## SOUTHERN FINED THIRTY THOUSAND. Verdict of Guilty Both as to Southern and Agent Green.

Latter Agrees to Pay Small Fine and  
Obey State Law. Guilty of No  
Wrong But Considers  
Comfort of Aged and  
Invalid Mother.

(Special Wire to the ARGUS.)

Raleigh, N. C., July 20.—Convicted by the jury of Wake Superior court of violating the law by selling tickets for the Southern Railway, passenger agent, T. E. Green yesterday chose to pay a nominal fine in lieu of running the risk of such sentence as the court might impose upon him.

The Southern Railway, his principal, was then fined by Judge Long the sum of thirty thousand dollars and an execution ordered to issue.

Mr. Green, who had previously refused to give bond, and actually permitted himself to be put in jail for one night, and who was still in the custody of the court, was told by Judge Long that he had the option, either to obey the court and promise to refrain in the future from selling tickets at the illegal rate or of continuing in the attitude of defiance and disobedience to the court.

After consultation, Mr. Green announced through an attorney that the fact that he had an aged mother in a delicate condition of health constrained him to pay the nominal fine of \$5 and take the obligation to discontinue sales at the illegal rate, although he did not consider that he had committed any wrong or crime.

In pronouncing sentence of \$30,000 fine upon the Southern, Judge Long stated that the time had come when there was a parting of the ways; that the situation he had faced was, first, to obey his oath and the law of the land; second, to smother his conscience and forget his duty or fail to perform it; or, third, to resign as a judge of the Superior Court of North Carolina.

He had taken the first course. The defendant, Southern Railway, had put itself in an attitude of studied defiance to law and had sought to deprive the State courts of their jurisdiction.

The sentence having been imposed, the counsel for the Southern stated that, under the rule, they had ten days in which to give notice of appeal, but made no move actually to appeal to the Supreme Court.

The recourse of the Southern Railway, as talked upon the streets, is that it will now apply to Judge Pritchard for an injunction against the carrying out of the order of the court by the sheriff of Wake county.

The matter rests in the future. It now looks as though the State has won the preliminary fight and that the forum through which the right of the State to proceed under the rate bill will have been found and its decision obtained before, reasonably, the pending litigation before Judge Pritchard shall have scarcely left the hands of the special master.

Green by promising to obey Judge Long's order not to sell any more tickets at excess rate has divorced himself from his job. Whether the Southern will care for him in another position is not known, and Green refuses to talk. The appeal to the Supreme Court will be taken up at the September term.

At Asheville today Judge Pritchard is continuing the hearing of the habeas corpus case of Wilson and Ward.

Judge Long today adjourned Wake Superior Court for the term, and things are now quiet and lonely around the court house, by comparison with the scenes of the past few days.

## ROASTED ALIVE.

Horrible Electrocution in Ohio Today.

Special to THE ARGUS.

Columbus, July 19.—The electrocution of Henry White here this morning, for the murder of Marshall Basore, was a most horrible and sickening affair. Twice the electric current failed to kill the condemned man, who writhed in agony.

The third time the current was allowed to remain on until the body was ritually roasted.

## FARMERS' INSTITUTE

To Be Held in Wayne County at Powell's Springs, August 12th, and at Woodland, August 13th. Institute for Women.

The annual Farmers' Institute for Wayne county will be held at Powell's Springs, Monday, August 12th, and at Woodland, Tuesday, August 13th, 1907. There will be two or three speakers present from the State Department of Agriculture in addition to the local speakers.

These institutes are for a free and informal discussion of every-day farm problems, and no farmer can attend and take part in these discussions without receiving more than enough benefit to pay for the time spent.

No attempt will be made at this meeting to lay down hard and fast rules by which any man should run his farm, but improved farming methods will be discussed and the reasons why these methods are better than many of those now practiced will be given. We are assured that no speaker will recommend anything he has not himself done and that dozens of farmers in this part of the State are not also doing at this time.

Do not forget the date of this meeting, Powell's Springs, Monday, August 12th; Woodland, Tuesday, August 13th, 1907, and see that your neighbors know of it and attend.

