoke in the main from her observations and experience."

That the Trades Celebration and gala week to be held here for one week beginning April 2nd is going to be one of the greatest drawing cards that the local Merchants Association could have hit upon for the purpose of advertising our city and bringing thousands of visitors from the surrounding country cannot be denied by anyone.
