THE FINE IMPOSED.

It is as Anticipated--the Heaviest on Record.

Standard Oil Company Required to Pay Twenty-Nine Millions Two Hundred and Forty Thousand and Dollars.

Special to THE ARGUS.

Chicago, Aug. 3.—Judge Landis today assessed a fine of twenty-nine million two hundred and forty thousand dollars against the Standard Oil Company, of Indiana, convicted in his court of accepting rebates from railroads.

A surprise in court came when Judge Landis ordered the drawing of a grand jury for the purpose of criminally indicting those connected with the Oil Trust as brought out by the evidence on the recent trail.

An appeal to the Supreme Court of the United States will follow the judgment of today, and there is much speculation as to what opinion the Supreme Court will hand down, as the fine is fully one third of the capital stock of the Oil Company and may be considered so excessive by the court of last resort as to be confiscatory, which is prohibited by the constitution.

KNIGHTS OF COLUMBUS AT JAMESTOWN.

Next Thursday Has Been Specially Designated as Knights of Columbus and Cardinal Day.

(Special wire to the ARGUS.)

Chicago, Ill., Aug. 3.—A large party of Knights of Columbus from Chicago and the Northwest left this city today for Washington, en route to the Jamestown Exposition, where the national convention of the order is to meet next week.

The party will sail from Washington tomorrow morning by steamer for Norfolk, stopping at Mt. Vernon and Old Point Comfort on the way. Mass will be celebrated on the boat tomorrow morning by special permission of Cardinal Gibbons. Next Thursday has been specially designated by the management of the Jamestown Exposition as Knights of Columbus and Cardinal Day. On that occasion Cardinal Gibbons will be the guest of honor.

FOREIGN THUGS RAMPANT.

New York Seems to Be Seething With Their Nefarious Outrages.

(By special wire to THE ARGUS.)

New York, Aug. 3.—The startling acts of the stranglers here are becoming simply astounding.

The most sensational and diabolical case yet perpetrated was revealed today when Frieda Tieub, eighteen years old, was found strangled with a "Jack the ripper" rope, in a vacant house next to her home.

Life was not entirely extinct, however, and the girl was revived. Her brother saved her by leaping into a window from a fire escape.

She tells a fearful story, and four arrests have been made today on the strength of it.

Seven more attempts to outrage girls by foreign thugs, and an attempt to lynch one of them, were features of today in the city.

Items of General Interest Gleaned From State Papers.

Newbern Journal.—Dr. Stewart and sister, Miss Lula Stewart, of Washington, D. C., passed through the city last evening going to Straits where they have been called to the bed side of their sick mother.

Newbern Sun.—From current rumors around the city there is prospects of a syndicate organizing a company for the purpose of establishing a fertilizer factory on the north side of James City, opposite the city of Newbern.

Wilmington Star.—The laying of heavier rails on the Wilmington and Weldon between this city and Goldsboro has been completed by the State convicts, and trains are now brought in all the way from Goldsboro on the 70-pound rail. This is a great improvement and is noticeable by the traveling public.

Kenansville News.—The public roads of the county are not being worked even as much as the law says they must be. The magistrates and overseers should get together and put more work on the roads. We fail to see how farmers will allow the roads to be neglected. Public roads of the right kind will always improve a people.

Greenville Reflector.—Mrs. M. A. Ricks, who three weeks ago was carried to the hospital in Washington, died this morning at 10 o'clock. Mrs. Ricks was for many years a resident of Greenville and had many friends here. She also made her home in Washington for some time, and the burial will take place in that town Thursday.

Greensboro News.—Prof. R. Blinn Owen has signified his willingness to train a company of young women of the city for an open air theatrical performance to be given at Fisher Park, the proceeds to be used by the Civic League in its work of improving and beautifying the city. The entertainment will be given some time in September.

Mt. Olive Tribune.—Mr. George W. Williams returned to Mt. Olive last week from Snow Hill, Greene county. He says that that section of the State is developing very fast. The county has been held back for lack of railroad facilities, but now three railroads are being run through the county, one of which will go to Snow Hill. Mr. Williams reports the tobacco around Snow Hill, the best in many years.

Raleigh News and Observer.—Mr. T. M. Arrington, accompanied by his nieces, Misses Mary and Mattie Arrington, left yesterday for Rocky Mount to attend the funeral of his nephew, Mr. A. A. Thorpe, who died yesterday morning about 6:30 o'clock after an illness of several weeks. The funeral will take place today. Mr. Thorpe was a son of Mayor W. L. Thorpe, of Rocky Mount, was 32 years of age and unmarried.

OKLAHOMA REPUBLICANS TO MEET.

Many Delegates and a Large Number of Other Visitors Have Already Arrived.

From Present Indications the Larger and More Influential Element of the Party Believe that the Adoption of the Constitution is Inevitable and that the Republicans Should Prepare to Make the Best of the Situation.

Special to THE ARGUS.