In connection with the regular annual Farmers' Institute, for Wayne county, to be held at the above named places, there will also be held a meeting for the women from the farms. One or two women speakers will be present from the State Department of Agriculture and these will be assisted by the men conducting the men's institute. As this meeting will be held on the same day and at the same place as the Farmer's Institute, a joint meeting of the men and women may be arranged for the afternoon.

The women have even greater and more perplexing problems in the homes than the men have on the farms. Why should they not come together and discuss these problems and get inspiration and help in solving them?

We have heard of no woman attending such an institute who did not become interested.

## TO POOR, THAT'S ALL.

Henry A. Page Enters Protest and Explains.

In a Signed Statement He takes Issue With Governor Aycock as to the "Smaller Roads."

(By special wire to THE ARGUS.)

Raleigh, N. C., July 20.—In a signed communication in the Evening Times, of this city, this afternoon, Henry A. Page, president of the Aberdeen & Ashboro Railway, says that Governor Aycock's statement in his argument to the jury in the Green case yesterday, that the smaller roads are peaceably obeying the law, is misleading.

"That the smaller roads are peaceably obeying the law is due to the fact," says Mr. Page, "that they are too poor to bear the heavy expense of fighting the new act."

"That certainly is so in the case of the Aberdeen & Ashboro road," says Mr. Page, and then in a forceful manner, characteristic of all his public writings, he makes an earnest protest against the confiscatory rate legislation.

## A Good Complexion.

Every young person should be impressed with the truth that a good complexion depends upon pure blood and a healthy condition of the stomach. It cannot be secured by the use of outward applications. Hood's Sarsaparilla gives a good complexion and a fair skin because it makes the blood rich and pure and tones and regulates the stomach. Pimples, blackheads and all similar eruptions which so disfigure the face are promptly removed by Hood's Sarsaparilla which thoroughly eradicates all foul taints from the blood.

When it takes a man a long time to wink it is a sign that he has had too much.

## WHY NOT GOLDSBORO?

Fight Is On For the Head Offices of a New Insurance Company.

The Charlotte News of yesterday contains the following, that it seems to us should awaken interest and action here:

"It is very evident that the most prominent cities of the state are going to make a strong fight to secure the head offices of the Merchants' Fire Insurance Company, which Mr. J. Frank Flowers, of this city, has undertaken to organize among the retail merchants of North Carolina. The Chamber of Commerce of Greensboro, has already advised as to what must be done to secure the headquarters of the company. Winston-Salem is pressing her claim, also. Charlotte has better chances, however, than either of the other two cities and it is altogether up to the business people of the city to determine whether they want the head offices or not.

"It would mean an investment of \$100,000 to \$150,000, and is worth striving after. The city which gives the company the most business will be the city that gets the prize. The Queen City being the best in the state ought to lay hold the proposition with vigor in order to uphold her claim to superiority."

There you are!

What is Goldsboro going to do about it?

No city in the State is so advantageously located as Goldsboro for the head office of the above and similar enterprises.

## TO MARCH 650 MILES.

The Schedule Allows Forty-four Days For the Trip 30 Marching Days.

(By special wire to THE ARGUS.)

Fort Riley, Kas., July 20.—The first squadron of the Thirteenth cavalry starts today on its long overland march to Fort Sheridan, Ill. The distance to be traversed by the troops is 650 miles. The schedule allows forty-four days for the trip, thirty-four days of which will be marching days.

## More Papers On Pure Food.

(By Special Wire to the ARGUS.)

Norfolk, Va., July 19.—The Association of State and National Food and Dairy Departments, which has been in annual meeting at the Jamestown Exposition since Wednesday, held its concluding sessions today. Among the many papers presented were the following:

"Extent and Results of Food Standard Work, Hindrances in the Work for Uniform Standards," Dr. M. A. Scovell, director of the Kentucky agricultural experiment station; "The National Consumers' League's Work for Uniform Laws," Miss Alice Lakey, chairman of the food investigation committee of the National Consumers' League; "Uniform Laws," J. Q. Emery, State dairy and food commissioner of Wisconsin; "Some Agreed Principles upon which to Base Uniformity," J. B. Noble, State dairy and food commissioner, of Connecticut.

