Judge Landis takes the ground that federal courts make no distinctions between wealthy men and poor men.

Heart Strength Heart Strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Possibly, not one weak heart in a hundred is, in itself, actually diseased. It is almost always hidden tiny little nerve that really is all at fault. This obscure nerve—the Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing energy. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves. This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these controlling nerves—the heart centers. It builds up strength; it offers real, true, heart health. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