Tulsa, I. T., July 31.—A majority of the 1,600 delegates and a large number of other visitors have already arrived here in anticipation of the first Republican convention in the State of Oklahoma. The convention will be called to order at 10 o'clock tomorrow morning by J. L. Hamon, chairman of the state committee. The work of the convention, in the language of the official call, will be to decide what will be the policy of the Republican party relative to the rejection or adoption of the proposed constitution; to make a declaration of party principles; to elect a state committee and a chairman of the state central committee, and to nominate candidates for state officers, should the convention decide to make such nominations.

Talks among the delegates already on the scene show that there is still a considerable difference of opinion as to the wiser course for the party to pursue. Some are still outspoken in favor of the convention refusing to nominate a state ticket and preparing to fight the adoption of the constitution to the last ditch. Those in favor of following this course, however, are apparently not nearly so numerous as they were a month ago, before the Constitutional convention had reassembled and made changes in the document to meet the objections of a considerable element of the population.

From present indications the larger and more influential element of the party believe that the adoption of the constitution is inevitable and that the Republicans should prepare to make the best of the situation by naming a state ticket and otherwise placing itself in a position to put up a good fight at the first election. Those in favor of this course are led by Governor Frantz and if a state ticket is named Governor Frantz will in all probability head the ticket as candidate for first Governor of the new State. Governor Frantz is looked upon as the representative of the Roosevelt Administration in Oklahoma politics. He controls the federal patronage, and through him the President recently brought about a truce between the warring political factions of the territory.

Annual Reunion and Picnic of Confederate Veterans.

Notice is hereby given that the annual reunion and basket picnic of Thomas Ruffin Camp, Confederate Veterans, will be held jointly with the United Daughters of the Confederacy, at Oak Bend, near Mr. Haywood Ham's three miles northeast of Goldsboro, on the second Thursday in August, it being the 8th day.

All friends of the Veterans are cordially invited to attend and we hope to have the largest crowd ever in attendance at a picnic in Wayne county. As this is a basket picnic it is expected of everyone to bring a full basket, as that is the only way provided to feed the crowd present. Every Veteran in the county is urged to be present, as at this meeting an election of officers for the ensuing year will take place. The Daughters of the Confederacy will be present on the occasion and will present the cross of honor to those Veterans who have applied for them.

Let all friends of Veterans attend, but do not forget that it is a basket picnic and they will be expected to bring full baskets.

A. B. HOLLOWELL, Adgt.
Thomas Ruffin Camp.

A Sustaining Diet.

These are the enervating days, when as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

GLENN GIVEN

WARNING.

Washington Star Sounds a Timely Note.

It is Said That Politicians Are Seeking to Cajole Him into Indiscreet Utterances.

(By special wire to THE ARGUS.)

Raleigh, N. C., July 31.—Governor Glenn's friends here do not think he will allow the politicians to tempt him into indulging in verbal performances that will place him in a bad light with the people of the country, with whom, irrespective of politics, he has, almost in a day, achieved an enviable reputation as a clear-headed and business-like Governor of all the people. But that he is being besought in that direction there is no doubt.

He has been invited to visit Brooklyn a month hence, and this has already been referred to as the first effort on the part of the politicians to cajole and use him.

Governor Glenn's friends here today read with great interest a timely editorial in the Evening Star of Washington, warning the Governor against the machinations of the politicians, especially while the railway cases are yet in court to be adjudicated.

Gov. Glenn in conversation with your correspondent this afternoon stated for the first time, that he had not had sufficient time to seriously consider the matter of his name being presented to the Democratic national convention; that the freight rate fight now coming on, and other matters of State, are claiming his attention, but he would say, that he did not think the time is fully ripe for the nomination of a Southern man for president. However, if the convention should think it wise to choose a candidate from the South there are a number who could be selected, able and more available than he.

Still, the Governor left the impression that his mind has not been definitely made up to forbid the use of his name, and he may have something more to say later.

DRIVE IN!!

GOLDSBORO'S TOBACCO MARKET OPENED IN FINE SHAPE TODAY.

Both Warehouses Had Big Breaks, and the Prices Paid Were Highly Satisfactory to the Farmers.

WE'VE GOT THE BEST MARKET IN THE EAST.

Fully one hundred and fifty thousand pounds of tobacco encumbered the spacious floors of our two saleswarehouses for today's opening of the Goldsboro Market for the season.

Of course the quality of the weed was by no means the best—first curings never are, and therefore the fine prices realized in the sales were the more gratifying to the farmers. Not a single tag was "turned" in today's sales, which is most remarkable; and is as encouraging as it is unusual.

Some piles sold for 15 1-2; but the general average was about 8 1-2; with scrap selling at an average of 3 1-2.

At the Planters' Warehouse one pile of Mr. S. H. Pate's sold for \$21.50 per hundred, and his other piles, of which there were several averaged \$13. This was the best sale of the day.

A full corps of buyers are on hand, and the Goldsboro market is now ready to give the farmers the very best price to be realized anywhere in Eastern North Carolina.