## STEEL TRUST'S NEW PRES.

Corey Arrived From Europe Today and His Resignation Is Forthcoming.

(By special wire to THE ARGUS.)

New York, July 20.—It is asserted today that Alva C. Dinkey, President of the Carnegie Steel Company, has been selected as Corey's successor as president of the U. S. Steel Corporation, with a salary of \$100,000.

Corey arrived this afternoon from Europe, and is expected to resign at the next meeting of the company.

The Farmers' Warehouse, of Goldsboro, N. C., will be open for the sale of leaf tobacco August 1st. Try us with a load and we will send you home happy. Draper & Russell, Props.

It would be awful hard on the bugs and things if nobody kept gardens for them.

## NEW EQUIPMENT.

The Southern Orders Locomotives, Passenger Coaches, Dining and Other Cars.

It is officially announced that the Southern Railway Company will at once purchase fifty new locomotives, seventy-five passenger coaches, four dining cars, six combination mail and baggage cars, six combination passenger and baggage cars and two hundred cabooses.

The general purpose in view in ordering this new equipment is the strengthening of the passenger and freight service of the railway. The new coaches are to be of the most approved modern type. It is the purpose of the company in ordering these coaches not only to supply immediate needs, but, in a measure, to anticipate future needs.

The fifty locomotives will be of the lighter type and for service on lines not now requiring the heavy type of engine now in use on some of the main lines.

The 200 new caboose cars are necessary to supply a need which has grown out of the rapid increase in freight train service—the cabooses now in service not being sufficient in number to properly equip freight trains.

## REFLECTIONS OF A BACHELOR.

Probably the Best Way to Remedy the Nuisance Would Be To Commence With the Parents.

"That's what makes me remain a bachelor," said a man seated at a table in a popular restaurant. "That youngster has kept these two women and the man busy attending to his wants, and the little chatter-box has been running the whole conversation to suit herself."

"It would be a proverb that 'little boys should be seen, not heard,' but now the little boy is seen, heard and felt and always to the annoyance of everyone but his proud parents. There's nothing in the world I like better than a well behaved child, but that species is fast disappearing and in its stead we find the precocious little imp aged 4 or 5, the terror of visitors."

"Much as I detest such children, I cannot forget that it is not altogether their fault. They have never been taught better, they have never been allowed to grow up without a vestige of parental control; ill-reared, ill-mannered and willful to the last degree. Parents seem to forget that their children are reflections of themselves, with this difference that the parents are able to hide their bad manners in public but the children are sure to show theirs. Probably the best way to remedy the nuisance would be to commence with the parents and give them a few lessons in the art of rearing children so that they won't be the bane of life to men like me."

## The United States.

New York Sun.

"When I see the deserted shrines of your forefathers," Count Tolstol is reported as saying to a visitor to whom he predicted the downfall of the United States, "I think it will come more swiftly than the fall of Rome."

Perhaps it is unnecessary to point out to Count Tolstol that one great difference between Rome before its fall and the United States of today is that Rome had been cursed with several crazy Caesars, notably Caligula and Nero, together with an ignorant and violent populace. This combination accelerated the destruction of the empire.

In the case of the United States the populace consists of some ninety millions of sovereigns, mostly sane, mostly right sooner or later in their political judgments, and representing the highest average the world ever knew of conservative thought, intellectual energy and patriotic obedience to law.

## TWENTY KILLED TO-DAY.

Many Excursionists In Railroad Collision In Michigan.

(Special to THE ARGUS.)

Detroit, July 20.—A collision to-day between an excursion train from Iona and a freight near Salem, Michigan, caused the instant death of more than twenty persons and injured over one hundred others, some of them fatally.

## A HOME MADE HAPPY.

Freedom For The Famous  
William January To-morrow.

On His Release From Prison To-morrow "Anderson" Will be Greeted by His Wife and Three-year-old Daughter.

Special to the ARGUS.

Leavenworth, Kansas, July 18.—John William January, the modern "Jean Valjean," whose arrest and return to prison last spring attracted attention throughout the country, is to be given his freedom tomorrow, in accordance with the terms of the pardon granted by President Roosevelt on the advice of Attorney-General Bonaparte.

