#### YIELDED TO CUTICURA ALMOST IMMEDIATELY

"I was in despair about my baby. When he was about two months old his face and head were full of scabs and face and head were full of scabs and very itching sores with terrible running matter. I had to tie his little hands in bags for he used to make his face and head bleed. I had two or three doctors but they did not do any good. I was told to try Cuticura Soap and Cuticura Ointment and I can say that they stopped the running matter immediately and soon after I had washed him twice he looked almost well, but I used about three cakes of Cuticura Soap and four or five boxes of Cuticura Cintment, continuing the treatment for two or three months. I also used Cuticura Rememonths. I also used Cuticura Reme-dies for my other children and took. Cuticura Resolvent myself to purify my milk for my baby whom I nursed while he suffered with that terrible itching and sores he had. Now I always have Cuticura Soap and Ointment in the house handy.