It was in 1895 that January was convicted of robbing a building at Stillwater, Okla., that contained a post-office. He was sentenced to five years in the federal penitentiary at Fort Leavenworth, from which institution he escaped after serving three years. After working through Kansas first as a quarryman and then as a traveling salesman, he went to Kansas City, changed his name to Charles H. Anderson, and married. He engaged in several kinds of business, finally becoming proprietor of a restaurant, and was well respected.

On April 20 last he was rearrested through information furnished by a former convict who had known him in prison. On the day Anderson was returned to prison a movement was begun by the Kansas City newspapers to secure his pardon. Three days later petitions bearing 20,000 names were forwarded to President Roosevelt. Within another two days a second batch of petitions was sent to Washington, bringing the total number of signers to 40,000. Many prominent persons were among those who recommended a pardon. On the strength of these petitions and the evidence furnished that Anderson had led an honest and upright life after his escape from Prison Attorney General Bonaparte recommended to the President that the sentence be commuted to three months from the date of the rearrest and that he be pardoned at the end of that time.

On his release from prison tomorrow "Anderson" will be greeted by his wife and three-year-old daughter.

He has already announced his intention to return to Kansas City and engage in business.

## POPE AT LEO'S TOMB.

Fourth Anniversary of the Great And Good Pontiff's Death.

(By special wire to THE ARGUS.)

Rome, July 20.—Today being the fourth anniversary of the death of Pope Leo XIII, a solemn memorial mass was celebrated at St. Peter's.

The great edifice was filled to overflowing with high dignitaries of the church, foreign diplomats and hundreds of pilgrims and tourists, all of whom were desirous of seeing the Pope and cardinals who officiated at the ceremony.

Pope Pious blessed the catafalque and said a short prayer for Leo XIII.

## THE FEELING AT WASHINGTON

The Hope Is Entertained That All Will End Well.

Special to THE ARGUS.

Washington, July 20.—The feeling in official circles here is that the Department of Justice may be drawn into the clash between the federal and state courts in North Carolina.

The general hope and expectation, however, is that a peaceful way will be devised for the case to be carried up to the Supreme Court of the United States, where the constitutional questions and the whole trouble will be settled according to equity and without infringement of States Rights or violence to vested interests of capital, whether of individuals or corporations.

## BOY AND GIRL CURED OF SORES

Which Broke out on Face and Body—Medical Treatment Did Them No Good—Mother Cured Both Her Little Ones and Now The

WHOLE FAMILY JOINS IN PRAISE OF CUTICURA

"My son's trouble was running sores which first appeared on his face and then broke out all over his body. I had tried doctor after doctor for three months but none helped him. Then I was advised to try Cuticura. My druggist said that he could give me a case that would help him, but I demanded Cuticura Ointment and after using it for a while I was surprised to see an improvement. I treated the sores with Cuticura Ointment on soft bandages after washing with warm water and Cuticura Soap, and gave him the Cuticura Pills. In two weeks he was almost cured, and after the steady use of Cuticura Remedies for two or three months I can now say that I have one of the finest boys in town, and I tell all my neighbors that he owes his health to Cuticura. Later my little daughter was all covered with sores on her face and body. I didn't waste much time or money with doctors, as I had done when my boy was sick, but used the Cuticura Remedies on her, and now my little girl is entirely cured. I send you her photograph to show how she looks after we used Cuticura. I know of several other cures which Cuticura Remedies have effected, including that of our domestic, Miss S., whose face was covered with mosquito bites which she scratched until they became a mass of sores and which she cured in no time with Cuticura Ointment. Our whole family joins in sending their thanks and praise for all that Cuticura Remedies have done for us. Mrs. Rose Floss, 1206 W. Madison St., Chicago, Ill., Nov. 3 and Dec. 3, 1906, and Jan. 24, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c), to Cleanse the Skin, Cuticura Ointment (50c), to Heal the Skin, and Cuticura Tablets (50c), in the form of Chocolate Coated Pills, per trial of 50c to Purify the Blood.
